(OPP. ROBERT STREET) TORONTO, ONT.

The question, HOW IS YOUR LAUNDRY WORK DONE interests you, does it not?

We ask for your patronage, feeling confident that we can please you.

We wash your goods perfectly clean without destroying with chemicals in order to save time and expense in washing.

We handle goods in the most careful manner; are yours returned ripped and torn?

LADIES

Patronize THE SARATOGA LAUNDRY CO. because we make a specialty of Ladies' and Children's work.

We pride ourselves on the work of this department, none can excel us and few can equal; we employ only the most expert fancy ironers—goods liable to crushing delivered in hampers.

Prices quoted for Household work on application.

GENTLEMEN

Patronize THE SARATOGA LAUNDRY CO. because we make shirts, collars and cuffs a beautiful clear colour, with exactly the proper degree of stiffness.

Gloss or dull finish, whichever you desire.

Why do you find collar button-holes destroyed before collar is half worn out? Because they are sealed hard and have been ruined by trying to get collar button through. We make button-holes soft and pliable by a device solely our own, preventing destruction of your collar.

Do you notice that the edge of your collar feels like the teeth of a saw after it is worn a short time? You will find edges of collars laundered by us round and smooth.

Wing points of collars turned without breaking; it is impossible to break a collar by our process.

Underwear washed in most careful manner—soft and pliable, without shrinking.

IF YOUR GOODS NEED MENDING, WE WILL DO IT FREE OF CHARGE.

Will it not be in your interest to give us a trial?
