TWO CENTS

Premier Drury to Run in Halton—Raney Still Seeks Seat  
Peace Arbiters Disband—Adriatic Question Left Unsolved

DRURY PROMISES  
GUELPH MEMORIAL  
GOVERNMENT GRANT

Addresses Ontario Agricultural Union Annual Meeting.

ADDRESS BY MONTEITH

Guelph, Ont., Jan. 20.—(Special)—Hon. E. C. Drury, premier of Ontario, paid his first visit to Guelph since becoming the head of the government this evening when he delivered an address at the evening session of the annual meeting of the Experimental Union. Being a graduate of the O. A. C. and a former president of the union he was given a very flattering reception from the entire student body of the college, who greeted him with the college yell and continued applause. The chair was occupied by Dr. Creelman, and an audience that completely filled the gymnasium was in attendance.

Premier in Good Form. He expressed the great pleasure it gave him to be present on an occasion of this kind. He had a tender spot in his heart for the O.A.C., and had some idea of what should be to the province of Ontario.  
He intimated, in referring to the inadequacy of the building they were in to accommodate the student body, that the government would assist in the erection of the memorial hall which was to be built at the college in honor of those students and ex-students who fell in the great war.  
Rural People Have Destiny.  
The premier dealt at some length on what to his mind the O.A.C. should stand for and referred to the early days when his father was the first minister of agriculture in Ontario and the opposition which the college met with. He believed its mission was to train the young men of the province to become expert farmers and good citizens. That the rural people of the province had a destiny and the time has come to work it out.  
He urged that those course students should go back to the farm, and also the degree men there to become the liberators of the country by organizing of furnishing the Caucasian and public of Georgia and Azerbaijan arms and money with which to fight the Russian reds and the extreme gravity of the situation threatening British interests, notably the oil corporations in the near east.  
The hand of the Anglo-Persian Oil Company is distinctly visible in the negotiations, for this company, which depends upon the famous trans-Caspian pipe line linking the Caspian to the black sea, and touching Baku and Batoum, and the transport of vast quantities of crude oil from Persia, is greatly alarmed at the possibility of that line falling into the hands of the soviet troops who are reported to be rapidly forcing their way to the Caspian sea.

ADRIATIC QUESTION LEFT  
IN A TENSE SITUATION

Jugo-Slavia Makes Concessions, But Italian Premier Says His Offer Must Be Accepted — Supreme Council Disbands Without Settling the Problem.

Paris, Jan. 20.—The supreme council disbanded tonight without settling the Adriatic question. Signor Nitti, the Italian premier, declared that the Jugo-Slavs did not accept Italy's terms tonight, but would withdraw his compromise offer, and that Italy will demand that France and Great Britain execute purely and simply the treaty of April, 1915.  
The breaking up of the council the Jugo-Slav reply to Italy's demands had been presented. Signor Nitti declared that the terms were unacceptable. The note said that it constituted "the supreme effort" of Jugo-Slavia to bring an agreement with Italy. This fact, taken in conjunction with Premier Nitti's statement, apparently leaves the situation a tense one.  
The council this afternoon held a further discussion of Great Britain's announcement of her liability to send her quota of troops into the plebiscite areas. The discussion resulted in the decision to refer to the ambassadors the problems to be solved, and it was indicated that the proposed conference of ambassadors would be empowered shortly to continue this work.  
Tribute to Clemenceau.  
Before the council was finally adjourned, David Lloyd George asked (Continued on Page 7, Column 3).

TREASURY DIVIDED,  
CONTROL NOT WON  
BY SINN FEINERS

Have Captured Thirty-One Per Cent. of Seats and Unionists Twenty.

