## DEATHS

MRS. JAMES A. CAMPBELL

The death of Mrs. James A. Campbell took place at Westfield yesterday morning after a painful illness of

### MANY DON'T KNOW HEART AFFECTED.

More People than Aware of It Have Heart Disease.

"If examinations were made of every man, people would be surprised at the number of persons walking about suffering from heart disease."

This startling statement was made by a doctor at a recent lecture. "I should not like to say that heart disease is as common as this would imply," said the expert, "but I am sure that the number of persons going about with weak hearts must be very large."

"Hundreds of people go about their daily work on the verge of death, and yet do not know it. It is only when the shock comes that kills them that the unsuspected weakness of the heart is made apparent."

"But undoubtedly heart weakness, not disease, is more prevalent nowadays. I should think that the stress of living, the wear and rush of modern business life, have a lot to do with heart trouble."

There is no doubt but that this is correct, and we would strongly advise any one suffering in any way from heart trouble to try a course of Milburn's Heart and Nerve Pills.

Price 50 cts. per box or 3 boxes for \$1.25, all dealers or will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

### FLUTTERING OF THE HEART.

Mrs. G. M. White, Williamstown, N. B., writes: "I was troubled with weak heart and fluttering of the heart. I was so bad I could scarcely lie down to bed. I procured a box of Milburn's Heart and Nerve Pills and they helped me so much I got another box and it has made a final cure. I cannot speak too highly of them. I think they are worth their weight in gold."

more than five months. She was 77 years old, and, besides her husband, leaves two daughters and one son.

Mrs. Joseph O'Donnell, Mrs. John O'Donnell and James J. Conley, all of whom reside in Boston.

MRS. MAUD L. FOSTER.

Mrs. Maud L. Foster, wife of John E. Foster, died on Sunday at 165 Bridge street. She had been ill about five months. She was 33 years of age.

She is survived by her husband and five children. Mrs. Foster was a daughter of James Maxson, of Belyea's Cove, Queens county.

FREDERICK JONES.

Frederick Jones, aged twenty years, died at the residence of Samuel Currie, at Royal Road, Douglas, on Sunday evening. He returned from a stream driving only on Wednesday last, and Dr. Mullin, of St. Mary's, found the young man had an exceptionally bad case of diphtheria.

MR. JOHN SPRINGER.

CHATHAM, N. B., June 7.—Mr. John Springer, a native of Belgium, but for thirty-seven years a resident of Chatham, died suddenly today in his 60th year. Deceased had been about as usual and there was no indication of ill health. Shortly after five o'clock he was seized with a weak spell and before the doctor could arrive had passed away. He leaves a wife, two sons, Frank and James, and two daughters, Mrs. Frank Ulloch and Mrs. William Savage, all of Chatham.

Mr. Springer was born in Waterloo and passed many years of his early life in Antwerp before coming to this country.

MISS ALICE DOHERTY.

Miss Alice Doherty, daughter of Pilot Joseph Doherty, died last evening at her father's residence, 142 Britain street, after an illness lasting about two months. The deceased was a general favorite with all and much sympathy will be extended to the bereaved parents and family.

LONDON HOUSE — CHARLOTTE ST.

### COUNCIL INCREASED

#### SOME OF THE SALARIES

Others Will Remain as They Are—Water Rates Cause Discussion.

At the meeting of the Common Council held yesterday the treasury board's report was adopted recommending the payment of the recorder's bill, amounting to \$225.50, incurred in the appropriation proceedings of the Gordon-Sleeth and Quinlan leasehold properties. The recommendation of the safety board to increase a large number of salaries caused much discussion.

Ald. Vanward moved an amendment to the section making the increases to date from Jan. 1, 1910.

Ald. Potts moved in amendment that the increases be made to date from July 1 and that the wherewithal be taken from the Lonsdale lands fund.

The motion to increase Director Wisely's salary dating from July was lost, Ald. Belyea, Potts, Wilson and Sproul voting for.

The motion for the increase dating from January 1st was then put and carried, Ald. Elkin, Lewis, Codner, Hayes and Frink voting against.

The motion to increase the salaries of the chiefs of the fire and police departments was lost by a vote of eight to six.

The same fate awaited the motion to increase the salary of Charles Piercy.

On the casting vote of the mayor the salaries of all the officials named in the above list except the ones already referred to and the five last were ordered to remain at the old figure.

The last five sections were carried, to take effect Jan. 1st and the report adopted as amended.

Upon the report of the Water and Sewerage Board being brought down Ald. Kelley brought up the motion of the water rate upon manufacturing industries. He had in hand a number of concerns whose rates had been doubled during the past year. He thought that if any class of ratepayers merited consideration it was the manufacturers.

He asked for an explanation.

Ald. Frink stated that upon the matter being brought up the board had been determined to oppose the increase. He had heard of no complaints and the rate for this year had not been changed.

