SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Receipt to Re-
store Color, Gloss and Thickness

Hair that loses its color and lustre,
or when it fades, turns gray, dull and
lifeless, is caused by a lack of sulphur
in the hair. Our grandmother made up
a mixture of Sage Tea and Sulphur to
keep her locks dark and beautiful, and
thousands of women and men who value
that even color, that beautiful dark
shade of hair which is so attractive, use
only this old-time recipe.

Nowadays we get this famous mixture
by asking at any drug store for a 50
cent bottle of "Weych's Sage and Sulphur
Hair Remedy," which darkens the hair
so naturally, so evenly, that nobody can
possibly tell it has been applied. Besides,
it takes off dandruff, stops scalp itching and falling hair. You
just dampen a sponge or soft brush
with it and draw this through your
hair, taking one small strand at a time.
By morning the gray hair disappears,
but what delights the ladies with Weych's
Sage and Sulphur is that, besides
beautifully darkening the hair after a
few applications, it also brings back
the gloss and lustre and gives it an ap-
pearance of abundance. Agent—Wash-

Daily Hints For the Cook

Buttercup Cake

One cup sugar, 1/2 cup butter, 1/2 cup
sweet milk, 1 1/2 cups flour, whites 2
eggs, 1 teaspoon baking powder.

Pot Roast

Into a basin put a layer of sliced
onions, a layer of sliced potatoes and a
layer of chopped or sliced cold mutton or
lamb (end of your last roast). Continue
until full. Now add salt and a red pep-
per. Now cover top with potatoes cut in
halves, which will roast a pretty brown
Sometimes you may use a pork roast
and the same way, only add a little sage
to flavor.

Hamburg Loaf

One and one-half pounds of meat,
three slices of bread crumbed, one-quarter
pound fat pork chopped fine, one
egg beaten, salt and pepper to suit
taste. Place alternately in pan meat and
dressing, some pork on top. Bake slow-
ly one hour or less. Four one-half cup
of water over it.

THE COAL SITUATION

(Coal Age.)

Generally severe weather in nearly all
parts of the country during the first
of the week, started an active move-
ment in the retail hard-coal trade. The
change has not been of sufficient dura-
tion to affect wholesalers as yet, but
there is a better tone generally in all
departments. However, producers are
still compelled to make concessions in
order to move tonnage, while dealers
are already beginning to anticipate the
possibility of carrying some winter-
coal over after the April 1 discount

The Glenwood Ash Chute

No more ashes to carry; no clumsy ash-pan to spill dust or dirt
on the kitchen floor.

The GLENWOOD ash chute solves the problem. It is situated
just beneath the grate and connected by a sheet iron pipe, straight
down through the kitchen floor to the ash barrel in the cellar. No
dust can escape—just slide the damper once each day and drop the
ashes directly into the ash barrel.

This is only one of the splendid improvements of the plain
CABINET GLENWOOD—the range without ornamental or fancy
nickel.

At least one-half of all GLENWOODS are sold through the
enthusiastic recommendation of a satisfied user.
