SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Re-
store Color, Gloss and Thickness

Hair that loses its color and lustre,
or when it fades, turns gray, dull and
lifeless, is caused by a lack of sulphur
in the hair. Our grandmother made up
a mixture of Sage Tea and Sulphur to
keep her locks dark and beautiful, and
thousands of women and men who value
that even color, that beautiful dark
shade of hair which is so attractive, use
only this old-time recipe.

Nowadays we get this famous mixture
by asking at any drug store for a 50
cent bottle of "Wyeth's Sage and Sulphur
Hair Remedy," which darkens the hair
naturally, so evenly, that no body can
possibly tell it has been ap-
plied. Besides, it takes off dandruff,
stops scalp itching and falling hair. You
just dampen a sponge or soft brush
with it and draw this through your
hair, taking one small strand at a time.

By morning the gray hair disappears,
but what delights the ladies with Wy-
eth's Sage and Sulphur is that, besides
beautifully darkening the hair after a
few applications, it also brings back
the gloss and lustre and gives it an ap-
pearance of abundance. Agent—Wass-
