TIGERS ARE ONE GOAL UP IN SEASON'S GREATEST BATTLE

Varsity Seniors Give Bengal's Taste of Their Own Checking-Staged a Finish, But Fell One Short of Evening the Score.

Hamilton Tigers, Allan Cup holders, the most rousing battle of the year, and had the battle of their lives stalling off Varsity will be dangerous in every game from here home.

The teams:

Varsity—

Hamilton— The students, without Carson and

Westman, battled the Bengals for the full sixty minutes, and it was the fastest and tightest game of the season. The first twenty minutes provided dazzling

est and tightest game of the season. The first twenty minutes provided dazzling hockey without a score. Each team scored two goals in the second phase of the battle. Varsity tired in the third, Tigers ran in two, and then the Blue and White came again. They backed the snarling Tigers into their own corner, peppered keaume with shots, but Dunne was the oniy one able to get the puck into the net. This made it four to three, and the game ended that way.

An Agreeable Surprise.

A good crowd turned out, but they expected the Bengals to romp away with it. They were agreeably surprised. Varsity waded right in with close checking, spread out across the ice and marked their men nicely. This made bang-up hockey. The Tigers tried every trick in their bag to net the first counter. Boyd was a checking fool, breaking up rush after rush. Reid and Cooper broke like greased lightning, but Varsity hung to their heels, and McIntyre and Ramsay drove them out bravely. It was thrilling and enjoyed by the crowd.

Langtry is a fit candidate to have his portrait hung in the hall of fame with other great O.H.A. goalies. The student guardian was simply marvelous. Time after time the Tigers had all hands beat, right in, and then out came Langtry to take the shot and save the score.

The Varsity team were handicapped without Carson, their clever centre player. Carson was hurt a week ago, and had the injury aggravated in the Montreal game Saturay. He was not able to go on. He would have been in his glory in the final round, with Varsity tearing in thru the Hamilton defence like a lot of madmen. Carson's slippery, work around the net would have been in his glory in the final round, with Varsity tearing in thru the Hamilton defence like a lot of madmen. Carson's slippery, work around the net would have been in his slory in the final round, with Varsity tearing in thru the Hamilton defence like a lot of madmen. Carson's slippery, work around the net would have been in his

work around the net would have just about made the fifty the net would have just about made the difference to win the battle.

Smythe started at centre and made a great fist of it while his breath lasted. The Tigers bumped him around like a rubber ball, but he kept bolbing up for more. His shooting was always on the mark, and he had the range better than any other member of the Varsity squad Loper Gouinicok of Varsity junior fame made his first month of the corner.

Joe Oleson as Star.

Joe Oleson was again a bright star. His checking was the cog of the Varsity defence, and he carried the puck in nice fashion, in addition to fitting into the combination. Peck Wright subbed for Smythe and was very effective. Ramsay and Mointyre were good defensively, with Ramsay strong on the attack. Langtry was the best of the lot.

Boyd was Tigers star. He checked for the full route, packed a wicked shot, and Raid gave Boyd great assistance at the checking, broke tast, and wormed in to worry Langtry. Reise was strong on the rushing, and Smith teamed up nicely with him on the defence.

Varsity's fall-down came in the third period. They lacked the dash they had in the first two rounds, seemed overantious, and overskated the puck time after time when in shooting range. The figers played a steady and brilliant game thruout. They were better at close quarters, and checked in centre ice like men possessed. Varsity's spurt at the finish about drew them up level with the after time when in shooting range. The figers played a steady and brilliant game through the very lick into the contest, and it was the fastest session stages dat the Arena this winter. Varsity defence did great work here, shutting off the Tiger attacks that got away from the forwards. Boyd was Tigers' busiest worker, breaking up rush after Tush by sticking to the puck-carrier and then letting fly with a hard shot of excitement. Tigers op-med up

shot waist high.

Not a goal was scored in the first twenty minutes, but the crowd had plenty of excitement. Tigers opened up rush after rush, but the Varsity checkers hung on gamely and then the defence looked after it when the time arrived. The students also took a hand at the pressing stuff. Smythe just missed the net from a three-man rush.

Hight from the face-off went up the students and Gouinlock was at the goal to score when Smythe slipped the rubler to Wright and the latter shoved it ter to Wright and the latte: shoved it over to Roper. It was neatly done.

Tigers got the tying goal seven minutes later, when Varsity lost their bearings. It was a two-man rush, Reid carrying up the puck and the whole Varsity team checking him and leaving Boyd uncovered at the side. Boyd picked up the pass, and it was an easy matter to coore. Oleson was serving a penalty at score. Oleson was serving a penalty at the time. The period ended without

the time. The period ended without further scoring.

That Finish.

Varsity didn't look so good when the third round opened. They bunched, over-skated the passes and failed to check in the style served up in the first two periods. Tigers were quick to take advantage, and Reise grabbed a goal three minutes after the start. The Tiger defence man broke away from a press, went down the side, drew the defence over and then skated right up to the net over and then skated right up to the net to count. It was a see-saw affair for the next dozen minutes. Again Reise broke away and side-stepped the defence broke away and side-stepped the defence to score Hamilton's fourth and last goal. The students came to life. They rushed up the whole works, battled the Tigers it to their own corner and opened a heavy bombardment on Reaume. Wright slipped one over to Dunne, who beat Reaume cleanly from the side well in. This set the crowd crazy, and Vansity worked like beavers to get the equalizer, but the time was too short. The game ended with them all up in Tigers' territory, but unable to get the goal. It was

The second half of the bill will be a championship senior O.B.A. fixture, between Broadview "Y" and West End "Y." The general belief all over the city is that, with the class of ball the West End team has been playing, they should be at the top of the heap in the league race. The West End players are out to justify this belief, and are going to make things hot for the boys from over the Don when they hook up for the first time this year on Saturday night at nine o'clock.
