Shortly After Noon Yesterday.

Picked the Lock and Got Clean Away-The Police Went After Them.

Friday morning Oscar Kilson and James Briggs, alias Smith, were before the police magistrate on the charge of several burgiaries.

The testimony of Wm. J. Maynes, Sergeant Kilpatrick and Nelson Kilson, the father of the of the boys, was taken in the morning and about 12.45 they were remanded to jail. Their counsel, J. B. M. Baxter, accompanied them and asked Turnkey Cunningham to let him confer with the prisoners privately in a cell. The turnkey said that there was not a cell suitable and

that Mr. Baxter would have to talk to them at the end of the main corridor on the first floor. The prisoners and their counsel accordingly went to the place designated, where there was a small table and a bench. During the conversation Briggs and Kilson generally stood, but sometimes one or the other would sit on the table or bench for a minute or two and sometimes would walk around in a space at the junction of the old and new jail, which is about 10 or 15 feet square. At one side there is a wooden door which opened on a stairway leading down to the jail basement. At the foot of the stairs is another door opening into the portion of the jail yard which lies between the annex and the registry office. Both doors are supposed to be kept locked, and no doubt were this morning. After some conversation with the boys Mr. Baxter went forward to the turnkey's office and asked Mr. Cunningham if Capt. Kilson should come to send him along the corridor to talk with him and the prisoners. A little later on Mr. Baxter went to the door leading into the police station and

asked Officer Earle if Capt. Kilson had remained in the police building. The officer said he had not, and Mr. Baxter returned to his men. These two absences, not making more than five or six minutes all told, were the only times the prisoners were alone, Shortly after 1 o'clock Turnkey Cunningham went off duty and Turnkey Clifford came on. He and Deputy Sheriff Rankin were in the fail office when Mr. Baxter came in and said that he was through with his interview. Turnkey Clifford, without waiting to let Mr. Baxter out, went at once to lock the prisoners up. When Mr. Baxter left them they were standing close to the bench, where all the consultations had taken place. In the short time that it had taken him to walk the length of the corridor and Turnkey Clifford to traverse the same distance the men had disappeared. After a few minutes, while Deputy Sheriff Rankine was telling Mr. Baxter about a previ-

ous attempt of the men to break jail,

the turnkey came back and asked Mr.

Baxter where he had left the prison-

ers. Upon his reply Mr. Clifford said:
"They're gone then." the jail yard, but there was no trace ed several purses of gold. of the escaped men. A wooden gate leading into a yard on Leinster stree was found open, and apparently the men had forced it open and thus got clear. The yard is used by Tilley & Clark, the builders of the new jail, for their material. It was then found that the locks had been picked in the two doors before mentioned. A later ac-count says that a ladder was found placed against a brick building in rear of the jail. The men may have got on the building, down to the roof of a shed and from that to the street Whatever way the escape was effected it shows cool planning and resolution coupled with almost lightning-like rapidity of action, which must have taken practice to acquire.

Sheriff Ritchie started out early Friday afternoon in pursuit of Kelson and Briggs, the young fellows Chief of who escaped from the jail. Police Clark and some of his men joined in the chase. Every train which left town was watched and places where the escaped prisoners were liable to visit were closely viewed. Sheriff Ritchie took with him Turnkey Cunningham, drove out the Golden Grove road and when they were near the woollen mills they sighted the two lads. They were not together. Briggs was behind Kelson, and Turnkey Cunningham levelled his revolver at Briggs and declared that if he moved he would shoot him. Briggs stopped and was taken in Kelson took to the woods. The sheriff and Turnkey Cunningham placed Briggs in jail again about seven o'clock last night. Kelson knows the whole country about Golden Grove, so it may be taken for granted that considerable difficulty will be experienced in getting him. The police are after him, but up till 2 o'clock this morning there was no word of his having been re-captured .

JUNE BRIDES.

EARL-BRADLEY.

The residence of Andrew Bradley pn Charles street was Wednesday evening the scene of a very Thomas A. King of Queenbury, N. pretty wedding, when Mr. Brad-ley's daughter, Miss Frances E. Crouseville.

