One of Papineau's Spies Dies.

WASHINGTON SELECTED

The Spot Where the Peace Conference Will Be Held.

Plenipotentiaries to Meet in August
Probably—Pressing Japan to Name
Smallest Possible Indemnity in Cash
—Japan's Demand Are Believed to
Be Reasonable—Will Meet Russia
More Than Half Way.

Washington, June 15.—Washington has been selected as the place where the peace plenipotentiaries shall meet. The announcement came in the form of an official statement issued by Secretary Loeb by direction of the President. The statement follows:

"When the two Governments were unable to agree upon either Chetoo or Paris, the President suggested The Hague, but both Governments have now requested that Washington be chosen as the place of meeting, and the President has accordingly formally notified both Governments that Washington will be so selected."

Meeting Likely in August.
It is expected that within a few days at most Russia and Japan will announce formally the names of their respective plenipotentiaries. It is deemed likely as coincidentally with the announcement of the plenipotentiaries an agreement will be reached as to the time of holding the conference. It is indicated, however, that the proposed conference is scarcely likely to be convened before the middle of August.

Pressure is being brought to bear upon Japan to induce her to fix the sum which she will determine as an indemnity for the pending war at as low a figure in cash as is possible under the circumstances.

Japan's Demands Reasonable.
Vienna, June 15.—The opinion prevailing here is that the peace negotiations between Russia and Japan will eventually prove successful. This is based primarily on the belief that Japan will meet Russia more than half way in making unexpected reasonable demands. Certain intimations have been received here that Japan's terms are substantially as follows:

(1) The recognition of the Japanese protectorate over Korea.
(2) The return of Manchuria to China.

(3) International control of the Eastern Chinese Railroad.
(4) Regarding Port Arthur, the strategic value of this fortress has been over-estimated, and it is said that its ultimate disposal will not give rise to any controversy.

(5) It is not thought that Japan will demand the demolition of the fortifications at Vladivostok.
(6) The surrender of the Island of Sakhalin will not be demanded by Japan, principally because Japan has not yet carried the war into Russian territory.

(7) An understanding regarding an indemnity is not impossible, because it is declared Japan will content herself with demanding the cost of the war.

The Japanese Minister here in an interview said that if Russia honestly desired peace she could have it.

St. Petersburg, June 15.—Grand Duke Alexis, the high admiral, who is an uncle of the Emperor, and Admiral Avellan, head of the Russian Admiralty Department, have resigned.

German Ship Sunk by Russia.
London, June 15.—A German steamer, Tetartus, was sunk by the Russian auxiliary cruiser Don May 30, according to information received yesterday at Lloyd's. The Tetartus was on her way from Otaru (Japan) to Tientsin with a cargo of wooden sleepers.

Berlin, June 15.—There is no disposition to press Russia for immediate explanation of the sinking of the Tetartus.

S. S. LINE TO MEXICO.

Canada Will Have Direct Line Touching Havana One Way.
Mexico City, June 15.—The new Canadian-Mexican Steamship Line will begin operations July 29, when the first steamer, subsidized by the Canadian and Mexican Government will sail from Montreal to Mexican ports, touching at Havana. The boats may carry cargoes and passengers from Canada to Cuba, cargoes and passengers both ways between Mexico and Canada, but on northbound trips no freight may be taken from Cuba to Canada.

Montreal, June 15.—The Elder-Dempster Line declares that the draft contract for the service between Canada and Mexico has been forwarded to Liverpool. The first steamer will start on the 20th inst., but will not go beyond Cuba until the contract has been executed.

PARIS IS UNEASY.

Moroccan Conference Difficulties Have Depressing Influence.
Paris, June 15.—Much uneasiness prevails in official quarters here concerning the Franco-German situation growing out of the Moroccan question, and the continued Cabinet crisis resulting from M. Delcasse's retirement from the Foreign Office. Although the conferences between Premier Rouvier and Prince Radolin, the German ambassador, continue, they have not yet brought the satisfactory results that the officials anticipated.

Austria and Italy have notified the Moorish Government that they are prepared to accept the Sultan's invitation to an international conference on Morocco, provided the invitation is accepted by the Powers. Immediately concerned.

Over Subscribed.

London, June 15.—(C.A.P.)—The Bank of Montreal announces that the Canada Atlantic issue has been largely over-subscribed. Many letters of regret will be posted. The issue was quoted Wednesday at 1 1/4 to 3 1/4 premium.

For Five Years.

London, June 15.—(C.A.P.)—Albert Edward Pocock, a real estate agent of Reading, arrested at Montreal, has been sentenced to five years' penal servitude for forgery and theft of five deeds.

PROROGATION JULY 15.

Budget Speech Next Week—More Autonomy on Monday—The Government and Labor.

Ottawa, June 15.—It is expected the budget speech will be delivered next Thursday, and that the House will prorogue about the 10th or 15th of July.

Hon. Mr. Fielding will announce the appointment of a tariff commission to consist probably of Mr. Patterson, Mr. Brodeur and himself. Mr. Brodeur will take the place of Sir Richard Cartwright.

The discussion on the Autonomy Bill has been postponed until Monday next.

Cannot Enforce Award.
Claude Macdonell (South Toronto), called the attention of the House to the trouble existing between the Grand Trunk Railway and its telegraphers. Some time had elapsed since the award was made in the dispute between the company and its workers, but the award was not accepted by the Grand Trunk. At the present time negotiations were going on between the two parties.

Mr. Macdonell asked if the law in the matter could not be made effective. Mr. Emmerson admitted the act was not enforceable by any process of the courts. The only force was a moral one through the operation of public opinion. Mr. Emmerson admitted that all the law could secure was an inquiry which would bring out the facts.

Government and Labor.
Mr. Foster brought up the grievance of the Toronto district labor council regarding the alien labor law. The council asked that the law be made more effective. Mr. Foster declared it was alleged that a man named Leopold had an office in the same building where Mr. Preston was located. It was stated that this office was given the appearance of being under patronage of the Canadian immigration office. The result was that mechanics were induced to come to Canada for whom no employment could be found.

Mr. Fisher for the Government gave the old excuse of consideration of amendments to the Alien Labor Act by the present administration. He denied that Leopold's office had any connection with that of Preston.

The Labor Gazette came up in committee of supply, on the item of \$29,000 for the department of labor. The Opposition charged it as being used by the Government for party purposes.

Mr. Emmerson defended the vote. Mr. Foster warned the Minister against securing partisan correspondents for The Gazette. The vote passed.

The Union Label Bill.
Ottawa, June 15.—The bill to admit to registry the labels of incorporated trades unions was discussed before the Senate committee on banking and commerce yesterday morning. D. J. O'Donoghue, counsel for the Trades and Labor Congress, was heard on behalf of the bill, and Mr. Stewart, assistant secretary of the Canadian Manufacturers' Association, in opposition thereto. The first clause of the bill was defeated by 5 to 1. The committee rose, however, without concluding consideration of the measure.

Poisoned by Paris Green.

Waterloo, Ont., June 15.—The inquest on the death of Mrs. H. Hamel, who died suddenly on May 28th, was concluded yesterday. The report of Provincial Analyst Ellis showed a considerable quantity of Paris green in the stomach. The jury found that Mrs. Hamel's death was due to Paris green poisoning, the poison having been administered either by herself or by some person unknown. Her husband, who was present, was very much agitated. So strong is the suspicion against her husband, Henry Hamel, that a movement is on foot to force the Crown to take criminal proceedings.

When a man sees an opportunity, that's the time he ought to seize it.
