The scene around Cecil Rhodes' farm the night preceding his interment was most extraordinary. The whole population of Buluwayo seemed to be moving there to camp, and as the darkness closed down the camp fires sparkled in all directions. Some natives tramped 100 miles to be at the interment.

Well, last winter was unfavorable for logging—there was no snow to speak of—and our supply of logs was so much less than usual that we were obliged to shut down the mill about the first of September. King Edward was represented by General Godfrey Clerk, his majesty's groom in waiting, and Sir Winn-Carrington represented the Prince of Wales. Joseph H. Choate, the United States ambassador; J.