Bradley, was united in marriage

Bradley, Was united in marriage

BECKWITH-TOTMAN. to Robert Earl of Drury Cove. The ceremony was performed by the Reva T. J. Deinstadt in the presence of a large number of the relatives and friends of the contracting parties. The bride was attended by her sister, Miss Lille E. Bradley and the groom was

supported by William J. Stagg. After the ceremony luncheon was served and a reception held, and Mr. and Mrs. Earl drove to their house at Drury Cove.

DYKEMAN-PURDY.

A very pretty and fashionable wedding took place yesterday at the "Oh, dear no. He's looking for am op-Baptist church, Upper Jemseg, when portunity to consent to accept a posi-Ethelbert P. Dykeman, manager of the tion."-Chicago Post.

J. A. Clark Co., Germain street, was united in marriage to Miss Laura Purdy, eldest daughter of Arch. Purdy. Kelson and Briggs Got out o'clock by the Rev. W. J. Gordon, in Pays High Honor to Mrs. Harriet the presence of a large number of re-latives and friends of the contracting parties. The church was very pretdecorated with flowers and green and the music during the marriage service was furnished by the choir, of which Miss Purdy was one of the most

popular members.

Miss Purdy was given away by her father. She was attended by her sister, Miss Nellie Purdy, as bridesmaid, and little Misses Dolly Purdy and Cilla Colwell as maids of honor.

The groom was supported by Charles K. Cowan, of St. John. Immediately after the ceremony Mr. and Mrs. Dykeman drove to the wharf where they took the steamer May Queen for this city. They will reside

at 303 Main street. The bride was the recipient of a great many handsome and valuable gifts. Among them were a substantial cheque from her brother Ernest Purdy, of New Whatcomb, and from the groom beautiful silver tea service.

TRAINOR-McDONALD.

the Cathedral Wednesday In Rev. A. W. Meehan at the marriage of Trainor of 21 St. Patrick officiated of Owen street, to Miss Margaret McDonald, daughter of John McDonald of 66 Brussels street. The ceremony was performed at eight o'clock in the presence of a large number of friends of

the bride and groom.

The bride was attended by her sister,
Miss Josie McDonald, while the groom was supported by Walter Winslow. After the ceremony the party drove to Mr. Trainer's home where luncheon

was served and a reception held. The bride received many handsome gifts, among them being a carving set from F. E. Holman & Co., the groom's employers. Mr. and Mrs. Trainor will reside at

The Prince sent Miss Lane a handsome collection of pertraits, which yet

adorn the walls of her home. Two years prior to the death of her uncle, Miss Lane was married to Henry Elliott Johnson of Baltimore.

USE FOR COAL ASHES.

These are exceedingly valuable to the plant-grower and to the grower for market in particular, says the British Fruit Grower, which expresses the optnion that they should be more freely used by growers generally. All are conversant with their value as a bed upon which to stand plants in the open, as also for a covering to stages for glasshouse work. Four sizes of steves should be used through which the ashes have to pass. A three-quarter inch mesh is used to clear the ashes of cinders, which are returned to the fires after the clinkers have been picked out for paths, etc.

The ashes are next passed through a one-half inch mesh, the part remaining in being used for drainage for pots and boxes. Then a one-quarter inch mesh is used for the portion for covering stages for the plants to stand upon. It has been demonstrated by experiment that coal ashes as we use them will always give off by evaporation much larger quantities of moisture in glass houses than will a body of water covering the same area, and the value of the tanks may be saved by the use of the by-product of combustion. A mesh of one-eighth inch is used for the balance, and this is one of the most valuable parts of a valuable whole. Almost any sort of cuttings can be successfully struck in it. Many things otherwise difficult will in this material strike readily. It can be used instead of sand for many plants in potting.

