GREAT DAY FOR NELSON

Home Players Carried of all the Honors in the Big Events

First Day of Celebration Witnessed Fine Exhibitions of Baseball, Lacrosse and Marksman: hip-Program Today

Nelson first day of the celebration of the 39th anniversary of confederation came off most successfully yesterday, in every way.

The weather was as nearly perfect as

possible and although it was warm, yet a pleasant breeze blew all day long and no one found the heat excessive. No accident or misadventure occurr to mar the day's proceedings. The attendance of outside visitors was gratify-ingly large and the receipts at the recreation grounds, both morning and afternoon relieved the finance committee of any further anxiety about today's atendance, the crowd exceeding anticipa-

tions considerably.

It was Nelson's day so far as sporting events went, from start to finish. At the Gun club's successful shoot the two Spokane experts took the best money but of the B. C. shooters, C. H. Ink of Nelson, stood at the head of the list. The Patenaude cup was won in the final shoot off by Watson of Pilot

The lacrosse match between Nelson and Rossland was won by Nelson with a score of 4 to 1.

Nelson senior baseball players won from Colville by 8 to 4 and the juniors walked away with Trail 16 to 3.

At lawn tennis Nelson won three ou four events and Rossland one. The Queen's hotel was easily the best decorated building, the whole front of the house being dressed up, the Nelson colors, green and white, being the cen ter display, and various colored flags, bunting and drapes making up the rest. The Royal hotel had a generous dis-play of bunting and flags and the Hume had a special display of colored lights

at night. night. Charles Waterman was marshal of the day and performed his duties with all his old time vigor. The children's sports were scheduled to come off at 10 o'clock but the heat was so great that it was decided to hold them on Baker street in the shade about 6 o'clock. This was accordingly done, and Mr. Waterman carried out his usual program, marching the youngsters around to lively airs from the band to the enjoyment of the onlooking crowd—and the children. Before the children were disbanded each one of them received a prize.

The Indians turned out in full force

yesterday and made an interesting and picturesque group on Baker street dur-ing the day.

The band did yoeman service, playing

steadily all day at the different points. The street lighting decorations were particularly effective, rendering the business section a fairy-like scene in the

Odd Fellows' dance at Fraternity hall, and fireworks on the bluff at the east end of Baker street concluded the day's The Kaslo brought down about 150

passengers in the morning and the Rossland train about the same number. All the hotels were taxed to their limit but every one was looked after and no complaints were heard.

One commendable feature of the day was that there were no disturbances of any kind and no arrests were made. oday's program, which is that vesterday's is appended.

GUN CLUB TOURNAMENT

First Day's Shoot Very Successful—Pat enaude Cup Won By Watson.

The first day of the eighth annual ournament of the Nelson Gun club was shot off successfully yesterday morning and afternoon. The second day's shooting will commence at 9 o'clock this morning, in place of 10 o'clock, and an effort will be made to close the tourns ment this morning so as the shooters can see the football match and other sports this afternoon.
Chingren and Forbes, of Spokane,

headed the list yesterday being first and second respectively. In the 4th event Chingren made a possible and in the 3rd made only one miss. Forber just one short of a possible in the 2nd and 6th events. For the Patenaude Cup, open to B. C.

shooters only—the first event—Snyder, Ink and Watson tied with 16 and in the shoot off Watson won the tropy with 18.
Among the B. C. shooters four tied for first place with 114, viz, Blackwood, Ink, Watson and Burden. They will carry on their scores today as joint eaders for the high average trophy the Ink and Ward Cup.
For the added money prizes Chingren

with \$52.45 and Forbes came next with \$41.07. Among the B. C. shooters, Ink was the most fortunate, winning \$19.57. Of the other prize winners Lewis comes from Fernie, Burden and Watson Pilot Bay, and Desmond, Kaslo.
Chingren's average is nearly 89 per

Everything worked smoothly and satisfactorily on the grounds. The new electric traps being a great success.

LAWN TENNIS

Nelson Players Win in Three Events and Rossland in One.

There was a good gathering of players and spectators at the Tennis courts yesterday morning and afternoon, the weather being warm —warm enough for the most ardent lover of the game. The Rossland players came over in force and several good games resulted. The keenest and most interesting game of the day was in the finals of the ladies' doubles when Miss Fernau and Miss Robertson of Nelson defeated Miss Fald-ing and Mrs. Young, of Rossland,—2-6.

