LOCAL GOVERNMENT HAS NOT COMPLIED WITH REGULATIONS**Board of Health to Consider Matter—Southampton Railway—Baseball Matters**

(Special to Times.)

Fredrickton, N. B., Aug. 1.—The provincial government has not yet taken steps to connect the Provincial Normal School building with the city sewage and a meeting of the city board of health will be held this evening to consider what action will be taken. It is likely that a committee will be appointed to wait on the executive at its meeting to be held here on Tuesday next.

Good progress is being made with construction work on the Southampton Railway. The road is graded to a point within half a mile of the St. John River, making its total length thirteen miles. It is expected that the rails will be laid and ballasting completed at the end of two months. Six miles of road between Millville and Temperancevale is now in operation.

A heavy rainstorm set in here this morning and will likely continue all day. The Houston base ball team arrived this morning to play Fredericton. John Murray, catcher for the Fredericton base ball team, has received word that his mother is dying at Neponset, Mass., and will leave for that place this evening. Manager Hanson has retired from the management of the Houston team and left it acting in his place.

LENGTHEN SCHEDULES OF HIGH SPEED TRAINS DURING THE WINTER

New York, Aug. 1.—A proposal to lengthen the schedule of the high speed train on the New York Central and the Pennsylvania railroads during the winter and early spring is the outcome of the investigation which the Public Service Commission has made of the winter schedule of the Twentieth Century Limited at Hyde Park on March 13 last.

It is stated in the report of the investigation that this proposal has been favorably received by the officers of both companies and that a wish to reach agreement on the subject has been indicated. The investigation of the wreck has convinced the commission that the responsibility for the derailment is not to be laid to a defective or broken rail, but to an improperity in the supervision of the outer rail on the curve at which the accident happened. The broken rail was rather the result of the cause of the accident, in the opinion of the commission, but it is made entirely clear in the report of the investigation that the commission believes the high speed at which the train is known to have been moving militated against the chances of the locomotive remaining on the tracks in spite of the irregularity in rail elevation which it encountered.

COAL COMPANY**MAKES A RECORD**

Sydney, N. S., Aug. 1.—The Dominion Coal Company has made a big record in their coal output during month of July, the total of the month was 400,000 tons, this being an increase over the best previous month's output, 391,000 tons of coal. The output shows that an average of 15,700 tons daily output was maintained during the month. The total output for the first seven months for the year to the end of July was over 2,334,000 tons. This is 390,000 tons better than the seven months of last year, and 280,000 tons better than in 1908, which was the best previous record.

G. T. P. OBJECTS

Ottawa, Aug. 1.—From present indications trouble seems imminent between the G. T. P. and the government with regard to the taking over this month of the Winnipeg section of the Transcontinental, recently declared completed by the chief engineer, Gordon Grant. A despatch from Winnipeg states that the G. T. P. object to taking the section over before the completion of the entire eastern division despite the order in council recently passed.

BYRCE WILL CONTINUE

London, Aug. 1.—Asked today in the house of commons by Sir Clement Kinnaird Cook whether the resignation of James Bryce, British ambassador to the United States was depending and whether his successor had been appointed, Sir Edward Grey, secretary of state for foreign affairs, replied: "Mr. Bryce is returning to Washington early in September to resume his work there as ambassador."

FARM LABORERS

The date of the Farm Laborers' Excursions from the maritime provinces are August 12 and 28. Despatches from the western provinces state that 67,000 men will be required as against 41,000 in 1911. The rate from St. John this morning will be \$12. Watch for further announcements.

Vacant Land Farming

London, Aug. 1.—The Vacant Land Cultivation Society makes a poor showing in its annual report.

On sixty acres of previously unused land, 2,000 persons have been assisted in the past year to grow food for their own use. For every \$5 expended they got \$23 worth of value returned.

It is calculated that there are 14,000 acres of vacant land in London, which if put to useful purposes would provide for half a million people.

FIXING THE LIGHT. Mr. Briggs called one evening to see his sweetheart, and her little brother, Tom, was entertaining him until the young woman came down.

"Tom, when your sister comes down and is comfortably seated on the couch with me, I want you to tipple in softly and turn the gas down low, won't you?"

"You're too late," replied the boy. "Sister just told me to come in and turn it out."

SAVINGS BANK RETURNS

The returns for the month at the Dominion Savings Bank were: Deposits \$78,424.56, and withdrawals \$71,205.64.

Two good comedies, and "A Nation's Peril," two real productions, made up a feature show last night at the Gem. The same show is on tonight for the last time.

The regular meeting of the Freight Handlers will be held in their hall, Market Square, W. B., on Friday evening, August 2nd at 8 p. m. Business of importance.

All who say "A Nation's Peril" at the Gem yesterday were decidedly pleased. It is one of the most realistic exhibitions ever shown in St. John. The last presentation will be made tonight. Come Early.

Shrewd shoppers can save money on reasonable dry goods by taking advantage of the big price reductions at Lahood's midsummer clearance sale, 292 Brussels street. Saturday will be the last day of this great bargain event.

The reason for our clearance sale is that we want to clear out all summer stock, get the money and make room for fall and winter goods. That's all there is to it. Come and see what real bargains are C. B. Pigeon, corner Main and Bridge streets.

FARM LABORERS

The farm laborers' excursions from the Maritime Provinces will leave for the west on Aug. 12th and 28th. More men than ever before will be required this year. There is plenty of work—and good wages for all who can go. See advertisement.

ILL IN BOSTON.

Friends of A. J. Stewart, of this city, will regret to learn that he is seriously ill in Boston, where he has been visiting. Word was received last evening that he had suffered a paralytic stroke. His son, Walter S. Stewart, of St. James street, will leave this evening for Boston to be with him.

The Auto-Suburban Co., Ltd., will start their regular service on the Millington Road on Saturday morning. The bus will connect with the ferry boat both ways, leaving Scott's Corner in time to make connection and will also run extra trips to accommodate traffic. A time table is being prepared and will be issued early next week.

Among the patents granted at Ottawa this quarter was one to F. C. Woodley of St. John for an all-glass cemented shoe. The style was described in this city, but no up-to-date on the market, the glass plates being cemented together, thus doing away with screw holes or other clips making it dust and water-proof.

RETREAT TO OPEN.

The retreat for the Sisters of Charity in this community will open this evening at 7:30 o'clock with about eighty sisters in attendance in the chapel of St. Vincent's convent, Cliff street.

By Rev. Dr. D. W. Hearn, S. J., of St. Ignace church, New York, who arrived in the city last evening on the Atlantic express. Among the number of sisters attending for the retreat are four who were formerly stationed in this city, but who have of late been in the new hospital at Melrose, Alberta. They returned to the city this morning on the Atlantic express.

AMERICAN RAILWAY TO ENTER WINNIPEG

New York, Aug. 1.—The Wall Street Journal says:

The Canadian Northern has granted trucking rights from Emerson, Man., on the international boundary line to Winnipeg, sixty-eight miles, to a new company, formed in the interest of the Great Northern and the Northern Pacific. The new corporation is known as the Midland Railway of Manitoba. The agreement is for twenty years with a provision for extending it to a total of 999 years. Trains of the American roads are allowed to be run into Winnipeg, but are not to any local business unless by order of the Railway Commission, in which case the Canadian Northern is to have 80 per cent. of the gross receipts.

The line to be used is part of the 335 miles of Northern Pacific's road in Manitoba,
