railroad, contained in a deed mäte by titchard M Andrews to the said Howard Trenholm, bearing date the twenty second day of May in the year of Our Lord, one thousand eight hundred and fifty seven, as by the said de 'd'reference' thereto being had, will more faily appear." With the exception of that portion thereof converted by deed hearing faits the fourteenth day of March, in the year of Our Lord One tho said eight hundred and fifty eight by Howard Trenholm and Filzabeth bis wife, to Wellington Haidh, and deterrib d therein as :--

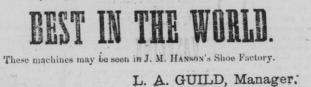

material; also the length of stitch can be regulated from above, while the machine is in motion. The tensions are easily, evenly, and perfectly the machine is in motion. The tensions are easily, evenly, and perfectly adjusted, the under tension being self-regulating, and no threading up required in the shuttle. The underthread is drawn from a short, deep bobbin, giving a perfectly even tension, never breaking the thread, making the Lock Stitch, the strongest and best. It runs lighest of any shuttle machine. Makes the tenst noise. Has self setting needle. Has the most room-under the arm. Never skips stitches or breaks threads. Is most easily learned. Can be instantaneously adjusted to work from No. 300 to No. 10 cotton. Is theroughly made in all its parts of the best restrict and ensay machine is warranted by the Conneavy and its best material, and every machine is warranted by the Company and its Agents.
