

THE EVENING TIMES-STAR, SAINT JOHN, N. B., FRIDAY, APRIL 23, 1926

SPEAKERS AT ROTARY SAY MOVEMENT IS GREAT ASSET TO WELFARE OF THE COUNTRY

H. F. Paisley, of Sydney, N. S., Declares Progress
of Canada in Last 60 Years is Notable
Achievement

CLUBS' TASK IN COMMUNITY TOLD OF

Judge Wallace, of Halifax, Sees Early Universal Brotherhood an
Accomplished Fact—Province and City Extend Hearty
Welcome to Visiting Delegates

THAT ROTARIANISM stood for the promotion of inter-community and international fellowship was the keynote of the several addresses which were heard at the 32nd District Rotary conference, which formally opened in the Admiral Beatty Hotel here yesterday. The different speakers represented various sections of the eastern provinces of the Dominion, as well as certain parts of the United States. All struck the one note, that the Rotary clubs were performing an international work which would eventually result in harmonious relationships between all creeds and people.

H. F. Paisley, of Sydney, N. S., declared that the development of the Dominion of Canada in the last 60 years was one of the notable achievements in the history of the earth.

Speaking of forest protection, A. Sterling McFarlane, principal of the Fredericton High School, told the convention that New Brunswick was facing somewhat of a crisis, due to the destruction of a large part of its merchantable timber by fire.

Mr. McFarlane said that in one block of timber alone the province had lost a perpetual annual income of more than \$100,000.

Speaking of the establishment of large pulp mills at various places in the province, Mr. McFarlane said that Musquash would probably have been chosen for the establishment of a large plant had not the pulp wood in the vicinity been destroyed by fire several years ago.

OTHER SPEAKERS.
District Governor John A. Young, of Sydney, N. S., presided. Among the speakers were: Harry Williams, of Brockton, Mass., district governor of district 31; Judge W. B. Wallace, of Halifax; William Webster, of Halifax; Layton Ralston, of Halifax; William Creelman, of Sydney; W. F. Fraser, New Glasgow; H. F. Paisley, Sydney; Westley McDonald, Campbellton; George Graham, Kentville, general manager of the Dominion Atlantic Railway; A. M. Gregg, Saint John, and past district governor, John Gass, Halifax.

Messages of greeting were read from several clubs, and from John H. Moss, international Kiwanis president.

JUDGE GEORGE WALLACE.
Judge Wallace spoke of the lack of knowledge people of one locality had of the people of other localities. He said that the aim of Rotary was to enlighten this ignorance and to promote inter-community and international good fellowship.

Judge Hughes, of the United States Supreme Court, had said that the speaker went on that international clubs, such as Rotary, would finally lead to world peace. The invasion of ideas could not be resisted.

The task might seem impossible but it did appear any more so that the 2,800 clubs should have been organized in the comparatively short time, since the inception of Rotary had been made in the distance between countries. It was not an idle dream that science having made the nations neighbors, Rotary should make them friends and brethren.

BRANCHES EVERYWHERE.
With branches in Australia, Japan and the far corners of the earth much good had been wrought already. The speaker believed that the time was not remote when a universal brotherhood would be an accomplished fact.

Mr. Webster took as his subject "The Club Council." He spoke of the council held by the club at regular intervals, and gave instances of the good results which the policy had produced. The council had not the power of directors, but their purpose was constructive criticism.

The speaker believed the club council to be a splendid idea and worthy the adoption of all clubs.

ROTARY SCHOOLS.
Mr. Ralston spoke on Rotary Schools. The schools were places for the exchange of Rotary ideas. There should not be held at club luncheons where guests would be bored by questions between chair and members.

It had been found advisable to take up the school as a definite object to further the advance of Rotary ideals. One of the first subjects for discussion should be selective membership. The discussion would be found most interesting. Another subject should be club fellowship.

SPRING MEDICINE
The body is like a machine; it has to be adjusted to the conditions under which it lives. Spring marks the change from cold weather to hot weather conditions.

With many people, the body cells do not readily adjust themselves to the new conditions of resisting the effects of the heat and need assistance. Father John's Medicine is both food and tonic, a body builder as well as a body rejuvenator. It contains the purest cod liver oil scientifically blended with other valuable ingredients by specially designed equipment, which makes this old-fashioned medicine easy for the weakened system to digest.

Father John's Medicine contains no drugs, no alcohol, but one of Nature's great food-medicines, which is easily digested and promptly made use of by body cells. In use for over seventy years. Try it.

MEDALS PRESENTED TO L.O.L. VETERANS

Grand Lodge Honors Memory of Departed Also; Banquet With L.O.B.A.

FREDERICTON, April 22.—The Grand Orange Lodge of New Brunswick this afternoon received a delegation from the provincial convention, L. O. B. A., which extended official greetings from the sister organization.

The Grand Lodge in the afternoon also conferred medals upon those who had completed 50 years in the lodge. Those eligible to receive the medals were Thomas Coggins, of Sussex; Richard Sprague, of Colliers; Charles Lewis, of Canterbury; Hamilton Kyle, of New Brunswick; Richard Leisen, of Sussex; Rev. J. E. Fiewelling, of Canterbury; King McFarlane, of Markhamville; and Charles A. Jones, of Saint John, making a total of 61 including those who have previously received medals.

BOYS' WORK.
Mr. Gregg was the next speaker. He took boys' work for his theme and told the delegates that the coming generation should be the greatest of the world's history, as greater facilities were being offered and more complex problems being solved than ever before.

