

MANUFACTURERS' ASSOCIATION PRESIDENT'S ADDRESS AT ANNUAL CONVENTION

Is in Favor of Export Duty on Canadian Pulp Wood—Financial Stringency.

Toronto, Sept. 24.—A strong plea for an export duty on Canadian pulp wood was one of the features of President Harry Cockshutt's address to the Canadian Manufacturers' Association at its annual meeting at the King Edward hotel this afternoon. Mr. Cockshutt stated that 2,500,000 cords of pulp wood went to the United States every year.

"By allowing this material to leave our country in its unmanufactured state we are simply contributing to the upbuilding of our greatest industrial rival," he said. "The imposition of an export duty would unquestionably compel the investment of United States capital in Canada pulp mills, would provide employment for thousands of Canadian workmen and would at once open the door for the sale of Canadian pulp abroad."

Dealing with the present financial stringency, Mr. Cockshutt indicated what he believed to be some of the causes. None of them pointed to any inherent weakness in their financial institutions. On the contrary, they rather led to the belief that the stringency was due somewhat to over-development and an unfortunate combination of untoward circumstances.

IMBLING CASE IN THE COUNTY COURT Two Chinamen Charged With Infraction of the Law Plead Not Guilty.

Charged with conducting a gambling house and selling lottery tickets at 49 Cormorant street, Sun Jung and Tai Bow, two Chinamen who were committed for trial in the early part of August, elected for speedy trial in the County court to-day and pleaded "not guilty."

The preliminary hearing of the case took place in the city police court following a raid by Chief of Police Laangley and members of the force on the premises, blind store bearing the name Sun, Lion & Co. According to the evidence given at the first hearing, E. Fox and Neil McDonald, two police constables from Vancouver, were brought over to Victoria to secure the convictions and, after these two had frequented the premises upon another occasion, a successful raid resulted in the commitment of the two Chinamen.

H. Dallas Helmcken, K.C., appeared for the Crown and W. S. Moresby for the defence. All the exhibits, numbering over two hundred, including gambling paraphernalia commonly used for lottery games and "chuck-a-luck" was in evidence.

Continuing his evidence, the chief of police stated that he found a large number of tickets posted up on the wall of the room, showing the various sums which had been won by fortunate players. These tickets were covered over with newspapers, the latter having evidently been there only a short time. In a room upstairs he found further gambling paraphernalia and the general appearance of the premises denoted that they were used for gambling.

Cross-examined by Mr. Moresby the chief stated that, previous to a raid made by him and his men on August 3rd, the sale of lottery tickets had been openly conducted in Chinatown.

"Didn't nearly every store about Flanagan and Government streets have tickets lying on the counters and in plain view?" asked Mr. Moresby.

The chief said that as far as he had heard this was so. Mr. Moresby asked him whether tickets could be obtained to-day.

CRITICISM OF THE COUNCIL F. C. WINKLER GAVE VIEWS IN A LETTER He Objected to Rule With Respect to Project of Coffin Island Warehouse.

The action of the city council in asking F. C. Winkler, who is desirous of building a warehouse on Coffin Island, which he recently purchased, to give a bond that he will observe the city by-laws evoked a strong reply from that gentleman at last evening's meeting.

The chief of police said that the chances, as far as he could figure them out, were considerably less in a lottery game than in a sweepstake.

The chief admitted that he was not personally acquainted with the methods of conducting lottery games. He gave some evidence regarding his experience of gambling in Chinatown and told of the various ways in which the gamblers guarded their resorts.

In reply to Mr. Moresby the chief said that he could not swear to this, it had been his experience.

E. Fox, constable in the Vancouver police force, gave evidence of playing "chuck-a-luck" in company with Neil McDonald at the defendant's premises.

Owing to the difficulties that have always confronted the local authorities in securing convictions upon charges of gambling the outcome of the case is being watched with interest.

Mr. Moresby did not cross-examine him, the case being adjourned until tomorrow morning.