HOME RULE HOPEFUL  
London, Jan. 20.—While the Sinn Fein is celebrating what it calls a victory in the Irish municipal elections, official circles in London profess to find in the election returns an element which makes the prospect brighter for a unified Ireland under the proposed home rule bill. This element is said to lie in the fact that the voting showed neither southern Ireland to be solid Sinn Fein nor northern Ireland solid Unionist.  
Neither the Sinn Feiners nor Unionists appear to have gained a majority in the Irish municipal elections, official figures that in their respective strongholds. Therefore, it is claimed that since the sections are mixed there is much more chance for a break and a coalition under the umbrella of a new parliament, as proposed by Premier Lloyd George in his recent speech in the house of commons.  
While there are a few districts still to be heard from, it would appear from available figures that the Sinn Fein have captured approximately 31 per cent of the seats, and the Unionist party 20 per cent, while Labor came strong to the front with 17 per cent, and the Nationalists have again come to life and won 14 per cent. The other seats are scattered among independent and reformers.  
This is the first time that the voice of all the people of Ireland has been heard in elections, which was made possible by the new proportional representation measure. In the last general elections the Sinn Fein captured 73 of the 105 parliamentary seats, thereby virtually sweeping the country.  
Moderate Opinion Growing.  
The Daily News says editorially: "In these municipal elections not only has Labor secured many seats, but Nationalism has come more resolutely to itself as a formidable fighting body in part, that is no doubt due to real reaction against the Sinn Fein, and insofar as the Sinn Fein, it is well known, is a party of extremists, moderate opinion is growing up again, with an appeal can hopefully be made to join in the work of assuring the stability of the country."  
There has been some newspaper talk that the Sinn Fein and Labor combined in Ireland against the home bill. Irrespective of whether this might happen—and there is a wide divergence of opinion on the subject—it is interesting to note that Labor and the Sinn Fein together control just a shade under half the municipal seats of the country, basing the figures on the available returns for the present elections. The Unionists and the other groups about the same percentage. However, the Reformers in the House of Commons are an unknown quantity, and it is hard to say how they view home rule.

U. S. Senate Rank and File  
Inclined to Take the Matter  
Into Their Own Hands.  
PLANS CONSIDERED

Washington, Jan. 20.—Disagreements in the bi-partisan conference looking to compromise peace treaty reservations today brought the senate leaders' committee to the verge of a break and called a movement among the senate rank and file to take a different solution of the treaty deadlock.  
Open rupture today of the leaders' proposals was averted, temporarily at least, by passing over the dispute, on the basis of reservation regarding the equality of voting in the league of nations. The bi-partisan conference will meet again tomorrow, but with leaders of both factions doubtful as to the possibility of ultimate agreement.  
Prospect of failure of the leaders' conference and of formal suspension of their sessions today moved "mild reservation" Republicans and a few Democrats not members of the leadership, to consider a course of action. A combination with the Democrats steps toward a solution of the treaty situation. One "mild reservation" Republican spokesman said such a move would be forthcoming if conferences of the leaders fail within a few days to give more assurance of a compromise.  
Two Plans Considered.  
Two plans for future action were considered today by the senate rank and file. Several of the "mild reservation" Republicans were said to favor a combination with the Democrats to bring the treaty again to the floor of the senate for open consideration of compromise reservations.  
Another plan, championed by a Democratic advocate of compromise (Continued on Page 7, Column 3).

FEAR THE LOSS

Bolshevik Advance Towards Caspian Threatens Interests of British Corporations.

Special Cable to Toronto World.  
By YVES GUYOT  
Paris, Jan. 20.—The presence of not less than six members of the British liberationists at the supreme council's deliberations is distinctly visible in the matter of furnishing the Caucasian republics of Georgia and Azerbaijan arms and money with which to fight the Russian reds and the extreme gravity of the situation threatening British interests, notably the oil corporations in the near east.  
The hand of the Anglo-Persian Oil Company is distinctly visible in the negotiations, for this company, which depends upon the famous trans-Caspian pipe line linking the Caspian to the black sea, and touching Baku and Batoum, and the transport of vast quantities of crude oil from Persia, is greatly alarmed at the possibility of that line falling into the hands of the soviet troops who are reported to be rapidly forcing their way to the Caspian sea.

SAY DRURY WILLING  
TO RUN IN RENFREW

Renfrew, Jan. 20.—(By Canadian Press)—A veritable bomb was dropped into the U.F.O. convention at Kinnville this afternoon, when A. E. Knave, editor of the Amherst Watchman, announced that he had received the following telegram from Premier Drury:  
"I would be pleased to have you bring the matter before convention, as you suggested."  
This, Mr. Bradwin explained, meant that if John Carty, M.L.A., would resign, Premier Drury would be pleased to accept nomination for the Renfrew. Altogether taken by surprise, the convention quickly let it be known that Premier Drury would not be perturbed by the matter before convention, as you suggested.

ONE YEAR FOR RIOTER

Winnipeg, Man., Jan. 20.—When the assizes opened today and the roll call of the jury men had taken place Karl Busse, convicted of rioting and unlawful assembly during the early days of the June strike, was sentenced to one year's imprisonment.

