# RED PEPPER BREAKS UP JEWISH FACTION FIGHT

Continued From Page 1.

a martyr to the cause of law and order  
preaching at a meeting in a Jewish  
synagogue on a Christian Sabbath  
morning.

He kept the meeting orderly enough,  
but he couldn't make them understand  
what he meant when he asked  
whether they'd take a standing vote  
or mark ballots. They couldn't even  
make out what "scrutinizers" meant.

The meeting was declared open and  
a multitude rushed at the speaker's  
desk. Then Rothstein asked Inspector  
Cuddy to weed out the "sheep from the  
goats."

Three Pepper on Stage.  
The wedding never happened, for at  
this juncture somebody threw a pa-  
per of red pepper at the speaker.

Such a din of coughs, sneezes  
and wheezes never was heard.  
Whiskers popped up and down  
and heads were bobbed off. The  
door wasn't wide enough to take  
the tide, so they took the windows for  
it. St. Crow and Policemen Black,  
Montgomery and Anderson sought the  
fresh air by the latter route, leaping  
thru a little opening at the back of the  
platform like trained baby elephants.

Lawyer Stuck in Window.  
Lawyer W. J. McWhinney got stuck  
half way in one of the side windows  
and coughed and sneezed till the tears  
streamed down both sides of his face.

Director McKinnon and Inspector  
Cuddy got thru the door and after they  
had recaptured their breath, proceeded  
to help the cumbersome bewildered  
Hebrews thru the opening by the  
suits of their necks.

McKinnon remarked that somebody  
must have been smoking rank tobacco  
and was answered: "No, a-a-a-cho-  
f-is-ka-a-medicine!"

There was no election.  
Cut Out Elections.  
Upon the persuasion of Inspector  
Cuddy, Messrs. Louis Rothstein and  
Louis Rottenberg agreed to leave the  
disputed presidency to a board of ar-  
bitration composed of S. and G. Gar-  
finkel for the former and G. Swartz  
and Rottenberg for the latter.

In higher Jewish circles it is said  
that the House of Jacob will not likely  
exist long.

It is composed entirely of members  
of the McCaul-street and University-  
avenue Synagogues. Tho once a rabbi,  
Mr. Rottenberg is not really considered  
in the light of one now, having  
amassed considerable money in the rag  
business, which he is still continuing.

He has, however, been ministering to  
the Elm-street parish since its inaugu-  
ration, and the cause of the trouble is  
said to be the unwillingness of certain  
parishes to give him full control of the  
house.

Mr. Rothstein is also a rag dealer of  
considerable influence. Both employ a  
great many collectors and the entire  
congregation is said to consist of the  
agents of these two men, hence the  
bitterness of the factions.

Two Minico Boys Escape.  
Two youths, each aged 16 years, es-  
caped from the Victoria Industrial  
School, Mimico, at 3.30 yesterday morn-  
ing, and the local police are looking  
for them. They are Albert Jordan,  
whose parents live at 362 Spadina-  
avenue, and — Ailles, with parents  
at 111 Nassau-street.

P. O. Clerk Arrested.  
NORTH BAY, Dec. 27.—(Special.)—  
Edgar Cahill, aged 29, who has been  
employed in the postoffice at Elk City,  
is under arrest charged with forgery  
of a postoffice order for \$30 in favor  
of W. Black of Cobalt. The order was  
endorsed and cashed.

Cahill is also accused of theft of a  
letter containing money.  
He was released on bail of \$1000 to  
appear Jan. 5 for preliminary trial. T.  
W. McGarry, M.L.A., is defending Cahill.

# 200,000 LABOR MEN

TO PROTEST TO NATION

Will Discourage Movement to Ask  
Pardon for Gompers, Mitchell  
and Morrison.

NEW YORK, Dec. 27.—Planning a  
demonstration of 200,000 labor men next  
Sunday, in protest against jail sen-  
tences imposed upon Samuel Gompers,  
John Mitchell and Frank Morrison, the  
Central Federated Union to-day ap-  
pointed a committee of 30 to make ar-  
rangements and adopted resolutions in  
this connection, of which a copy was  
sent to President Roosevelt.

The executive committee announced  
it had sent a telegram to defendants,  
assuring them that every legal means  
would be utilized to prevent their im-  
prisonment. Herman Robinson, general  
organizer of the Federated Union, of-  
fered resolutions which were adopted  
denouncing the writ of injunction as  
contrary to American constitutional  
rights.

It was also decided that action by  
any labor union looking for pardon for  
the men sentenced should be discour-  
aged, the Federated Union taking the  
position that no crime had been com-  
mitted and it would not be proper to  
ask pardon.

# KING RECOVERED.

LONDON, Dec. 27.—The first snow-  
fall of the season has covered Eng-  
land and Wales to the depth of sev-  
eral inches.

The King, who apparently has com-  
pletely recovered his health, was out  
shooting on Saturday. He discarded  
all extra wraps to-day, going to church,  
altho it was cold.

# Body Thrown on Track.

VANCOUVER, Dec. 27.—(Special.)—  
During a row with drunken compan-  
ions, Odlin Lee of Wharfedale was  
murdered. Standing by the track side  
he was hit over the head with a bottle.  
He was believed to have been thrown  
him across the track, and the  
incoming train from Seattle ran over him.

