DON'T SIMPLY TELL YOUR DRUGGIST YOU
WANT A MEDICINE---

When you buy medicine you can't be too particular in demanding the best. When you
tell your druggist you want one of the famous Hawker Remedies you are sure of getting the
best possible medicine value. The originator of the Hawker Remedies spared no pains to
bring the Remedies up to the highest possible standard.

The Hawker Remedies are by no means a new proposition; but have been on the mar-
ket for years. They were originally manufactured by the Hawker Medicine Company.
When that company ceased to exist the patents etc. were purchased by us and the Remedies
are now manufactured only by ourselves.

Following are three of the Remedies; a few words of explanation; and testimonials re-
garding the efficiency of each:

HAWKER'S NERVE AND
STOMACH TONIC

One of the most successful remedies
prepared by us—an ideal and effective
Spring Tonic; a food and blood tonic
of the highest order. A sure cure
for any of the many diseases arising
from nerve exhaustion, bad digestion,
and bad blood. As a Spring Tonic it
has no equal; for building up the
wasted system after an attack of La-
Grippe it is without a peer. The fol-
lowing testimonial from Mrs. E. L.
Rising, of the well known firm of
Waterbury & Rising, is of interest:

"I have used Hawker's Nerve
and Stomach Tonic in my fam-
ily for five years, and consider
it has no equal as a blood
builder and appetizer. It was
especially beneficial to my chil-
dren after an attack of fever."

At all druggists, 50c. per bottle; 3
bottles, \$1.25.HAWKER'S BALM OF
TOLU

cinal value. A sure cure for
colds, coughs, hoarseness, flu-
enza, bronchitis, and all
throat and lung troubles. It is
pleasant to take and gives
pleasure when faithfully used ac-
cording to directions. Read
the following testimonial from
Rev. G. M. C. O'Neill:

"Hawker's Tolu and
Balm of Tolu has been in use in my fam-
ily for several years for colds
and throat affections, with
results so satisfactory that
I have confidently recom-
mended it to my friends."

"I suffered for months
from a severe and constant
pain in the side. I was
treated for congestion of
the liver, but the medicine
failed to help me. I finally
tried Hawker's Liver Pills,
which removed the pain
and fully restored me to
health."

CAMPAIGN
NEWS IN NEW
BRUNSWICK

Fredericton, Sept. 11.—C. C. Thomas,
representative of the American Hide &
Leather Company of New York, was in
the city last week on business with John
Palmer.

Speaking to The Telegraph correspond-
ent, he said that abolition by the United
States government two years ago of the
duty on hides had caused a big increase in
imports from Canada.

The duty was one and a half cents a
pound and as soon as it was removed the
price paid Canadian shippers advanced
from eight and a half to ten cents.

That means, he said, that American con-
sumers have paid \$100,000 more for hides in
the maritime provinces in the last two
years than they did during the two years
before the duty was removed. Canada, he
explained, imported heavy hides from the
United States and exported light hides
to that country. The balance of the trade
is largely with Canada.

Moncton, N. B., Sept. 11.—There was an-
other large attendance this evening at the
Liberal Club rally in Moncton, when a
stirring speech was delivered by E. H. Mc-
Alpine, of St. John. Long before 8 o'clock
the club rooms were crowded and by eight
standing room only was available. Many
were unable to gain admittance.

William Murray, a farmer of Scotch Set-
tlement, addressed the club for the first
time, making a splendid impression, deal-
ing with reciprocity from the farmer's
standpoint. "I am sure Emerson's major-
ity will be increased," he said in closing.

George R. Sangster presided. During the
evening J. B. Connolly sang "O Canada"
very acceptably. Another rally will be held
tomorrow evening.