NOT AN ORDINARY SALE

Recently it has been announced in these columns that the W. & D. Dineen Company were holding a sale of men's heavy winter overcoats and fur arctic lined coats, fur caps, fur collars and fur gauntlets. That this sale is a success is proved by the number of people who took advantage of the low priced offerings. The rush on some of the days was so great it was hard to give proper service.  
This is not an ordinary sale of odd and ends, but a genuine sale of high class overcoats for men, made from the choicest materials in Plain Gray Meltons, fancy Napped Materials and Blanket Cloth—in Plain and Fancy Checks, all Skylaish Coats—Loose fitting and Tight Fitting Models—Raglan Sleeves and Chesterfields—every coat is reduced from \$5 to \$10. Every man in Toronto should take advantage of this sale; with woolen goods, heavy Napped Materials and fur coats and gauntlets and motor rugs all marked down. Dineen's store is 149 Yonge Street.

Predicts Smuggling Liquor  
From Canada by Airplane

New York, Jan. 20.—Wholesale smuggling of liquor from Canada by airplane was prophesied today by Byron R. Newton, collector of the port of New York. He declared it would be extremely difficult to check such attempts over the 4,600 miles of Canadian borders.  
He explained that a single airplane could carry nearly 2,000 pounds of contraband and land at some unfrequented spot, where the liquor could be transferred to motor trucks and brought under cover of darkness into thousands of communities.  
To prevent smuggling into the New York district his force would have to be doubled, the collector said, and a similar increase in the national force would be necessary to make the country thorough dry.

DESPITE PREMIER'S EFFORTS  
SEAT FOR ATTORNEY-GENERAL  
STILL FAILS TO MATERIALIZE

Secretary U. F. O. Disclaims All Responsibility For Failure to Seat Ministers—Drury and Doherty Booked for Halton and East Kent.

Halton—Hon. E. C. Drury, East Kent—Hon. M. Doherty, Left Standing—Hon. W. E. Raney.  
The long-expected statement concerning seats for three Ontario cabinet ministers, viz. Premier Drury, Hon. Manning Doherty and Hon. W. E. Raney, has at least been issued. It does not tell Mr. Raney where he is to sit down, but informs the public that a third riding will be created in the course of a few days, and "Mr. Raney's election will take place shortly."  
The statement was issued at 4 p.m. yesterday by Hon. R. H. Grant, minister of education, and was handed only to "The Farmers' Sun" official organ of the U.F.O.  
J. J. Morrison, secretary U.F.O., said he had not seen the statement before publication in that paper. As Premier Drury had repeatedly stated that it was up to Mr. Morrison to satisfy the long-felt want of seats by himself and his two confederates in the cabinet, this is rather significant.  
The editor of The Farmers' Sun could not have expected the encouraging assurance given in Hon. Mr. Grant's statement as to Mr. Raney's riding and election. In the editorial page of the same paper a far from hopeful opening sentence reads: "It is imperative that a seat be found for Hon. W. E. Raney. Situations of the business of the country is so good."  
The most significant feature of the announcement in The Farmers' Sun, however, is a separate statement by J. J. Morrison in the nature of a minority report. Mr. Morrison pointed out to misrepresentation, and disclaimed the honor done him by the public Mr. Morrison was responsible for providing seats for those of his ministerial colleagues whom he sees it down that he was up to the minute in a consultative capacity, and, therefore, "it is quite wrong to suggest that the country has been under the rule of our association."  
It is plain from this that Mr. Morrison will not stay "put," even when Premier Drury is die putter.  
Toronto World. (By Canadian Press).  
The World has a story to say now that the "statement" has been issued. For several days the essential purpose of the committee report has been in The World office. This paper has assurance that the report would be released in time to appear in The Sunday World of the 13th. Information arrived, however, that delay of one day was desired, the subject being under consideration on Saturday. A paragraph was prepared for insertion in the report, but Premier Drury was then informed and was engaged in consultation with other members of the party.  
On Sunday afternoon The World was requested not to use the statement categorically without Premier Drury's personal consent. Mr. Drury agreed Sunday that it be not published then and offered the usual reason in confidence. This confidence The World strictly observed.  
On Monday night The World was asked to leave the statement out until a substitute statement appeared in The Farmers' Sun.  
All of which goes to show that the World observes confidence under some provocation.  
The Farmers' Sun, Jan. 21.  
Ontario, will be given an ovation tonight by several hundred of his brother officers of the army and navy when it was announced at a banquet tendered to general officers of the army and navy officers of the gues. The banquet would "in view of recent happenings," answer any questions which were put to him at the close of his address.  
He refrained from all personalities and the only direct reference he made to his recent testimonies before a senate committee in Washington was the statement that he was embarrassed to "find myself referred to by a clever correspondent as 'the best British admiral in the American navy.'"  
The admiral said there were "two distinct rows" on at present—one over medals and the other his criticism. He declared the impression was that he is the aggressor, but having had some historical and practical knowledge of medals and the other his criticism. FRENCH CABINET  
OUTLINES POLICY

Says Political Traditions Will Be Followed in Full Accord With Allies.