6-4, 7-6.
Appended are the results of the day's playing:

will be played here between the Nels winners later on.
The men's singles go to Rossland Nelson winning in the other three con-

ests. The principal attractions in the morn ing came off at the recreation grounds before a good sized crowd of spectators. The junior baseball match between Trail and Nelson was called at about 10.30 and Nelson was called at about 10.30 o'clock and at the outset considerable ginger was displayed by both nines. In the third innings, however, the little fellows from Nelson began to find the pitching of N.Trussell with good results for they made nine tallies before being retired. From that time the game dragged, for the visitors seemed to be out-classed by the home team. The locals classed by the home team. The locals fielded like veterans and while Brown was not pitching a very strong game his support was good enough to hold the visitors down to a very few safe

ing on the grounds. Four ponies entered and an exciting race was promised but poor management of the starters spoiled it. The first heat was called off owing to a bad start and a few minutes later the ponies were again lined up and sent off. The same trouble occurred and a chout was sent after them to reand a shout was sent after them to re did not hear it and went the full lap.
After a short rest still another try was
made and finally they got off well together. On the first turn Scotty McDonald's buckskin with the owner up,
took the lead and held it to the finish

Erma with Davidson up. About a dozen
would-be starters caused more confusion in starting the second heat. Scotty
again got the lead with Erma and Jack again got the lead with Erma and Jack close up, but Ferguson's third entry was left behind from the start. Davidson pressed Scotty hard but made a poor turn on the last corner and again the

buckskin won.

The entries were: Scotty McDonald's Buckskin, G. Ferguson's Erma, G. Fer-guson's Jack and Ferguson's Bay. They in the order named in each heat. BASEBALL

Colville 4, Nelson 8. In a good fast exhibition of the Amer ican national game the Nelsons defeat-ed the Colville nine by the above score. The game was fast and some pretty work was displayed by both nines. The

work was displayed by both mines. The pitchers were the centres of attraction on each team and in one sense it might be termed a pitcher's battle with both men getting league support.

The day was hot—so hot in fact, that Harry Wright, who handled the indicator, had to use one handkerchief as a neckshade while another was used to mon the persistent from his brow. mop the perspiration from his brow. When Harry got that Panama settled down over his head and the handkerchief draped behind he reminded the crowd of the photos of the Sphinx. Age the visitors—who kicked at one of his lecisions-found him as unalterable as

that self same Sphinx.

Colville never had a look-in at the score except in the fourth when they bunched hits and landed rather heavily on Gilpatrick. Five hits at opportune on diparter. Five his at opportunities gave them four runs when assisted by an error or so by the home team. The locals were batting well, Harrington, Gilpatrick and A. Bishop each getting a double bagger in addition to singles. The pretties hit of the day, however, and to look for the visitors. ever, goes to Jonas, for the visitors, who placed a pretty one in the left gar-den and got third on it. However it done him no good in the scoring line for the bags were lonesome about the time he landed on the sphere and before he could steal home the side was retired. Phillips and Sharr each secured a twobase hit.

Gilpatrick allowed one free transpor and Briggs got first on being hit by a pitched ball. Five men fanned the air before Gilpatrick's delivery and Wright made seven of Nelson men wonder jus how they had missed that ball for thre successive swipes. LACROSSE. Nelson, 4; Rossland, 1. Contesting every point, the Rossland acrosse team went down to defeat beterday afternoon. The local boys won but they had their work cut out. In the first and last quarters the visitors gave the local boys a hard run for first honors. fore the re-organized Nelson twelve yes-

honors.

Luck seemed against the visitors yesterday for in every line of sport Nelson won. The Rossland boys put up a good stiff game but it was clearly shown that the strength of the streng combination and team play—small though it be—is superior to individual work. On the visitors lineup were several first class individual players and they worked hard but they seemed to lack harmony in their teamwork. More practice will make them a first class

The local boys deserve full credit for The local boys deserve full credit for their victory for they had a hard game and showed up well. They had a better combination than the visitors and it counted considerably. Some of the players need more and steady practice to strengthen the teams but if they continue their regular work as they have in the past they should have no fears of any team in the Kootenays this year. The game was started at 3.45 yester-day afternoon before a large crowd which overflowed from the grandstand

onto the field.

Rossland took the ball at the start nd attempted a rush, which was soon locked and the ball went down the field. hard play Ray Ball drove a hot shot

Rossland put up a game fight to even the score but at quarter time no further tally had been made.

Seven minutes of play in the second quarter gave Rossland a chance to score and Funk did the trick. Steel thought that it was time to put Nelson ahead again and it took them five and a half minutes to do it. In the third quarter Bell and Steel each scored a goal and this completed the secoring of the day.

The fourth quarter was devold of score but was the most exciting of the day.

The visitors were out to do or die and put up a desperate if losing game.

Davison and Steel were the star players for Nelson. They both worked hard and made very effective players for Nelson. They both worked hard and made very effective players for the visitors, and in fact of both teams, was McQueen. He was always in the thick of the game and his work brought forth the applause of both Nelsonites and Rosslanders. Buchanan and McDonald were also conspicuous.

