CANADIAN SAVINGS AND LOAN COMPANY

Twenty-Fourth Annual Report Most Encouraging.

At a meeting of the shareholders of the Canadian Savings and Loan Company, held Wednesday afternoon at the company's office, the following shareholders were present: Messrs. Robert Fox, J. W. Jones, Oswald Baynes, John Christie, James T. Moses, H. C. Becker, W. H. McWhinney, A. Greenlees, R. Lewis and A. B. Robert Fox, having taken the chair, the manager, Mr. A. H. Rowland, acting as secretary, the following report and balance sheet was read:

"The change in the ending of the company's financial year, decided upon at the last annual meeting, has necessitated including the business of seven months in the present statement. The net profits for that period amounted to \$33,760.09, and after payment of all expenses of management, a dividend at the rate of 6 per cent on the annual income of \$1,100,000, has been paid, \$5,000 has been added to the reserve fund, and the balance, \$1,595.59, carried forward.

"The reserve fund now amounts to \$225,000, and equals 30 per cent of the paid-up capital of the company. "In pursuance of the policy determined upon some time since, and outlined at our last annual meeting, of doing away with the contingent fund, and for the future meeting the losses of each financial year out of the profits of that year, your directors have, with the money at the credit of that fund, liquidated all ascertained losses, and have written down the assets of the company in every case where there could be any question as to the sufficiency of the company's security for the same. The amount of the fund proved to be more than sufficient for this purpose, and a balance of \$2,334.92 has been carried forward and added to the amount at the credit of profit and loss account.

"Your directors have succeeded in keeping the funds of the company monthly employed, and they are glad to be able to state that the real estate held by the company, other than its office premises, consists of three small properties, which aggregate in value \$2,800. Another gratifying feature of the business for the period of the report is that notwithstanding that lower rates of interest are being paid upon the company's debentures, the debenture issue has been increased by \$30,000.

"The books and vouchers of the company have been audited by the usual monthly audit, and the auditors' certificate will be found appended. "All of which is respectfully submitted, ROBERT FOX, "President."

The financial standing of the company is of a high order, as will be seen from the following statement for the seven months ending Dec. 31, 1935:

M. H. ROWLAND, Manager.

We hereby certify that we have audited the accounts of the Canadian Savings and Loan Company of London, Canada, for the seven months ending Dec. 31, 1935, and find the same correct and in accordance with the statement above set forth. We have carefully examined the vouchers and bank accounts monthly, and have checked all the entries in the company's ledgers. We have also examined the securities of the company and find them in order.

THOS. A. BROWNE, Auditor.

The following were chosen as directors for the year 1936: Messrs. Robert Fox, John Christie, Robert Lewis, John W. Jones and A. B. Cox.

At a subsequent meeting of the directors, Mr. Robert Fox was re-elected president, and Robert Lewis and John Christie vice-presidents.

MIDDLESEX

Dr. and Mrs. Meldrum, of Belmont, and their son, Norman, attended the wedding at Bethel manse, proof line, London township, on Thursday, of Miss Mary Little to R. McBeth Carmichael, of Russell, Manitoba. The bride is the daughter of the Rev. James Little, of London township, and sister of Mrs. Meldrum, and until recently resided in Belmont.

Dear Sirs—I was for seven years a sufferer from Bronchitis, and would be so hoarse at times that I could scarcely speak above a whisper. I got no relief from anything till I tried your MINARD'S HONEY BALM. Two bottles gave relief and six bottles made a complete cure. I would highly recommend it to any one suffering from throat or lung trouble. S. F. VANBUSKIRK, Fredericton.

MOWED DOWN LIKE GRASS!

Fearful Slaughter of Filipinos at Calococan.

Men Torn to Shreds by the Fire From the Warships.

Natives Were Courageous, But They Underrated the Americans.