It is valuable as a means of fixing nitrogen, and canary guano and artificials of all kinds should be always mixed with an equal bulk or more some days before using. A bushel of inne ash, and allowed to lie for several days, is of nearly double value to the grower-by such admixture—that is to say, the ashes have become as valuable as the manure in actual application, for the reason that the nitrogen has been fixed and will be held by the ash for plant use, instead of being washed away by watering or rain in the open. Fine ashes are used for forcing seakale and chicory—to put about the roots. Fine ashes we use for callusing seakale cutt These are exceedingly valuable to the plant-grower and to the grower for market

C. P. R. WORK.

The season's ballasting on the Atlantic division of the C. P. R. is about completed, and on Thursday next the steam shovel which has been working on the branch lines will be brought to Bay Shore to commence operations on the second section of the new yard. It is expected that quite a large number of men will be employed on this and other improvements to be made by the C. P. R. this summer. All the culverts ter's washouts have been replaced by more permanent structures and the line is now in first class condition.

OF COURSE HE WOULD.

Interviewed by a Halifax Herald reporter, Hon. J. W. Longley, president of the Nova Scotia provincial exhibiion, gave it as his conviction that St. John has fixed its date too early. "If I had been arranging the New Brunswick programme," said Mr. Longley, "I should have favored a date im mediately following the Nova Scotia

Every Woman Should Know.

That Prof. W. Hodgson Ellis, Official Analyst to the Dominion Government, has recently made a number of analyses of soaps, and reports that "Sunlight Soap contains that high "percentage of oils or fats necessary" to a good laundry soap."

What every woman does not know is that in common soaps she frequently pays for adulterations at the price of oils and fats. Try Sunlight Soap—Octagon Bar—next wash day, and you will see that Prof. Ellis is right. He should know. 206

AT GALENA, ILL.

Marriage of Rupert E. Smith of the St. John Branch of the Royal Bank of Canada.

And Miss Edith Regula Ridd, Only Daughter of Mr. and Mrs. William Ridd.

The marriage took place at the beautiful residence of Mr. and Mrs. William wedding:

June is the month of roses, and this was a rose wedding, the decorations being pink and white roses. Potted plants and ferns were the back ground him on the White House balcony when of the receiving party. The library west drawing room was an exquisite bower of smilax, ferns and bride rose in which the marriage ceremony was performed. A large central bouquet of pink roses was on the dining table, which was strewn with pink roses and festooned with smilax, while a profusion of pink roses were all about the room. Fruit punch was served in the

upper hall. At half-past eight the Lohengrin Bridal Chorus was heard, being beautifully rendered by Mrs. Barrett at the piano, together with a stringed orchestra. Dr. Chas. C. McLean, the officialin ante-bellum days.

King Edward has seen to it that every social distinction awaks the American woman who made pleasant his visit to the American capital more than a third of a century ago. The Prince of Weles were the prince of the bride. From the hall came the Misses McCloskey and Augusta Corwich and the prince of Weles were the prince of the pr Prince of Wales was no stranger to Miss Lane when he came here. While her uncle was minister to England other ends in charge in the hallway. These ladies were gowned in thin white with pink sashes, and were members of a club with Miss Ridd. The attendants came up the aisle in the followwrote more cordial notes to President ing order: Miss Irene Hellman and Buchanan, thanking him for the hosand Dr. Harry Howard, Master War-ren Crawford, a little man in white, bearing the ring on a rose covered white satin cushion, little Miss Maude Elizabeth Stevens, a fairy flower girl in white with gold slippers, strewing white roses in the path of the bride, who followed on the arm of her father. quet of lilies of the valley and maiden hair ferns. The bridemalds were thin white gowns trimmed in exquisite lace and carried Ridd wore black lace and diamonds. The wedding ceremony was impressively performed to the accompaniment of soft music, after which the many friends pressed forward to offer their congratulations to the happy pair. After a delicious wedding supper was served Mr. and Mrs. Smith departed on the midnight train for a tour through the east and thence to their future home at 188 Princess street, St. John, New Brunswick, where they will first be at home to their friends on the

fourth Tuesday and Wednesday in June. The going away costume of the bride was of royal blue in style of Louis XIV. Mrs. Smith does not go to St. John as a stranger, having visited there several seasons and made many friends, who will be glad to welcome her. Decorations of Ameri-

can and Canadian colors will greet her in her new home. Miss Ridd has grown to wome thood in Galena, and is graceful in society, a winsome and lovable young lady of many accomplishments, and will be greatly missed. Her education included much of travel in her own country and abroad, and an extensive course in music. She is a fine planist an adept with the harp, and has for the pipe organ of the Methodist Episcopal church, where her loss will be greatly felt.