Ald. Baxter pointed out that the decision of the Water and Sewerage Board was final in the matter of fixing rates. There was therefore nothing that could be done in the matter.

Ald. Kelley moved that section one, fixing the rates, be laid on the table pending the opinion of the recorder in the matter of the board's powers in fixing the rates. The amendment was carried.

Section two recommended that the water assessment against the Protestant Orphan Asylum, the St. Vincent

Home and St. Patrick Industrial Home be one dollar each.

Ald. Elkin moved in amendment to the motion to adopt the section above it be referred back to the board for further consideration. The amendment was carried, Ald. Kelley voting against it.

Section five recommended that the work of constructing the Alford water extension be proceeded with.

Ald. Baxter thought that before a vote be taken a statement should be forthcoming from the engineer showing the estimated cost of utility.

Ald. Kelley moved in amendment to the motion to adopt the section above it the matter be referred back to the board and that the proposed Adelaide street extension be taken up at the same time.

The amendment was lost and the motion, upon being put, lacked the two-thirds vote required.

The amendment moved by Ald. Potts provided for the following increase in the salaries of ferry employees: Deckhands from \$40 to \$50 per month; firemen, \$45 to \$50 per month; engineers, \$43.50 to \$50; watchmen, \$43 to \$50; oilers, \$43 to \$50; collectors, \$41 to \$50.

The minimum salary in all cases to be \$40 and maximum \$50.

Ald. Baxter resigned from the library commission and nominated Dr. George U. Hay to serve in his stead. Mrs. E. A. Smith was re-elected to position, her term of office having also expired.

The following communications were referred to the boards competent to act thereon:

Communication from Dominion Chair Co. (Ltd.), of Bass River, asking for reduced wharfage rates.

Communication from Amos A. Wilson, K.C., stating that he had been retained by John McCracken to take proceedings against the city for false arrest.

Communication from J. M. Price, attorney-at-law, stating that he has been retained by Henry W. Robertson to call upon the city for compensation for making arrest for taxes, the same having been paid.

Communication from the New Brunswick Cold Storage Co. Ltd., with reference to charges for water supply.

Communication from the secretary of the St. John Board of Trade, calling attention to the importance of arranging for elevator facilities at berths Nos. 4, 5 and 7, West St. John.

Communication from the secretary of the St. John Board of Trade, asking that the board may be furnished with a copy of an agreement to be entered into with the C. P. R. with reference to proposed transfer of land as soon as it is prepared and before it is confirmed.

Communication from Thomas Potts, Esq., chairman of the commissioners of the Great Marsh, objecting to plans for repairing the abutment, etc., and stating that the commissioners will hold the parties repairing the abutment responsible for any damage, etc.

Communication from the secretary of the Canadian Federation of Boards of Trade and Municipalities asking the Common Council to adopt a resolution favoring the early commencement of the Georgian Bay canal.

"What is your member of Congress noted for?"

"Well," answered Farmer Cornatoss, "around here he's mostly noted for arguments that won't go down and seeds that won't come up."

WOMEN AND THE BALLOT.

Fell Clerk—"Mary Gladys Jarley votes ballot number two hundred and

M. G. J.—"Oh, wait a moment, please! Give me that book I want to add a postscript."

## TO INVESTIGATE SWINE INDUSTRY

OTTAWA, June 7.—At the last session of parliament provision was made for the appointment of a commission to proceed to Denmark, the United Kingdom and Ireland to investigate the condition of the swine industry in these countries with special reference to pork packing. The commission has now been appointed and consists of W. W. Ballantyne of Downs, near Stratford, and W. Jones of Zenda, Middlesex, representing Ontario; Geo. Jarreau of Trois Rivières, representing Quebec; J. E. Sinclair of Springfield, P. E. I., representing the Maritime Provinces; and Joseph Rye of Dauphin, Alberta, representing the west. The commission will sail from Montreal on the 18th instant and will be absent about three months.

### CONVENTION AT SUSSEX.

Among those who went to Sussex yesterday to attend the Church of England S. S. Convention were the Rev. J. West, B. Stewart and Mrs. Stewart; Rev. E. B. Hooper, Mrs. H. H. Pickett and Miss Ethel Jarvis. Rev. Canon Smithers, travelling secretary of missions, passed through from Fredericton last night to take part in the convention. Canon Cowie also went through yesterday. Bishop Richardson will go to Sussex today. The sessions of the convention will occupy all of today and Wednesday. Several addresses, followed by discussions, will be given upon the most modern methods of Sunday school work.

## DR. PUGSLEY'S OFFICE ABLAZE

OTTAWA, June 7.—Fire which broke out in the office of the Minister of Public Works at the west block of parliament buildings at one o'clock today burned all the Minister's morning mail together with a number of important departmental papers on his desk and did damage to the room to the extent of about \$300. Hon. Dr. Pugsley was in the room but a few minutes before, and on his return from an adjoining room found his desk and chair ablaze. An alarm was immediately given and the Dominion fire police in the building soon extinguished the blaze with the fire hose in the corridor. The fire is thought to have originated from electric wiring leading from the Minister's desk to the various offices in the department.

