Britt Gets Decision Over Sullivan in Twentieth Round—St. John's Defeat Tartars—American Yacht Won.

BASEBALL.

ST. JOHN, 11; TARTARS, 4.
The locals defeated the Tartars yesterday by a score of 11 to 4.

The game had some excellent features; two double plays, one from a thrilling catch by Harris in the left field, who in reaching for the fly ball and fell, got up on his feet and as he grasped the ball went over again, but triumphantly held aloft the ball and fished it to second in time to cut off the returning base runner. The Tartars also made a good double, Geo. Finnamore to Frank Hughes and then to Capt. Burden.

Geo. Finnamore's work at short was a feature, while Bucky Mills played exceptional game behind the plate. Nesbitt presided at the bat for the locals, while Boone was touched up for thirteen. Cooper's work at third was a delightful surprise.

Boone has pitched three games in succession now for the Tartars, winning one and losing two. Tommy Hughes will deliver the sphere at today's game.

The teams were:
Tartars—A. Finnamore, c.; Burden, 1st b.; T. Hughes, c.f.; Macfarlane, 1st b.; Geo. Finnamore, 2nd b.; F. Hughes, 3rd b.; Roberts, 3rd b.; Jones, r.f.; Boone, p. z.

R. L. BORDEN VISITS TORONTO.

TORONTO, July 21.—R. L. Borden, leader of the opposition in the dominion house, was in the city today and called on Premier Whitney in company with D. Barr, M. P., of Dufferin and S. McCarthy, M. P., of Calgary. He remained about an hour. Premier Whitney says Borden's visit has no political significance. Borden said he was taking a much needed rest and his visit was important. He would return to Halifax at once.

"Will you speak of the increased indemnity or say what effect it will have on the electors?" he was asked. "I have not had time to hear much about it, just having come from a long session."

TRURO BEAT AMHERST AT LACROSSE YESTERDAY.
HALIFAX, N. S., July 21.—Truro whipped Amherst at lacrosse in Truro today, securing a place in the final maritime league series. Truro defeated Amherst once. The game was fast and interesting, but Amherst lost largely by depending too much on Black, their star man, and also fagged the last quarter. Black is a fine player and Amherst put all the work to him, but he could not play the whole game. The score at the end of the first quarter: 2 to 0; 2nd, 2 to 1; 3rd, 4 to 1; 4th, 5 to 1.

PRESBYTERIAN GARDEN PARTY.
The Mission Band of the Fairville Presbyterian church held a successful garden party on the church grounds last evening. There were games of bean bag, ring toss, as well as one which called for skill in hitting and smashing coconuts. There was a large crowd present, and every one had an evening full of enjoyment.

Wm. Moonch presided over the ladies' tea, and was complimented for his good taste and sufficient reason why every one should try his skill. The ring toss was under Daniel Campbell's supervision.

The most popular booth was that of Mrs. Wm. Moonch, who was assisted by Miss Lizzy Coyle, Miss Stella Smith, Miss Maggie Irvin, Miss Minnie Irvin, Miss Ruby Smith and Miss Helen.

The grounds were well lighted by rows of electric lights, and the music furnished by the Carleton Serenade Band was a delight to all.

This wonderful bowel complaint cure will do the same for you as it did for Mr. Chas. Durham, Toronto, Ont. He writes as follows:

"I was troubled for over four years with Weak Bowels and Diarrhoea and could not get any medicine to cure me until I tried Dr. Fowler's Extract of Wild Strawberry. Since taking this medicine I have had none of my former trouble, and can recommend it to any person with the same complaint that I had."

left to face. Sullivan came back with the same hard blow. Britt backed away, stepped in on the kid and landed a hard right to jaw. Britt put a hard right to the jaw.

Round 12—Sullivan bared in but failed to connect. Britt landed hard to the jaw. Sullivan landed a hard left to the jaw and a right to the face. Sullivan rushed Britt but was upstaged with a hard right to chin. Sullivan rushed around the ring but failed to land. Britt put straight left to jaw and right to head. Sullivan received a hard left to the jaw and as the round closed he was again the recipient of Jimmy's wicked left.

Round 13—Punching work characterized this round, including a mixup in which Britt did heavy fighting.

Round 14—Caution marked this. Neither man suffered. Round 15—Sullivan was wild. They clinched and Sullivan's nose bled again.

Round 16—Several blows were exchanged, the only hard one being Sullivan's left to Britt's jaw.

Round 17—Sullivan rushed and delivered rights to body and jaw. His other attempts were wild. Britt fell and Sullivan politely helped him to his feet. Nobody was hurt.

Round 18—Most of the blows on both sides were blocked. Britt forced things in early stages but Sullivan came up and the round was even.

Round 19—Sullivan rushed several times and both landed a number of blows. Britt to face, Sullivan three to kidneys.

Round 20—They went at it like wild cats and both danced around getting in succession of blows on each other. Sullivan landed twice on kidneys and got two on the jaw. He finished by giving a right hook to the stomach. Sullivan was bleeding freely.

40 KILLED AND 100 HURT IN U. S. WARSHIP EXPLOSION.

Boiler on American Gunboat Blew Up With Awful Results—Everybody on Board More or Less Injured.

SAN DIEGO, Cal., July 21.—One officer and 39 members of the crew of the U. S. gunboat Bennington were killed, and nearly 100 sailors were injured, some fatally, at 10 o'clock this morning by a boiler explosion which lifted part of the deck and compelled the beaching of the ship.