Mr. Smith is in the St. John branch of the Royal Bank of Canada, and has showed marked ability in this line of business. He has visited Galena sev eral times, and has made many friends

A great many beautiful gifts were received by the young couple here, and many more await them at St. John. Each member of the bridal party was remembered with a beautiful souvenir

Many new and beautiful toiletter were worn on this occasion, and the ssemblage was a brilliant one. Among the guests from out of the city were William G. Smith of St. John: Mrs. Baume of Rockford, Ill. Mr. and Miss Stevens of Philadelphia; Mrs. Leigh Leslie of Omaha, and Edward Green of Philadelphia.

WEDDING ANNIVERSARY. The home of Mr. and Mrs. F. J.

Ratcliff, St. Patrick street, was invaded on Friday evening by about fifty of their friends, who called for the purpose of reminding them that they had been twenty years married.

During the evening Mr. Gardner presented the surprised host and hostes with a beautiful sideboard as a remembrance of the occasion. Supper was served about midnight, and the gathering dispersed, wishing Mr. and Mrs. Ratcliff many more years of

wedded life.

MONEY TO LOAN.

Why Young Men and Young Women Ought to Study It.

It is omewhat surprising to the average person to be told that the advertising business is the greatest business in the world. That this is a fact

is shown by statistics. At nearly as it is possible to esti-mate, there are expended for advertis-ing in the United States about \$600,-000,000 a year. This is an immens amount of money—a sum whose mag-nitude can be grasped when it is noted that the entire annual wheat crop of the country is worth but \$319,-000,000, the production of pig iron but \$91,000,000, and that all the gold produced in the United States in one year amounts to but \$210,000,000. It has just who followed on the arm of her father. The bridal gown was of white Louisine silk elaborately trimmed in Valenciennes lace, and the veil, which was her mother's, was caught with pearls. She carried an exquisite shower bouing offers the most seductive and brilliantly profitable occupation for young men and women. The best of it is that the field is not crowded—that there i an actual dearth of people who really understand the advertising business. It is not a hard business to learn and can be learned quite inexpensively.

One of the beauties of it is that you earn while you learn, thus paying expenses as you go along.

The advertising business pays very large salaries, and the work is dignified and pleasant. Even those who do not contemplate going into the business should by all means study the art, as it has become demonstr that business success is impossible without good advertising and that those who forge to the front and make the fortunes are those who have learned the principles of advertising and how to apply them. Public attention has been called to these matters by Mr. Charles Austin Bates, the wellknown advertising specialist, Vanderbilt building, New York, who has for-mulated a plan for the thorough and practical teaching of the advertising usiness in all its branches and which

Moncton's Police Magistrate Dismisses the Charge

SILLICK GOES FREE.

MONCTON, N. B., June 8.- Charles Sillick, a member of the Church of the-Living God, arrested on a charge of manslaughter in connection with the death of his wife, which, according tomedical testimony, was due to refusal. to have medical treatment after childbirth, was dismissed by Stipendiary

Kay on Saturday afternoon. His honor Police Magistrate Kay, in giving his decision, said that the point is that the accused had left his work, had stayed by his wife all through he sickness. He had brought a doctor there, paying him in advance, but the deceased absolutely refused to take the doctor's medicine. As to the religious belief of the accused, it made no difference. The question was, was he ne-gligent or had he admitted anything that caused the death of his wife. His honor did not believe he was or had. The evidence showed that he was very weary attentive and kind. As his honor did weary not consider the evidence sufficient to 'am, I send him up for trial, he dismissed the