Arthur Perrier made a most efficie referee and his decisions were acceptable to both teams.

CLOSE OF CELEBRATION

ANOTHER DAY OF SUNSHINE AND GOOD SPORT.

RESULTS IN VARIOUS GAMES AN ATHLETIC EVENTS

(From Wednesday's Daily) Entirely satisfactory and under eedingly pleasant conditions the loca elebration of Canada's natal day came to a successful conclusion last evening

Baker street, from 7 until 9 o'clock last night made a very pretty and thoroughly enjoyable scene for everyon who took part in it. The cool, moon lit night, the gaily illuminated street with its crowd of well dressed, happy with its crowd of well dressed, happy-looking people promenading up and down listening to the melodious strains own isteming to the herodicus strains of the city band, combined to make a not easily forgotten picture. Indeed, the street band concert last evening proved one of the most enjoyable events of the two days' celebration and emphasized the strong desirability of having the con-cert repeated weekly during July and August if at all possible. For its share in the two days' celebration the band is entitled to all kinds of credit. The members of the organization worked steadily and faithfully and rendered excellent music. They should be encouraged and induced to render the citizens still further service.

During the morning the log rolling contest and the Caledonian sports were successfully carried out, and in future successfully carried out, and in future events, log rolling as a sport will pro-bably take a more prominent position. In the Caledonian sports H. M. Fuller-ton's victory in the fat men's race was most rougher. most popular.

Blackwood distinguished himself a

Blackwood distinguished himself at the second and closing day of the Gunclub tournament by winning the high average trophy, the Ink and Ward cup, coming within two of Forbes, the Spokane expert, for the day's shooting.

Nelson won a well contested football match with Coleman by a score of 2 to 1 and the Colville baseballers turned the tables on the local players, who defeated them the previous day, by winning out with a score of 8 to 3.

The drilling contest was handly won

The drilling contest was handily won by the Fauld brothers of Greenwood, who drilled 35 inches in the 15 minutes,

just about what they won by here last In the evening the basket ball match

In the evening the basket ball match, the band concert on Baker stret accompanied by a display of fireworks, and the dance at Fraternity hall completed the festivities.

One of the pleasing features yesterday and one of which Nelson people never seem to tire, was the children's parades on Baker street about 5 o'clock and again later in the evening. To the inspiring airs of the band the youngsters marched and counter marched up and down the street under the direction of marshal Waterman, and it is difficult to say whether the children or the onlookers, who warmly applauded them, enjoyed the proceedings most.

conlockers, who warmly applauded them, enjoyed the proceedings most.

The time was when Nelson depended on the balance of the Kootenays to help her celebrate Dominion Day successfully. Yesterday and the day before there were elaborate celebrations east and west of the territory from which the crowds used to flock here as a matter of course, and yet no one will gainsay that this year's celebration has been most successful in every possible way. It is clear, therefore, that on celebration days now we have a territory all our own which can be counted upon to loyally support local effort, and Nelson can count upon having the streets crowded with pleased sightseers and the recreation grounds filled with enthusiastic audiences whenever a good program of sports is anneunced.

sports is announced.

The financial returns for the celebration are not all in yet but there is certain to be a substantial balance on hand for the N. P. A. A. O. regatta, which takes place here on July 27 and

Nothwithstanding the large crowds that have been in the city since last Saturday night, it is worthy of note that not a single arrest was made by the police.

The results of the sports yesterday in

detail are appended: CALEDONIAN AND OTHER SPORTS

CALEDONIAN AND OTHER SPORTS

The second day of the celebration opened with fine weather and a good crowd at the first event—the log rolling contest in front of the city wharf.

Only two contestants were entered, but they put up an interesting exhibition and displayed marvellous activity while on that fast revolving log. George Broderick of Creston found the pace to hot for him after a few minutes and dropped into the water. He soon put in an appearance on the log for a second heat, but once more S. A. Mullen of Phoenix, proved the better man.

The contest consisted of two men on an ordinary log. The men stood on the log

ordinary log. The men stood on the log until the word to start was given and ther until the word to start was given and then they started it rolling. The one who could keep his feet the longest was the winner of the heat. While it did not last long the contest furnished plenty of amusement and it is expected that there will be many more entries the next time a like contest is pulled off in Nelson.

Headed by the city band the crowd then adjourned from the waterfront to the recreation grounds where the Caledonian sports were pulled off under the management of Harry Wright, M.L.A..

There was a good variety of events and

ment of Harry Wright, M.L.A..

There was a good variety of events and some interesting contests were witnessed. The only easy win was that of Herb Fullerton in the 50 yard fat man's race. Fullerton fit out at an express race from the start and Charlie Maglio made a good second. Had they been running the other way Bill Gosnell would have won for he was in the lead at the wrong end. was in the lead at the wrong end.

