to see him again.

Residents on some of the principal

residential streets of the city com-

plain that some of their less up-

to-date neighbors are very careless

as to the condition of their back

yards. It is rather discouraging to

a man who keeps a clean yard to

live beside a neighbor who keeps

a yard full of ashes. Every yard

in the city should be cleaned out

every spring and if this were done

there would be less sickness during

this season of the year.

YOUR EYES

Are surely worth more to you than the price of a pair of glasses. If you value your eyes have them properly fitted at once. Delay and your eyes may become so bad that no glasses will help them, then you will regret it the rest of your days. This is true every word of it. Do not trust travelling Opticians and peddlars to fit you with glasses. They get your money and you get the experience. This we know because it is told us by people that come to us for glasses after having bought of the Spectacle peddler. Our Optician is a graduate of the Detroit Hawkeye College and is fully equipped with all the modern scientific apparatus. We will examine your eyes free of charge, at the sign of the Big Clock.
