Robarts of the Canadian Bank bushels, and the Lake of the Woods great milling concerns went into buy as their stocks were short, and all admit that their courageous action has been the means not only of stiffening the market generally, placing the western farmer upon the nost advantageous ground. Both the Ogilvies and the Lake of the Woods have purchased in a fast rising market, yet at today's prices these enterprising concerns stand to salt away at least \$150,000 each.

> Hugh McLennan is, however, the wheat king as far as profits are concerned, for with from two to three million bushels already on the way to the sea from Chicago, Duluth and other ports, the general belief is that this gentleman is worth more by a full quarter of a million dollars than he was four weeks ago. "He has cleared \$200,000 this time if he has member of the board of trade said to the Sun correspondent today.

There is another pleasing feature in the case and it is being commented upon all round, viz., that the Manitoba farmer has been getting a higher Louise, youngest daughter of Thomas A. and Beruba Da.ey, aged 9 morths and 11 than, and Beruba Da.ey, aged 18 morthes and 11 than, aged 35 years, and mother of James and Wilkiam Dawley. Total Beruba Da.ey, aged 9 morths and 11 price for his grain than his brother agriculturalist on the south side of the magriculturalist on the south side of the month agriculturalist on the south side of the month sage coming back to the Montreal men, the correspondent learns that several more snug fortunes have been made in our midst. Adam Thompson has cleared from \$50,000 to \$60,000, and the friends of Jim Carruthers are declaring that he would not take a check for either of the sums just mentioned for his profits on wheat. Alex McFee has likewise, it is claimed, made \$50,000, and Alex. G. McBean from \$40,000 to \$50,000 James B. Campbell, who is a member of the Chicago board of trade, is credited with having added \$15,000 to \$20,000 to his capital in the same manner, while the boys say Edgar Judge has cleared \$10,000 in several wheat and flour speculations. This speculation has not, however, been confined to the well-known names price for his grain than his brother confined to the well-known names given above, and it is probable that as many as a dozen other men have made profits all he way from \$1,000 to \$10,000, so it is not at all surprising that smiling faces should be the order of the day on 'change. They are all good fellows and no one grudges them this streak of good luck.

New York, Oct. 19.-There is apparently no end to the sensational developments connected with the present bull campaign in wheat. Today the market echipsed all previous efforts by rising perpendicularly 4 1-2 cents at the opening. The afternoon was marked by a tendency to take profits on early purchases and prices lost two cents a bushel, or half the total advance, closing from 2 3-8 to 2 7-8 net higher than Saturday night. December opened at 85 7-8 against 81 3-4 Saturday; sold up to 86 1-2 and dropped back to 84 1-4, closing at
