HARVEY, MEN AND BOYS' CLOTHING,
199 and 201 Union St.MERCY RULES
IN COUNTY COURTSentence Suspended On Two
Accused of Theft.Case of Kelly vs Connolly. For Re-
covery of Foot Race Stakes
Is Now On.The county court sittings opened this
morning at 10 o'clock before Mr. Jus-
tice Forbes.

Ernest Hampton and Elsie Earle, ar-
rested some time ago for theft, elected
to be tried under the Speedy Trials
Act.

Elsie Earle, who is charged with
having stolen \$25 from Margaret Mc-
Kenzie, pleaded guilty to the offence
and threw herself upon the mercy of
the court.

His honor called the prisoner for-
ward and talked very impressively to
her of the nature of her crime. He
told her that if she would agree to re-
form her life he would suspend sen-
tence against her. This was the sec-
ond time, he said, she had come be-
fore him charged with the same of-
fence, and he cautioned her that if she
appeared a third time the law would
have to take its course. His honor
said he had decided on this course in
consequence of assurances from friends
of the prisoner in Carleton that she
would be looked after more closely.

After giving the prisoner good advice
his honor handed her over to the care
of her grandmother in Carleton, who
had promised to look after her. The
prisoner promised his honor that she
would bear in mind his counsel.

Ernest Hampton pleaded not guilty
to the charge against him. He is ac-
cused of stealing a watch and chain
from Andrew Miller.

Andrew Miller, from whom the watch
and chain were stolen, told of the steal-
ing of it. He said it was taken from
the stern of his boat on the 22nd July
last.

Detective Killen testified to the man-
ner in which the watch was recovered
at a second-hand store on Dock street.
The chain was found in the possession
of Hampton, who had been seen com-
ing from this second-hand store.

Samuel Webber, who keeps the sec-
ond-hand store which the watch was
sold, identified the watch. He said
the prisoner was not the man who sold
him the watch.

Ernest Hampton took the stand in
his own behalf. He stated that he
knew nothing at all about the watch.
He admitted he was on the wharf that
day. The chain, he said, he had picked
up after it had been thrown away as
worthless by a companion. Some time
after the companion told him that he
had taken the watch from the stern of
Miller's boat. He excused his not in-
forming on his companion on the head
of drunkenness.

His honor asked the prisoner if he
expected the court to believe the story,
in the face of the prisoner's past re-
cord.

Robert Craft took the stand and
spoke in behalf of the prisoner's char-
acter. He asked his honor to exempt
the prisoner from the present offence
and promised to be personally re-
sponsible for his future conduct.

His honor agreed to suspend sentence
against the prisoner for the present,
on the joint recognition of Craft and
Hampton for \$500.

The case of Kelly vs. Connolly was
then taken up. This is an action that
arose out of the Kelly-Earle sprint-
ing race run on the Shamrock ground
early in the summer. Daniel Connolly
held for each contestant his stake
amounting to \$100, placed upon the out-
come of the race. It will be remembered
that Kelly was the only one who
covered the ground, Eatman, for some
cause or other, dropping out. The
race was awarded to Kelly, and the
present suit is brought by him to re-
cover the stake.

K. C. appeared for Kelly.

David Kelly, brother of the plaintiff,
was the first witness called. He re-
counted the steps that led up to the
race, the negotiations that took place
between the contestants Kelly and Eat-
man, and the final arrangements. The
arrived at agreement under the terms
of which the race was run was put in
evidence. The witness said that the
referee's decision was in favor of
Kelly, and that there was no word of
protest then from the other side. Sub-
sequently a protest did come against
the payment of the stakes over to
Kelly.

W. Macrae, who appeared for the de-
fendant, cross-examined the witness as
to the protest and as to the time at
which the race was pulled off.

Edward Farren, the starter in the
foot race, told what occurred on the
evening of the race.

Arthur McHugh, who was the referee
in the race, testified to his awarding
the race to Kelly. He said that the
starter, Mr. Farren, having said that
the start was a fair one, he then gave
the race to Kelly.

Daniel Kelly, the plaintiff, and the
contestant in the foot race, said that
there were two false starts before the
sprinters got off. He ran the race
alone after Eatman had dropped out.

Cross-examined by Mr. Macrae, he
said that he did not check his pace
when he knew that he was running
the race alone.

Andrew Wilson said that he was
judge of the finish. Kelly, he said,
finished the race alone.

Alexander Gillespie said that he was
judge at the start for the Kelly side.
After one false start, he saw the race
get into position for the race. Kelly
started and Eatman stayed on the
mark. He heard Eatman say some-
thing about Kelly starting before the
word "go."

This closed the plaintiff's case, and
court adjourned to 2.30.

FOR THE D. R. A. MATCHES.

