JAMES DOUGLAS, Caledonia, Ont.

### GOSSIP.

Shorthorn bulls are becoming more and more scarce; in fact, the country is almost cleared out of bulls for sale, fit for service. There are two left, however, at the barns of A. & J. Drummond, Clifford, Ont. See their advertisement.

Mr. J. W. Humpidge, London, Ont., has a choice herd of about 20 head of registered Jersey cattle on his farm near the city, comprising representatives of the St. Lambert and St. Heller families of fine quality, rich breeding, and the ability for good dairy work in milk and butter.

When an advertiser sets out to guarantee satisfaction, he is safe to patronize. J. C. Lyons, Lucknow, Ont., offers eggs from winners in this issue, and that is the sort we are all after. Eggs from various excellent breeds are included in the offering at reasonable prices. See advertisement.

Hermanville Farm, Hermanville, P. E. I., offers, in our advertising columns, the Tamworth brood sow Parkhill Mab 772, due to farrow June 30th. The sire and dam of this sow were farrowed at the Ontario Agricultural College Farm, at Guelph, and were considered high-class representatives of the breed. Her owner writes: "She is a magnificent animal and only a tempting offer would induce us to sell her. If she is not sold her pigs will be held for sale, \$10 to \$15 each, according to choice."

We regret to learn of the death at Rome, Italy, on May 5th, of Dr. J. A. Lillier, the eminent State Entomologist of New York, where for many years he has rendered distinguished services to the cause of fruit-growing and agriculture by the thoroughness and practical nature of his investigations. He was a constant contributor to the agricultural press, including the FARMER'S ADVOCATE. His last communication to our columns related to the use of bisulphide of carbon for the pea weevil.

A fine lot of Jerseys, selected by Mr. F. B. Peor, of New York State, have been imported from the Island for Mr. W. E. H. Massey, of Toronto, and are now in quarantine at Passaic, N. J. A representative of the Country Gentleman writes that "Mr. Massey evidently intend to make a clean sweep of it next autumn in Toronto, as he has one for each class. The yearling heifer, by Golden Lead 2nd, class, has a magnificent udder for her age, as has also the seven-year-old cow, having a wonderful milk vein. A three-year-old, due to calve in June, won the Island prize in her class."

F. Bonycastle & Sons, Campbellford, Ont., write, under date of May 3rd, 1898: "We are having a very nice spring here—everything two weeks in advance of last year. Spring wheat nearly all sown; fall grain looking well. We have an extra good lot of bull calves, and the best lot of Berkshire pigs we ever had, extra well marked and good size. We have shorn all our sheep some time ago. They averaged 11 pounds each of unwashed wool. We have Merino lambs now weighing over 50 lbs. There is every prospect of better times in Canada. We wish your paper every success."

Mr. W. A. Heubach, Qu'Appelle, Assa., has recently taken from Ontario to his ranch a carload of bulls and horses. The former found prize Shorthorns, which Mr. Heubach prices difficult to secure even at much lower prices than was necessary to pay last year for the same class of stock. The horses consist of two noted King Buns, was out of Lydia Gains, a Clydesdale stallion and a Thoroughbred. The last named, Bannerette, by King Bun, by imported King Bun, was out of Lydia Gains, a noted Southern race mare. Mr. McDonald, of Edmonton, is also taking out a car of registered animals, chiefly Shorthorn bulls, for his ranch.

At a meeting of the Western Fair Board on the 7th inst. judges were appointed for the classes of cattle, sheep and swine for the coming fair, as follows: Shorthorns and grades, James Smith, Paris; Jerseys, John Davidson, Monroe, Mich.; Ayrshires, John H. Douglas, Woodstock; Holsteins, H. Bolter, Cassel; Herefords, Polled Angus, and Galloways, Hiram Rawlings, Forest; Shropshires, R. Miller, Brougham; Oxford and Dorsets, R. Gibson, Delaware; Southdowns and Hampshire, W. Martin, Binbrook; Leicester, W. McIntosh, Buryoane; Lincoln, John Geary, McIntosh; Cotswolds, W. G. Laidlaw, Wilton London; Berkshires and Poland-Chinas, T. Grove; Yorkshires and Chester Whites, Wm. Jones, Zenda; Teaworths, Duroc-Jerseys, and Suffolks, S. Butterfield, London.

Mr. W. D. Platt, Hamilton, Ont., writes that he has recently sold from his "Trout Creek" herd of Shorthorns, to W. & D. Boyce, the young red bull, Duke - 16452-, by War Eagle - 13015-, a son of imported Warefare (66712), bred by S. Campbell, Kinellar, Scotland, and grandson of imported Duke of Laval - 1243-, bred by A. Cruickshank, Kinellar. War Eagle was one of the best show bulls in Canada, having twice won the sweepstakes silver medal as best bull any age at the Toronto Industrial Exhibition. The dam of Paris Duke was by The Premier - 43888-, a son of Muncaster, by imp. Vice-Consul, bred by A. Cruickshank, and winner of 1st prize by the Toronto Industrial Exhibition. The dam of The Premier was Village Gem, of the same family as Young Abbotsburn, champion ship winner over bulls of all beef breeds, any age, at the World's Fair, Chicago. Paris Duke is a straight, smooth, thrifty young bull, well formed and of good quality.

#### AN IMPORTANT SALE OF SHORTHORNS.

Messrs. E. Gaunt & Sons, St. Helen's, Ont., announce in our advertising columns in this issue a dispersion sale of the entire "Ample Shade" herd of Shorthorns on June 22nd. This herd regarded as one of the best herds in Canada, being well up to the standard in breeding and individual excellence, and having supplied many prize-winning animals at the leading shows in the Dominion, including the sweepstakes bull at the Toronto Exhibition last year. The time seems opportune for holding a sale, and should meet the requirements of both sellers and buyers. We shall mention of greater length to the animals composing the herd in our next issue. In the meantime it will be well to make application for the catalogue, and to study the ages and breeding of the cattle.