Manila, Feb. 11.—The American forces at 3:05 yesterday afternoon made a combined attack upon Calococan and reduced it in short order. At a signal from the tower of the Delalome Church the double-turreted monitor Monadnock opened fire from the bay with the big guns of her forward turret on the earthworks with great effect. Soon afterwards the Utah battery bombarded the place from the land side. The rebels reserved their fire until the bombardment ceased, when they fired a volley of musketry as the Montana regiment advanced on the extreme left, with the third artillery deploying to the right, charged across the open and carried the earthworks, charging under a heavy fire, supported by the artillery at the church, driving the enemy, fighting every foot, right into the townline. They penetrated to the Presidential and lowered the Filipino flag at 5:30 p.m. The sharpshooters in the jungle on the right fired at long range on the Pennsylvania regiment, but the rebels were soon silenced by shrapnell shells, and the Pennsylvania remained in the trenches. As the Americans advanced they burned the native huts. The rebels were mowed down like grass, but the American loss was light.

FROM OTIS.

Washington, Dec. 11.—The following dispatch from Gen. Otis has been received at the war department: "Adjutant-General—Insurgents collected considerable forces between Manila and Calococan, where Aguinaldo is reported to be, and threatened attack and uprising in the city. This afternoon swung left of McArthur's division, which is north of Pasig River, into Calococan, where the enemy easy. Our left is now at Calococan. Our attack proceeded by half hour's firing from two of Admiral Dewey's vessels. Up to the closing hours Gen. Otis sent no dispatches indicating any further collision with the insurgents.

FEARFUL SLAUGHTER.

The following account of the manner in which the Filipinos were slaughtered was given in a special cablegram, which appeared in the New York Sun: There is no denying the fact that the Filipinos will stand fire. The ground on every direction bore evidence of this. On all sides were lying dead natives, their bodies, in some instances, being full of bullet holes. A majority of the dead were lying with their heads towards the line of the American advance, showing that they had fallen fighting desperately.

WORK OF THE FLEET.

To the north and south of the city, where the shells of the Charleston, Calococan and Monadnock reached the flanks of the Filipinos, the slaughter was sickening. I saw a number of bodies which had been literally torn to shreds by the fire from the warships. On some places the shells had torn great holes in the earth, and around these were scattered dead bodies.

On all sides the scene was one of terrible desolation, and when on Saturday had been a smiling landscape was now marked and pitted by the ravages of war. I went to Santa Mesa, San Juan del Monte, Santa Ana, San Pedro Macati, Loma and other places from which the troops had driven the enemy, and the scene in and around each was identical. The great number of the dead showed that the little natives were not lacking in courage, but no courage could have withstood the terrible scourge that fell upon the Filipinos as the Americans approached their positions.

In the district between Tonda and Malabon, to the north of the city, great slaughter was done by the gunboat Callao, Lieut. Benjamin Tappan, which Admiral Dewey captured from the Spaniards. She duplicated her performance of August 13, when she covered the advance on Manila. Then she steamed close to the breakers and moved along the shore as the troops advanced, pouring a deadly fire into the Spaniards.

AWFUL EXECUTION.

On Sunday she again ran close in to the beach, and getting the range of the enemy, she began to spit fire from her big guns. Then manuevering, she brought her starboard battery to bear, and the rattle and din were terrific. These manuevers were repeated until she was ordered to cease firing.

The Concord's six-inch and the Charleston's eight-inch guns did awful execution. Gen. Otis' brigade had driven the body of the enemy from their positions, and the Filipino ranks at top speed for the beach, a disorganized and panic-stricken mob. When they reached the shore they were met by the devastating fire from the warships, and mowed down scores upon scores.

The sight was a sickening one, but this was war.

The enemy were totally unprepared for the vigorous punishment that was administered to them, and from which they will require a long time to recover. The moral effect of the drubbing given to them will be great.

The Filipinos apparently thought they could massacre the Americans in a night attack, as they easily and frequently did the Spanish troops sent against them, making the fatal error of not weighing the difference between the morals and discipline of the American and Spanish troops. This difference resulted in thousands of them losing their lives in a hopeless cause.

Aguinaldo, so far as can be ascertained, did not risk his precious skin with his troops, and is still able and willing to make further trouble.