Lieut. Stanley B. Smith is today
taking entries for a St. John team to
compete in the Dominion Rifle Associa-
tion matches on Rockcliffe Range, Ot-
tawa. Those who enter may shoot
either individually or as a team. The
entries are to be sent forward tonight.THIRD RACE LOOKS
EASY FOR RELIANCE.She Gains Nearly 8 Minutes On First
Half---Wind Very Light---May
Not Finish.

NEW YORK, Aug. 27.—It was dark
and lowering this morning when the
crews of the two big yachts began to
prepare for the third contest. The sky
was overcast and at seven o'clock light
showers of rain were falling in many
places within a radius of thirty miles
of Sandy Hook. The southeast breeze
which blew finely all day yesterday had
blown itself out by dawn this morning
and although there were faint breaths
of air from that direction there were
many calm spots out over the ocean.
Yesterday's southeaster had left some-
thing of a ground swell and the surf
along shore was fairly heavy.

About 7.30 a. m. the wind began to
breeze up from a little north of east,
thereby carrying out the predictions of
the weather bureau. Still at this hour
the air did not have strength enough
to warrant the starting of a race and
three and a half hours before the time
set for the yachts to cross the line, the
chances for a postponement seemed
better than for a race. At
8 o'clock the wind had freshened some
and was blowing about four miles from
the east. On the racers, instead of
hoisting their forefalls in stops and
stripping the covers off the mainmast,
before going to, those on the yachts
were looking with some degree of ap-
prehension at the weather signs.

RACE STORY BY BULLETINS.

NEW YORK, Aug. 27, 8 a. m.—The
outlook this morning is not very favor-
able for the Reliance-Shamrock III.
race. The wind is southeast and not
more than four miles an hour at Sandy
Hook. The sky is overcast, but the
sea is quite smooth.

NEW YORK, 9 a. m.—The wind has
not increased to more than four miles
an hour and is holding a little from
south of east. At 8.45 a. m. Reliance
started for the lightship in tow.

NEW YORK.—At 9.05 a. m. Sham-
rock under about three miles. Reliance
towards the lightship.

NEW YORK, 9.55 a. m.—Wind is
freshening, and prospects for a race
are improving.

NEW YORK, 10.25 a. m.—Both yachts
are at the starting line, but have not
dropped their bows. Wind at the
lightship has again dropped and there
is almost a calm.

NEW YORK, 10.35 a. m.—The re-
gatta committee has signalled the
course for a windward and leeward
race.

NEW YORK, 10.51 a. m.—The regatta
committee has just signalled that the
course will be southeast. Wind very
light, scarcely more than three or four
miles an hour. Both yachts have

windward of line and wind about five
miles, from southeast.

RELIANCE CROSSES FIRST.

NEW YORK, 11.02 a. m.—Both
yachts have crossed the starting line.
Actual starting time, unofficial: Re-
liance, 11.02.58; Shamrock, 11.03.05. Both
yachts had such a close fight for po-
sition that neither crossed before the
official gun was fired, so that the
official time of each for the start is
11.02.00.

NEW YORK, 11.30 a. m.—Twenty
minutes after start Reliance had ap-
parent lead of half a mile.

NEW YORK, 11.40 a. m.—Reliance
seems to have struck a puff of wind
and is moving quite fast. Both are
on the port tack.

NEW YORK, 11.55 a. m.—Yachts
have sailed about three miles. Re-
liance leading about half a mile.

NEW YORK, 12.09 p. m.—Reliance
now looks to be nearly a mile ahead.

WIND INCREASING.

NEW YORK, 12.13 p. m.—Wind
freshening; now about seven miles an
hour, hauling further to southward.

NEW YORK, 12.23 p. m.—(By Mar-
con) wireless from yacht Chetohla.—
Four miles from start Reliance is lead-
ing by half a mile. Sea is smooth,
weather cloudy; wind five knots and
increasing.

NEW YORK, 12.30 p. m.—Reliance
has come about on starboard tack and
is heading almost for the outer mark.
She seems to be leading by a mile and
a half.

has come about on starboard tack and
was followed a minute later by Re-
liance.

estimated to be five minutes in lead of
Shamrock.

Shamrock went about on port tack.
Reliance following a few seconds later.
Reliance still has commanding lead.
She is four miles from the outer mark.

NEW YORK, Aug. 27, 1.07 p. m.—
1.15 p. m.—Reliance is leading by eight
minutes, and is dead to windward.

HAULING SAND FROM CARLETON.

Three or four years ago it was the
custom among contractors and build-
ers to use sand which had been pro-
cured from the shore just below Pro-
ctor street, in Carleton place. Very large
quantities were hauled away from
there and at last matters went so far
that property owners were compelled
to object to the work. The sand bars
formed a natural retaining wall and the
removal of the sand rendered the bank
liable to gradual washing away by the
tides.