ENDS STOMACH
TROUBLE AND
INDIGESTIONNo Heartburn, Gas, Headache or
Other Stomach Misery Five
Minutes Later

Take your sour, out-of-order stomach—
or maybe you call it Indigestion, Dypep-
sia, Gastritis or Catarrh of Stomach; it
doesn't matter—take your stomach trouble
right with you to your Pharmacist and ask
him to open a 50-cent case of Pape's Dis-
pepsin and let you eat one 22-grain Tri-
angle and see if within five minutes there
is left any trace of your former misery.

The correct name for your trouble is
Food Fermentation—food during the Di-
gestive organs become weak; there is lack
of gastric juice; food is only half di-
gested, and you become afflicted with loss
of appetite, nervousness and illness after eat-
ing, vomiting, nausea, griping in
bowels, tenderness in the pit of stom-
ach, bad taste in mouth, constipation, pain
in limbs, headache, nervousness, dizziness
or many other similar symptoms.

If your appetite is failing, and nothing
tempts you, or you feel bloated after eating,
or your food lies like a
lump of lead in your stomach, or you can
make up your mind that at the bottom of
all this there is but one cause—fermenta-
tion of undigested food.

Prove to yourself in five minutes that
your stomach is as good as any; that there
is nothing really wrong. Stop this fer-
mentation and begin eating what you want
without fear of discomfort or misery.
Almost instant relief is waiting for you.
It is merely a matter of how soon you take
a little Dispepsin.

THE BARGAIN ITSELF

The proposed reciprocity agreement is very simple, and can
have no possible effect except to give the Canadian producer an-
other market for his goods, and to create for the workman a
greater demand for his labor.

The arrangement is merely a proposal to let down the tariff bars
a little so as to give the ordinary people, on both sides of the line,
a chance to participate more fully in the profits of their own toil.

Certain interests in Canada, who find it profitable to make large
investments in the United States, seem to fear that if the farmer
sells more of his products to the United States than he is doing at
present, and at a better price, his loyalty to the British Empire will
be weakened. They would have one believe that, if under this ar-
rangement a farmer got two hundred dollars for a horse for which
he now can get but one hundred and seventy, on account of the
United States duty, it would somehow weaken his patriotism.

What is all right for them is all wrong for the farmer. They
tell the railway companies they will be injured as the traffic now
going East and West will, under this new arrangement, go North
and South, and strange to say, at the same time they assure the
farmers, particularly in the West, that the arrangement will not
help them in any way, as the United States does not want to buy
their products. The great mass of the people of Canada have within
their reach something that every great Canadian, during the past
forty years, when he has had responsibility of Government on his
shoulders, has endeavored to secure for our people.

EVIDENCE GIVEN IN
TWO POLICE CASES

John Mullin, James Loeman, Laurence
Murphy and James Carrigan were each
fined \$8 or thirty days each on the charge
of drunkenness, in the police court this
morning. Carrigan was also charged with
assaulting Victor Spinney in St. John
street west, and also with resisting the
police. He was remanded on both the
latter charges.

The case against Mary Daigle, charged
with being drunk and also with ill-treat-
ing her eight months old baby in her house
in Brussels street, was remanded. Mrs.
Robinson, a neighbor, said that Mrs. Daigle
went to her house but she did not see
her ill-treat the child. There was nobody
else in the house at the time and she did
not see any liquor in evidence. Another
neighbor swore that she saw Mrs. Daigle
throw her child on Mrs. Robinson's floor.
She said that there were two other women
in Mrs. Robinson's house at the time, and
that they all appeared to be drinking.
Mrs. Daigle, she said, was drunk. The
witness went for the police and had Mrs.
Daigle arrested. The child had a cut on
the back of its head, and the blood was

flowing. The prisoner was remanded until
tomorrow morning at 10 o'clock.

George Wiley and Richard McCausland,
charged with stealing scrap iron, the prop-
erty of F. S. Walker, were again brought
into court this morning. Policeman Lee
told of seeing the prisoners together on the
Wednesday night before the arrest, with
Campbell and Hammond. He also saw two
men in a boat leave Rodney Slip and row
around to the Wiggin Slip, where the
iron in question was lying. He took the
men to be McCausland and Campbell.
Wiley had told him in the West Side lock
up that all four in question had been im-
plicated and that the stealing had been go-
ing on for some time. Wiley also said to
him that Campbell wanted him to escape
but that he was sick of the gang and wan-
ted to get the matter over.