# WORLD'S END DIDN'T COME PROPHET DISAPPEARED

Followers Climbed Mountain to  
Watch Passing Which Didn't  
Materialize.

NYACK, N.Y., Dec. 27.—The end of  
the world did not come to-day as Lee  
J. Spangler, a local prophet, had pre-  
dicted it would, but the prophet him-  
self disappeared at 4 o'clock this morn-  
ing and since then has not been seen.

Spangler, it is said, cautioned all the  
"saints" of his sect to be watchful for  
the great event; for to-day surely  
would see the end of the world. There-  
fore a crowd of women followers,  
dressed in white, went to Oakhill  
Cemetery this morning to await the  
event. The superintendent of the  
ground drove them out.

Scores of students of Spangler  
climbed South Mountain as the pro-  
phet had promised to meet them, say-  
ing that together they could view the  
passing away of old mother earth; but  
as the hours passed and the predicted  
phenomenon did not materialize and  
Spangler himself did not appear, they  
plodded their way down the mountain-  
side, many of them in apparent dis-  
tress.

# LONGBOAT WEDS TO-DAY SO SAYS T. FLANAGAN

Rev. Mr. Creegan Expected to  
Arrive From Deseronto  
This Morning.

Despite reports to the contrary it ap-  
pears highly probable that Tom Long-  
boat and his fiancée, Lauretta Mar-  
cie, the Mohawk maiden, will be united  
in matrimony to-day. The ceremony  
is to take place in one of the Anglican  
churches of the city, but just where  
and when is not announced.

Most of them were favored with the  
reception of the Indian Reserve at  
Deseronto, will officiate.

It had been the intention to have  
the ceremony performed at the plat-  
form immediately after the concert at  
Massey Hall to-night. Objections were  
raised, however, by Rev. Mr. Creegan,  
who is to officiate, and it is expected he  
will arrive in Toronto about 7.30 a.m.  
and on his arrival in the city the  
church and time of marriage will be  
decided upon.

# ARMY OF PACIFICATION QUITS CUBA THIS WEEK

Departure Marks Complete Estab-  
lishment of Independence  
for Pearl of Antilles.

HAVANA, Dec. 27.—New Year's Day  
will witness the beginning of the evo-  
lution of Cuba by the army of pacifica-  
tion, which has been in possession of  
the island since the beginning of the  
provisional government, October, 1906.

The embarkation of the troops will  
be effected with as little ceremony as  
possible and it is probable that their  
departure will be attended with as lit-  
tle notice as marked their landing.

The purpose in deferring the depart-  
ure of a portion of the seventeenth  
infantry unit, April 1, has been the  
subject of considerable speculation, but  
it is believed that this was agreed up-  
on at a conference between Governor  
Mason and President-elect Gomez. It  
is not thought to be a measure of pre-  
caution, for which not the slightest  
necessity is apparent, but it probably  
is for the purpose of keeping the bar-  
acks and quarters in good order until  
it is possible to turn over to the Cuban  
authorities a model camp.

Cubans, with the exception of a few  
who profess to fear that disorder will  
follow the evacuation of the island, are  
greatly pleased at the departure  
of the troops. They are given Christmas Eve,  
when the mayor of Manzanillo, the city  
authorities and hundreds of citizens  
escorted a battalion of marines to the  
steamer sailing for Havana, and cheer-  
ed the departing troops.

# NIAGARA POWER

Continued From Page 1.

Day demonstration this year and made  
a splendid success of it, wiping out  
the former deficit.

Virtue is its own reward, for im-  
mediately afterwards Mr. Robinson was  
told that his services were no longer  
required by his employers, no reason  
being vouchsafed. Fellow workers in  
the shop testified that there was only  
one reason for this, and that was a  
laborer's strike.

The issue seems to be joined there-  
fore in this case, and the laborer's  
strike is a working man's war, and no  
doubt is entertained of his election.  
He comes out on an independent ticket  
and will receive many votes outside  
labor ranks for his support of the Ni-  
agara power policy and other popular  
questions.

"My opinion," he says, "is that Ni-  
agara power is a favor for the work-  
ing man. It will get him cheaper light."  
In Galt we have 23 mills taxes on  
the former, but in Galt we have 14 mills  
Galt with her own power would get  
light very much cheaper, and we can't  
afford to throw away any advantages.

# Figures Are All Right.

The Cataract power interests have  
endeavored to cultivate the seed of  
doubt with respect to the good faith  
and intelligence of the government en-  
gineers. That the figures and estimates  
have been verified and checked four  
times over is made little of by the  
Cataract people, who never check their  
own figures at all, if their Brantford  
calculations are to be regarded as a  
criterion. Nor can it be forgotten that  
when the city has its own power, it  
can be made to fall, the dearly-sought  
claim of the Cataract corporation, con-  
sideration being given to the fact that  
petition made favorable rates general.  
If the Hydro-Electric Power scheme  
could be made to fall, the dearly-sought  
claim of the Cataract corporation, con-  
sideration being given to the fact that  
petition made favorable rates general.

York's 500 and more moving picture  
exhibition places were to-day in full