SAN DIEGO, Cal., July 21.—One of the most frightful disasters in the history of the American navy, excepting the sinking of the Maine in Havana harbor, occurred at 10:29 a. m. today in the San Diego harbor on the board the United States gunboat Bennington. At a moment when the warship was lying at anchor and with her officers and crew quietly attending to their duties on board, was the chief object of interest to hundreds of people observing her on piers, pleasure boats and passing ferry boats, a cloud of steam suddenly burst from a point just forward of the smokestack, out of which the spectators were horrified to see bodies and human fragments hurled high in the air and scattered over the surrounding water.

BOAR AS OF THUNDER.
The outburst was accompanied by a roar as of thunder and a shock that rocked vessels near by. In an instant the air was filled with shrieks of pain from the wounded, which could be heard ashore, and with flying fragments of human beings and pieces of the ship's superstructure. The next moment bleeding sailors were fighting, crippled in the water, against death in only a less sudden form than that from which they had escaped, while row boats, sail boats, launches and tugs were being driven to the rescue as fast as arms, wind and steam could carry them.

A ferry boat, which was passing near by, turned and hastened to render assistance, her own deck crowded with frightened men and women who saw the havoc that had been wrought in a twinkling.

A HORRIBLE SIGHT.
A most horrible sight met those who approached. In the water men with blackened faces were struggling, handicapped by injuries; others on deck covered with blood and grim, some dead, some wounded frightfully, others taken aboard the small craft. At the wharves preparations were speedily made for the rescue of the survivors.

ATTENDING THE WOUNDED.
Within a short time a score of physicians were attending the wounded. Most of the dead and injured were taken ashore, where the undertakers and physicians were assembled. The bodies of many of the men taken from the wrecked interior of the ship were mutilated almost beyond recognition. The faces of many were covered with blood and ashes. Some bodies may never be identified.

Temporary quarters ashore were arranged for the survivors.

TORE GREAT HOLE.
On board the Bennington were presented terrible scenes. The force of the explosion had torn a great hole in the starboard side of the ship and the vessel was already commencing to list. A section of the upper deck was carried away from stem to stern. Blood and wreckage were strewn over the entire ship, the after cabin and that part of the ship adjacent to the exploded boiler resembling a charnel house.

STEAM WAS UP.
Steam was up and everything was in readiness for the departure of the Bennington when the starboard forward boiler exploded with a deafening roar. Columns of water were forced high in the air. A dozen or more men were blown overboard by the force of the blast. Captain Wentworth, who was looking at the Bennington when the disaster occurred, says he saw human bodies hurled over 100 feet upwards. The air was clouded with vapor, which enveloped the ship. When the haze cleared away only a few men could be seen on the decks, while a number were foundering in the water. A boat was lowered from the vessel's side and most of the men in the water were picked up and taken on board.

REV. MR. PROSSER WILL REMAIN.
Rev. A. J. Prosser, pastor of the Waterloo street Free Baptist church has returned from his visit to the west, having been as far west as Banff. The congregation at Moosemin, Saskatchewan, where he preached expressed regret that he would not remain here. Mr. Prosser decided to remain here. His resignation was, he said, only in accordance with a by-law of the church. Mr. Prosser was delighted with the west. There are great openings there for the agricultural classes; the towns, however, are overcrowded with unskilled labor. All overworked with unskilled labor. All the school buildings and churches are well built but some of them are not half filled. The best church, he said, was a Baptist one in Winnipeg. The Presbyterian church has, however, the greatest hold on the west.

NARROW ESCAPE IN THE FALLS.
George Garrett, in company with three other men, was bringing a row boat down from Indian town yesterday, when they met a tug taking a small raft of logs through the falls. They sought the chance for a tow, and passed the bridges safely, but when just at the big eddy at the rock they saw a schooner close upon them. At the same time the tug, caught by the current, swung round and against the side of the schooner. Two of the men in the boat jumped quickly to the raft safely, but Garrett, fearing the boat was to be crushed between the logs and the schooner, dived into the eddy, but managed to get on the raft in safety. The rowboat turned over and filled, but was picked up later on the Fairville shore.

FAKE MEETING IN FAIRVILLE.
Handbills calling an indignation meeting of the Fairville and Lancaster ratepayers for last night in the Orange hall, been assiduously placed under the doors of the houses in that part of the town, but when the eventful time arrived last evening, it was found to be the work of a practical joker, as the hall had not been engaged by anyone. A crowd gathered and C. Taylor, Jr. opened the hall door and let them in, but as there was no one present who was indignant enough to start the meeting the crowd soon melted. All the same the crowd turning up showed there are some grounds for the handbill being circulated.

THE LUDLOW A SUCCESS.
The Ludlow was given her official trial trip yesterday afternoon and there several opinion was that she had proved a great success. The boat proceeded beyond Partridge falls, down nearly to New Head, about six miles from the city. She was driven at about ten knots an hour. After the boat docked at Long wharf before going ashore the passengers assembled in one of the cabins and were entertained for an hour or more with brief speeches from those connected with the building of the boat.

SAVAGE BACHELOR.
"This paper says," remarked the callow youth, "that the bride was supported to the altar by her father."

"Yes," growled the savage bachelor, "and I'm offering odds of 50 to 1 that he'll have to keep on supporting her."