Maurice Johnston, a clerk with the
Union Foundry Co., in Carleton, told
of buying a quantity of scrap iron from
Isaac Bab, a junk dealer, and that Sgt.
Finley had gone to the foundry and taken
some of it away. He later saw it at the
City Hall, Carleton.
Isaac Bab, junk dealer, was recalled,
and said that he had paid Campbell and
Wiley a little over \$3 for all the iron he
had purchased.
The case was adjourned until tomorrow
afternoon at 2:30 o'clock. Mr. Mullin again
applied for bail for McCausland, but the
court refused.

VICTORY IN THE AIR SAYS SIR WILFRID

I do not say it in a spirit of boasting, but victory is in the
air, a swing in it that makes it sure. I am old in the game, for
many years I have been head of my party and I have travelled
over all the provinces many times. On the present occasion I
have found an enthusiasm that I never found before. It is not
in honor of me, I am simply the expression of the idea which you,
the people, are—Sir Wilfrid Laurier at London.

York at 1:37 o'clock yesterday afternoon.
The start was made under the most fa-

DOCTOR
ADVISED
OPERATION

Cured by Lydia E. Pink-
ham's Vegetable Compound

Canifton, Ont.—"I had been a great
sufferer for five years. One doctor
told me it was ulcers of the uterus,
another told me it was a fibroid
tumor. No one
knew what I suf-
fered. I would
always be worse
at certain periods,
and never was
regular, and the
pain was terrible.
I had no doctor
and I would
have an operation,
and this I might die
about it and I wrote to my
sister about it and she advised me to
take Lydia E. Pinkham's Vegetable
Compound. Through personal expe-
rience I have found it the best medi-
cine in the world for female troubles,
for it has cured me and I did not have
to have the operation after all. The
Compound also helped me while pass-
ing through Change of Life."—Mrs.
LETITIA BLAIR, Canifton, Ontario.

Lydia E. Pinkham's Vegetable Com-
pound, made from roots and herbs,
has proved to be the most successful
remedy for curing the worst forms of
menstrual trouble, including displacements,
inflammation, fibroid tumors, irregu-
larities, periodic pains, headache, bear-
ing-down feeling, flatulency, indiges-
tion, and nervous prostration. It costs
but a trifle to try it, and the result has
been worth millions to suffering women.

PEOPLE FLEE
FROM FURY OF
MOUNT ETNA

Catania, Sicily, Sept. 12.—The eruption
of Mount Etna has become more intense.
The showers of ashes and cinders are heav-
ier and the rumbling of earth shocks at
short intervals is heard for miles around.
The shocks are growing in violence and
panic prevails. The fear of the people is
augmented by the great heat and the suf-
focating atmosphere. All the country
round about is covered with ashes and
seems under an immense funeral pall.

It is reported that three families have
opened but so far it has been impossible
to ascertain whether they are emitting
lava because of their altitude and the
thick smoke that lies over them.

The people of the villages on the slopes
of Mount Etna, have abandoned their
homes. Some of the houses have been
damaged and hundreds of men, women and
children, who are fleeing from place to
place, carrying pictures of the saints cry-
ing and imploring mercy. At Girare, six-
teen miles from Catania, the patients were
carried out of the hospitals by nurses, who
feared that the building would collapse.

A new fissure has opened above Lingua
Glossa, which lies at the foot of Mount
Etna and brilliant flashes illuminate the
thick column of smoke. Lava is now de-
scending and threatens the village. It
has reached to the edge of the woods. It
is estimated that in all fourteen new fis-
sures have opened and they are emitting
smoke, ashes and lava. Even the streets
of Catania are covered with ashes.