HER CLOTHES CAUGHT FIRE

Mrs. Daniel O'Hearn Probably Fatally Burned—Her Husband Also Injured.

Mrs. Daniel O'Hearn, of 246 Richmond street, was terribly burned at about 11 o'clock this morning, and her injuries may result fatally, as the unfortunate woman is advanced in years.

Mrs. O'Hearn was sitting beside the stove, when in some manner her clothing became ignited, and before help could be summoned she was terribly burned about the face, neck and arms.

Mr. O'Hearn was attracted by his wife's cries, and was badly burned about the hands and arms while trying to put out the burning clothing. A physician was hurriedly summoned and attended to their injuries. Mrs. O'Hearn's recovery is doubtful, as she is thought to have inhaled a quantity of smoke and fire. The fire brigade were summoned, but their services were not required. The damage to the building was slight.

SCOTTISH RITE MASONS

Annual Reunion of London Lodge of Perfection a Decided Success.

The annual reunion of London Lodge of Perfection, 14 degrees, Ancient and Accepted Scottish Rite Masons, was held in their rooms at the temple yesterday, and notwithstanding the cold weather, was largely attended. At the close of the proceedings an adjournment was made to the banquet hall, where a jovial time was spent, Thrice Puissant G. M. A. G. McWhinney presiding.

YOU NEED IT

If You Would Avoid the Troubles and Dangers That Stomach Derangements Bring On.

Paine's Celery Compound Banishes Every Difficulty and Restores Perfect Health.

Stomach troubles are exceedingly common and varied in character. Ordinary thousands complain of stomach derangements. Stomach difficulties are usually manifested by poor appetite, foul tongue and breath, putrid or bitter taste in the mouth, a desire for acids; some have headache, sleepy feelings, constipation, inactive bowels, and vomiting of food and bile.

Victims of stomach troubles manifest low spirits, despondent mind, and have fears of impending danger. It matters not what the symptoms are; any of them indicate low nerve force, and point to the fact that the digestive system is out of gear and the blood in an unhealthy condition.

In order to avoid the many dangers of indigestion, dyspepsia, and general stomach derangements, Paine's Celery Compound should be used when any of the many unpleasant symptoms that lead to trouble are experienced. A few doses of nature's health restorer will quickly set the digestive machinery of the body in perfect running order, and good health will be maintained.

If it be that you have long neglected the troubles that have become deep seated and chronic, do not despair. The faithful use of Paine's Celery Compound for a few weeks will, without fail, banish all your sufferings; your appetite will become natural, your rest and sleep will be refreshing, and your food will enrich your blood, making bone and muscle, and your health will be as rugged as ever before.

JAPS WORSTED.

Advices from the Orient state that the Chinese rebels in Formosa are gaining strength and that many cities are being looted. About the middle of January a battle occurred between the Chinese insurgents and the Japanese troops at Taipei. Hundreds were cut down, and when the Japanese were finally beaten back they left between 300 and 400 dead on the field. The rebels' loss did not reach 100. Advancing after their victory, they captured Tzu Lan. The inhabitants were terrorized, and there was a rush to Amoy for safety.

CHECK THAT COLD AT ONCE

Every precaution should be taken to check a cold before it assumes the form of Grip or endangers the air passages. As I have often stated, I consider a cold the most dangerous of all ailments. It is the parent of more than four-fifths of inflammatory diseases. My advice is, check a cold at once. Don't let it get two or three days the start of you. If I could hand you the names of the thousands of people who have been saved from long spells of sickness by the use of my Cold and Grip Cure, I doubt if there would be a family in this city that would be without this remedy. These little sugar pellets check discharges of the Nose and Eyes, stop sneezing, promptly relieve the Throat and Lungs, allay Inflammation and Fever, and tone up the system. They cure Backaches, Headaches and Dizziness accompanying the symptoms of Grip, produce sleep and restore strength to the body. They are invaluable in all forms of Influenza or obstinate colds.
