The Pastor hopes that Mr. Sunday will yet realize that no one can long maintain a moral standard higher than that which he attributes to Godt. The injustice and persecution of centuries is justly attributable to false doctrines representing God as a demon who unjustly and unlovingly created our race with the intention that nine hundred and ninety-nine out of every thousand should endure an eternity of torture. Of this as a Gospel the Pastor has been assigned for forey-four years. A better been ashaned for forty-four years. A better understanding of the Bible has led him since

to preach.

CANADIAN TRADE DECLINE SMALL

Decrease for Year Was Less Than Had Been Anticipated.

IMPORTS LESSENED

Drop in Purchases From Britain Was Most Disturbing Feature.

the trade of Canada for the year 1914, issued yesterday, shows much less of a falling off than had been feared. Indeed, the figures are regarded as highly satisfactory. The aggregate trade for the year amounted to \$1,062,118.173, as compared with \$1,147,653,243 in 1912 and \$1.023.641,142 in 1912. The figures are \$240,000,000 greater than in 1911.

The falling off in imports was greater than in exports. The imports for 1914 were \$614,183,894, while in 1913 they were \$673,239,579, but the 1914 figures are still largely in advance of the 1911 imports, which were \$524.550,792. By far the chief decrease was in the imports from Great Britain, the decrease from last year being \$41,000,000, while the imports from the United States remained just about the same.

Big imports From United States.

Canada bought from the United States \$400,857,500 worth of goods and from Great Britain only 98,628,539 worth. Yet Great Britain, until this war year has always been the best customer Canada has had in 1914 Great Britain purchased from Canada goods to the value of \$184,224,283, or about \$40,000,000 less than the year before. The purchases from the United States amounted to \$203,763,630, or about \$30,000,000 more than in 1914 more \$440,857,540, as compared with \$474,418,664 in 1913 and \$303,763,—