Paris, Jan. 20.—The new cabinet's declaration of policy, to be read to parliament Thursday, was submitted to the council of ministers tonight by Premier Millerand and received the approval of the cabinet.  
The declaration outlines general views without dealing in detail with many of the problems growing out of the country to assume new fiscal burdens to pay the nation's war debt.  
The declaration opens with a tribute to former Premier Clemenceau. Regarding foreign affairs, it affirms that the cabinet's intention to follow French political traditions in full accord with France's allies. The declaration calls for exact execution of the German peace treaty. It says the league of nations can be of great aid in that direction and should be strengthened and developed.  
Concerning internal affairs, besides urging new taxation, greater production and less consumption, the declaration promises fulfilment of the government's pledge to soldiers.  
The document concludes by recalling that the republic intends to govern the country without religious interference, and that the separation of church and state is not a state of war, but of liberty.

SIMS CHEERED BY  
BROTHER OFFICERS

Says at Banquet Medals Are of No Value Unless Distributed With Discretion.

New York, Jan. 20.—Rear Admiral Sims was given an ovation tonight by several hundred of his brother officers of the army and navy when it was announced at a banquet tendered to general officers of the army and navy officers of the gues. The banquet would "in view of recent happenings," answer any questions which were put to him at the close of his address.

Canada Prepares to Trade  
In Eastern States of Europe

Ottawa, Jan. 20.—(By Canadian Press)—A move for trade in the new states of Eastern Europe is indicated in the appointment of L. D. Wilgress, formerly Canadian trade commissioner in Southern Russia, Rumania, Poland, and Jugoslavia and Czechoslovakia. The duties of Mr. Wilgress will be to open up avenues of Canadian trade through this wide area, and to establish central bureaus.

Troops Guard Italian Depots  
In View of Railway Strike

Rome, Jan. 20.—The government early this morning sent troops to occupy the railway stations and guard them with machine guns as a result of the decision of the railway men to strike later in the day. Energetic measures are to be taken to maintain order. Gatherings of the populace have been prohibited.

THE CABINET SITUATION.

The dominating feature of the Ontario cabinet situation, including a delay of two months in getting constituencies for the three seatless ministers, has been and is today an organized effort of certain editors, professors and others, who did the best to elect the Hearst government, to prevent Gordon Waldron being the attorney-general in the U.F.O. government, by pressing the election of Hon. Mr. Raney. The editors of The Globe and The Star were two of the most active; you will find several of the others in the membership of The Canada First Club. At a dinner of the club it was enthusiastically and imperatively given out that Waldron would not be the attorney-general, the farmers-elect and others who had worked for the cause at heart with Waldron for many years, held that he was the first and logical man for the post. In other words most active supporters of the Hearst government, workers for the defeat of the U.F.O.'s, are trying to direct the cabinet formation of the winning group.

POLICE AMBUSHED;  
KILL SINN FEINER

Kilrush, Ireland, Jan. 20.—An encounter occurred near here today, in which a man supposed to be Sinn Fein was killed. While policemen were removing their belongings from the village of Coolacare to Knock in a motor van, they were fired on by a large party from both sides of the road. Four bicycle policemen returned the fire, killing one man and capturing two others of the attacking party, who were brought to Kilrush. The body of the man killed fell into the river and was swept away by the current. The policemen escaped injury.

LACK OF NEWSPAPER  
HAMPER WINNIPEG

Winnipeg, Jan. 20.—This city is now beginning to feel the effects of the lack of a public utility, the daily newspaper. While the community suffers considerable unrest from the loss of its ready diffusion of news and the consequent development of all sorts of sensational rumors that always arise in a state of ignorance of happenings in the outside world, there is also a serious stoppage of business without newspapers. The Manitoba commercial interests are suffering to a degree, both from lack of reliable information, of confidence in the ready money and other business that accrues from the means to advertise the goods the public want.  
There is an uncertainty in the atmosphere in many branches of trade as a result of the growing hopelessness and expensive as the prospects of the daily press seem farther off, owing to failure to adjust the differences at the Port Francis paper mills in order to get newprint for the publications of Manitoba.