Upon the objection being made the
board of works ordered that no more
sand should be hauled from this place,
and for a time the order was obeyed.
But during almost all of the present
season teamsters have been hauling
the sand just as formerly until now
there are very large pits along the
shore. The residents have again ob-
jected and the question will be the
second time come before the board of
works on Tuesday next.

PROMINENT METHODIST
CLERGYMEN COMING.

It is expected that Rev. A. C. Crews,
of Toronto, secretary of Sunday schools
and Epworth league, will be in the city
on Sunday and Monday, October 4th
and 5th, and will hold a convention
here in connection with his depart-
ments. Efforts are also being made to
have Dr. C. C. C. in the city some time
in October, probably the 10th, to take
part in the Wesley bi-centenary cele-
bration. These meetings will all be
held in Centenary church.

A FISHING PARTY.

Scott's Neplusquit party arrived in
the city today, and put up at the
Royal. There are altogether three
men in the party, accompanied by
eight guides. They started from Perth
and fished along till they reached Bath-
urst. The party is well satisfied with
the fishing and charmed with the
country through which they passed.
They were out 57 days, and enjoyed
every day. Moose and deer they re-
port as very plentiful.

CENTENARY SPIRE.

The proposed new work on Centenary
church will not probably be begun
either this year or next, but if the
present intentions are carried out it
will be gone ahead with in 1905. The
trustees of the church have asked an
architect for an estimate of the cost
of the proposed new tower and spire,
but this is more for the sake of hav-
ing an idea of what is required rather
than for going ahead with the work.

J. C. Robinson, formerly of this city,
but now of Springfield, Mass., arrived
in the city by this morning's Boston
express.

Mrs. Geo. J. Clarke, of St. Stephen,
is a guest at the Royal.

TERROR REIGNS
IN TURKEY.Balkan Outlook Darkening---
Turks Guard Constantinople.Insurgents Blow Up Train With
Dynamite --- A Turko-Greek
Alliance Possible.

SOFIA, Bulgaria, Aug. 27.—The east-
bound daily express from Buda Pest
to Constantinople was blown up near
Kulit Burgas, about twenty-five miles
south of Adrianople, early this morn-
ing. Seven persons were killed and fif-
teen were injured. Dynamite bombs
were used. Every car was smashed.
Apparently the outrage was the work
of revolutionists who travelled on the
train.

VIENNA, Aug. 27.—It is stated that
the porte is preparing an answer to
the recent Bulgarian memorandum to
the powers by a note declaring Bul-
garia to be directly responsible for the
rising in the vilayet of Adrianople and
declining to be answerable for the con-
sequence. There is also talk of the
possibility of a Turko-Greek alliance.

LONDON, Aug. 27.—The Sofia corre-
spondent of the Times, discussing the
situation in the Balkans, says a war
between Turkey and Bulgaria is no
longer regarded as the only remedy. It
seems probable that in order to save
appearances Austria and Russia will
support an amplified reform scheme. It
is quite clear that a new departure
must be made. The visit of the Czar
to Vienna is expected to mark a new
stage in the policy of the two powers.

It is reported from Adrianople that
the troops are using petroleum to burn
the forests sheltering the insurgents.
It is also stated that the Turkish of-
ficers have received orders to pursue
the rebels into Bulgaria.

Telegrams from Burgas, Turkey, sev-
enty-six miles northeast of Adrianople,
state that a Russian cruiser has en-
tered that port. Excitement is increas-
ing in Serbia, continues the corre-
spondent of the Times, on account of
the Macedonian rebellion. The radical
leaders are inclined to advocate the
establishment of an autonomous gov-
ernment in Macedonia provided that
due allowance is made for Serbian
claims in the district north of Shar.
The large insurgent successes are hail-
ed with enthusiasm. The sixth reg-
iment, notorious for its share in the
conspiracy against the late King Alex-
ander, is especially eager for war, and
it seems not improbable that King
Peter, yielding to military dictation,
may eventually place himself at the
head of the warlike movement.

The Vienna correspondent of the
Times says the Balkan outlook is daily
darkening, and Turkey is taking pre-
cautions for the safety of Constanti-
nople.

REGICIDES IN CONTROL.

King Peter, of Serbia, is Only a
Tool in Their Hands—Plotters
Condemned to Death.

LONDON, Aug. 27.—The Daily Mail's
correspondent at Belgrade says that
King Peter is determined to suppress
the military malcontents with an iron
hand. On Tuesday three army colonels,
two captains and a newspaper editor
were condemned to death for participa-
tion in a plot which was discovered
and rendered abortive. Despite this,
however, says the correspondent, the
king is obviously in the hands of the
recent regicides who are causing a
veritable reign of terror.
