

The Rupert group	91
General	91
Geological formations	91
Descriptions of veins	95
Values	95
The Lawson group	96
General	96
Geological formations	96
The veins	97
Development	99
Other claims on Highhorn creek	99
The Imperial mines	99
General	99
Summary	100
Geological formations	100
Description of veins	101
Values and treatment	102
Development	103
The Heavis mine	103
Hoekler Mountain claims	103
General	103
The White Star group	104
The Lake View group	104
General values	105
The Laverdiere group	105
General	105
The Alvine claim	105
The Brothton claim	106
Cupriferous silver-gold veins	106
General	106
The Petty group	106
The Dundee group	108
The Pelton group	109
Silver-lead veins	109
General	109
Big Canyon group	109
Summary	109
Geological formations	110
Descriptions of the veins	110
Upper vein	110
Lower vein	111
Other veins	112
Origin of the deposits	112
Values in the ores	113
Development	113
Other deposits	113
Copper veins	114
General	114
Geological formations	114
The veins	114
Origin of the copper	115
Economic importance	116
Antimony veins	116
Contact-metamorphic deposits	117
General	117
The Laverdiere group	117
General	117
Geological formations	118
Description of deposits	118
Genesis and age of deposits	119
The Callahan group	121
Coal	121
General	121
Sloko Lake claims	123
Other coal	124