At least six of Canada's cabinet Ministers will be in England next month. Hon. Frank Oliver, instead of sailing late in the summer as originally intended, has changed his plans and will sail on Friday next on immigration business. Hon. Mr. Brodeur and Sir Frederick Borden expect to sail on the 25th instant to attend the Imperial conference on naval defense. Hon. Geo. F. Graham sails on July 2nd, and will be absent about two months. Hon. Messrs. Aylesworth and Fielding are already in London. Hon. Chas. Murphy will make a trip through the Canadian West during the summer and will probably speak at a number of points. Sir Richard Cartwright leaves on Wednesday next to spend two months at his summer residence at Kingston.

ANSWERED.  
"What happens when a man's temperature goes down as far as it can go?"  
"He has cold feet, ma'am."

## PAVED STREETS CERTAINTY NOW

FREDERICTON, N. B., June 7.—Arthur Anderson, of the post office staff, and nephew of the Hon. Thos. C. Ashburnham, was quietly married this afternoon at the home of the groom's parents to Miss Barbara Allen, daughter of the Hon. E. H. Allen, ex-provincial secretary. The ceremony was performed by the Rev. Dr. Smith of St. Paul's Presbyterian Church in the presence of the relatives of the contracting parties.

A meeting of the city council was held this afternoon. It was decided to ask for tenders for laying 4,500 yards of pavement on Queen street between Regent and Carlton, and also for 700 yards of curbing on Queen street.

A resolution was also passed recommending the extension of Carleton street from Charlotte to Needham streets. Tenders are to close on the 19th instant.

Reports from outlying districts are to the effect that the fires are still raging, but in many quarters to less extent. Chief Fire and Game Warden Dean arrived in the city this evening and will start tomorrow morning for the Kewville district, stopping off at Cardigan. Word received from that quarter says that much destruction to property has been made, and Mr. Dean will use every endeavor to stop its progress.

ST. JOHN, N. B., June 7.—A collision with an iceberg fifty miles off shore today sent the schooner Gelsa to the bottom. The schooner had previously collided with another ice pillar, and when the second struck their vessel the crew of six men had their boats in readiness and lowered them. The sailors reported little heaving in the extent and solidity of the ice floes. They reported meeting the first ice nearly 100 miles off shore.

# A Mighty Ruler, He

## Who wisely rules himself.

Curious what a scrap you have now and then (maybe two or three "nows" and several "thens") with what the old Scotchman called the "deceivful part" of your make-up.

It's safe to say "you" and not miss the mark, for we all belong to the same lodge, and it seems to be a part of some great plan to try us out and so if we can thus earn the right to rule greater things.

Most every day some one of the many "warriors of the enemy" comes across your pathway and puts up a scrap to see if he can rule.

You must be well trained and alert or he will make you bend the knee or, perhaps, break a leg or permanently cripple you.

There are several of these "enemies" which can be named over, but for the purpose of this article let us speak of the narcotics, the family which includes morphine, whisky, coffee, cocaine, tea, tobacco, etc., all the same family, each member having a different degree of strength.

Now, coffee is perhaps one of the most plausible and deceitful of them all.

It has many friends, but coolly and cunningly knives them, and they don't know where the blow comes from.

Many and many a poor, nervous wreck with weak heart, suffers by day and lies sleepless at night without suspecting that his "dear old friend," Mr. Coffee, is quietly pushing him along towards the silent city. No, coffee don't hurt everyone by any manner of means, but it does pick out the highly organized individuals and wrecks them by the score.

Perhaps the victim realizes it, but has fallen time and again in the battle and been whipped so often that he has given up and bowed the head to the chain of his master.

"I simply cannot give up my coffee," is the wail, and so day by day he grovels and the master stretches him a few turns tighter on the rack of suffering.

Make sure of one thing. Once you become conscious of the fact that a fight is on, suffering follows steadily until you are able to rule.

Then comes the reward—comfort, health and happiness for the victor.

It is good work to stand right up and smash away with a "nailed fist" but it's much more comfortable to whip Mr. Coffee by throwing him "right over the side of the mountain" and give his place to Postum.

A steaming, fragrant cup of this famous beverage has the clear seal-brown color which changes to a rich golden brown under cream.

Of times remarkable changes quickly follow the victory of one's better self over a known enemy. Peaceful sleep, balanced nerves, stronger heart, and all the joy which comes after the removal of a drug and its replacement with natural food elements which old Dame Nature is only too glad to seize upon for the building material so badly needed and so long denied.

Well, here's best wishes to you, reader. Hope you don't get "licked" too often, its weakening.