The Rotarians, he said, should see that the boys had the opportunity of entering into their full heritage. Every boy possessed a social infection for the town in which he lived. It must be seen to that this infection was guided in the right direction. He cited the cases of Livingstone, Watts and Grenfell as examples of boyhood inspiration mirrored in lives of splendid service. It was the duty of Rotarians to see that the boys had a chance to live. Slum conditions should be eliminated.

KEEP THEM AT SCHOOL.
Development of both mind and body must be considered. Faulty education was a great menace to democracy. The boys should be kept at school or they would find the doors of opportunity closed in after life.

Spiritual education should be encouraged and each boy helped into the church of his choice.

Mr. Gass told of the work being done among crippled children. He gave instances of totally or partially paralyzed children had received treatment with excellent results.

ONE IN EVERY THOUSAND.
One child, he said, in every thousand was crippled. Wonderful work was being done among them under the auspices of Rotary. Ohio, Pennsylvania, New York and Massachusetts had been prominent in the work. While he appreciated the work being done in the city, he believed that the Rotary club could never have an identity in the community unless each member fulfilled his particular duty.

Mr. Gass told of what had been done in Halifax and the club's efforts to bring to crippled children and their parents by the Rotary activities.

MESSAGE FROM DISTRICT 31.
Mr. Williams brought a message from District 31. In opening his remarks he paid a warm tribute to District Governor Young.

The Rotarian, he said, was just a steady, faithful, average citizen. A club could never have an identity in the community unless each member fulfilled his particular duty.

The dinner and dance held by the Rotary club of district 32 in the Admiral Beatty last evening was a highly successful function and was graced with a full attendance of the Rotarians and their ladies and guests.

The dinner was interspersed with club singing. District Governor John Young, of Sydney, N. S., presided and introduced the guests of honor, among whom were: International Vice-President Arthur Sapp, Mayor-elect W. F. Todd and Mrs. Todd, Mayor-elect W. White and Mrs. White, Donald W. Armstrong, president of the Saint John Gyro Club, and Mrs. Armstrong.

After the toast to the King had been drunk with the customary honors, a toast to the city of Saint John and the Maritime Provinces was responded to by Lieut.-Governor Todd and Mayor-elect White; was the duty of Rotarians to see that the boys had a chance to live. Slum conditions should be eliminated.

CANADA'S 1925 AUTO OUTPUT UP 22 PCT.

124,458 Passenger Cars, 22-144 Trucks and 15,368 Chassis Produced

OTTAWA, April 22.—A record production was attained in the automobile industry in Canada in 1925, according to a statement issued by the Dominion Bureau of Statistics at Ottawa.

In that year the 11 automobile factories in Canada produced 124,458 passenger cars, 22,144 trucks and 15,368 chassis, a total of 161,970 cars, which was an increase of 22 per cent over 1924 and 10 per cent above the figures for 1923, the previous best year, when 147,292 cars and trucks were produced.

The total value of production, including some parts and repair work was \$10,838,380 as compared with \$8,480,418 in 1924.

Export shipments from Canada were the highest on record. The total value of automobiles and parts exported during the year was \$39,417,614, an increase of 8,000,000 over 1924 and 2,000,000 over 1923, the previous best year.

Exports of Canadian-made passenger cars numbered 58,006 which was about 85 per cent of the total Canadian production. Trucks numbered 16,146 and parts were valued at \$6,572,728.

CHANGES C. N. R. SUBURBAN SERVICE, MAY 3.
Commencing Monday, May 3, changes in suburban service, daily except Sunday, between Saint John, Hampton and Sussex, will be made as follows:

HAMPTON-SAINT JOHN.
Train No. 131 will leave Hampton at 5:35 a. m. instead of 6:40 a. m., arriving Saint John at 6:40 a. m. instead of 7:40 a. m.

Train No. 132 will leave Saint John at 11:20 a. m. instead of 12:20 p. m., arriving Hampton 12:15 p. m. instead of 1:20 p. m. On Saturdays this train will leave Saint John one hour later, or at 12:20 p. m.

Train No. 133 will leave Hampton at 12:30 p. m. instead of 1:40 p. m., arriving Saint John at 1:30 p. m. instead of 2:40 p. m.

In addition, two new trains have been provided, viz.: Train No. 134, which will leave Saint John at 5:15 p. m., arriving Hampton at 6:15 p. m., and

Train No. 135, which will leave Hampton at 6:35 p. m., arriving Saint John at 7:35 p. m.

SAINT JOHN-SUSSEX.
Train No. 23 will leave Sussex at 8:40 a. m. instead of 8:40 a. m., arriving Saint John at 10 p. m. instead of 11 p. m., arriving Hampton at 11 p. m. instead of 11:00 p. m.

Train No. 24 will leave Saint John at 4:15 p. m. instead of 5:15 p. m., arriving Sussex at 6:15 p. m. instead of 7:15 p. m.

SLEEPING CAR SERVICE SAINT JOHN-EDMUNDSTON C. N. R.
Commencing Monday, May 3, a sleeping car will be operated by the Canadian National Railway between Saint John and Edmundston via Fredericton and McEwen, on Mondays, Wednesdays and Fridays, service from Saint John being by train No. 45, leaving Saint John at 8 p. m., Fredericton (train No. 28) 7:10 p. m., and arriving Edmundston (train No. 51) 2:10 a. m., Tuesdays, Thursdays and Saturdays. Returning, a sleeping car will be attached to train No. 52, leaving Edmundston at 6 a. m., Fredericton (train No. 46), 1:40 p. m., and arriving Saint John 5:10 p. m.

ST. JOHN'S-NEW BRUNSWICK.