Carroll made quite a sweep of the running events and showed good form in his racing. Brett was his closest competitor, but Carroll easily had the best of it. Considering the fact that the 220 yard race was run with a turn, the time of 24 1-2 seconds, was remarkably good.

The greasy pig race caused quite a bit of excitement, but the porker was not game for a long race and the six Indians who started in pursuit soon caught him.

with an inability to land on Wright's benders, proved too much for the Nelson team yesterday and they lost the baseball match to the Colville nine.

The local boys had a couple of changes in their lineup which did not materially strengthen them. Blanchard was behind the bat and his poor throwing to second gave the visitors several chances to get on the keystone sack, when they should have been nalled before they reached it. Gilpatrick was playing short and made three errors which proved exceedingly costly, coming as they did well bunched together.

Harrington was at the firing end of the battery and pitched a neat game although lacking a little in control. Wright again officiated for the visitors and was more effective than on Monday and allowed but six safe hits. Shroeder landed on him for one which he placed in the left garden and managed to beat it to the home plate, making the only home run of the series. The two McPhee boys covered themselves with glory yesterday. In the sixth G. McPhee made the prettiest catch of the day. Ryan sent a high one away out near the fence and McPhee managed to get under

GOOD FOOTBALL

closely Contested Game Between Coleman and Nelson, Won by Home Team Coleman, 1; Nelson, 2.

"One of the prettlest, cleanest and best football matches ever played in Nelson," is the way a soccer enthusiast summed up yesterday afternoon's big attraction at the recreation grounds.

The attendance was not as large as that of Monday, but the crowd was sufficient to pack the grand stand. They were very enthusiastic and impartially cheered both teams. A good play—no matter by what team—met with just appreciation and as a result the visitors are all well placed with result the visitors are all well pleased with Nelson even though they did not win. The game started at 1:30 and from the kick off the players worked with a will. Nelson early settled down to business and two goals were kicked in the first half by Cox and Taylor. The visitors did not seem to be showing their proper form up to half

to be showing their proper form up to half time.

On resuming play the Coleman players showed better form and for a time they outplayed the home team, which was kept on the defensive. Sharples was given opportunity after opportunity to make spectacular plays and he did all that was expected of him. The pressure of the visitors forwards became too great and they finally scored. Barnes doing the trick. Spurred on by this gain they went at it again nut Nelson rallied and sent the pigskin up the field. It did not stay there long for the visitors sent it back in short order and so strongly did they press matters that at one

visitors sent it back in short order and so strongly did they press matters that at one time 21 players were within fifteen yards of the Nelson goal. Time was called before the visitors could the the score.

Excellent combination work and tactics were displayed by both teams and there were no individual weak players. Everybody seemed on a par and to be there with the intention of doing his very best. with the intention of doing his very best Nelson won the game, but it kept the local boys hustling at their very best gait.

DRILLING CONTEST

Foulds Brothers of Greenwood Win-Drilled 25 Inches

As the brilliant summer sun started to sink down behind the hills last evening all interest centered in the rock drilling contest and a great crowd gathered along the east end of Baker street, where upon the vacant lot adjoining the Queen's hotel a newly hewn block of granite had been put in place under the direction of Frank Phillips. Numerous rock drilling contests have taken place here and around the drilling platform on the grass lay seven other drilled blocks of granite used in formel celebrations.

Frank Brewer was official time keeper and Jakey Dover shouted the changes, while Frank Phillips looked after the arrangements.

Just two teams finally entered, one from Rossland hesitating and finally withdrawing. Jim and George Foulds of Greenwood were first on the ground and they were quickly followed by Robert Walters and A. J. McGillivray of Silverton. The former drew the start and about 7 o'clock Brewer shouted "start" and on went the human machine amid aplause and the drills commenced sinking down little by little. The Faulds brothers are well known in the Kootenays and have drilled here at many previous celebrations. They won last year with \$5 inches to their credit and they were looked upon as winners last night before the contest started. The crowd applauded the teams good work particuwere looked upon as winners last night before the contest started. The crowd applauded the teams good work particularly in the good changes made, and as the 15 minuites was drawing to a close, friends and supporters urged the men on, shouting and cheering them enthusiastically. Both men are splendid specimens of muscular development and were in fine form. When time was called Phillips measured and announced 35 inches flat, whereat there was more cheering.

Then the Silverton men got ready. They were a lighter built team but had plenty of supporters in the crowd and were very were a lighter built leam but had plenty of supporters in the crowd and were very warmly applauded when they got to work and all during the 15 minutes. When time was called it was announced that they had driven 31 1-2 inches, so the Fauld Bros, won with a good margin.
