Seats are on sale today at the Princess Theatre for "The Better 'Ole," which is to be the attraction at the Princess Theatre next week. Toronto is one of the few cities embraced in Mr. and Mrs. Coburn's tour of "The Better 'Ole," with the original New York company and production, and playgoers are already indicating their appreciation by making their reservations for the privilege of seeing an attraction with the unusual record of yover a year on Broadway. The unusual phase is the fast that Mr. and Mrs. Coburn will bring every last member of the company, including Charles MacNaughton and Colin Campbell, who opened with them at the Greenwich Village Theatre, New York, on the night of October 19, 1918, and awakened the next morning to find themselves famous and in possession of the best piece of theatrical property of the past decade. "In regard to my condition, I will say that I suffered from childhood from a very weak back; I had the misfortune of having spinal meningitis when I was one year old and until I was 13 I did not see a well day, but a very kind lady told my mother about Dr. Pierce's Favorite Prescription and she got a bottle to try it. It did me so much good that mother got me 6 bottles. Recently I happened with a car accident and hurt my back badly. My doctor gave me up and said I would not live, but I still stick to Dr. Pierce's Favorite Prescription and to my surprise in three weeks I was out of bed and better.
