

Your System Demands Help.

Just Such Help as can Best
be Supplied by the Use of
the Great Restorative

Dr. Chase's Nerve Food.

Spring seems to be the time of year when the vitality of the human system is at its lowest ebb.

To most people the winter season is a trying time. Either as a result of colds or as the effects of indoor life with poor ventilation and the use of artificial foods, the system gets run down and exhausted, the blood becomes thin and watery and the nerves play out.

Headache, sleeplessness, stomach troubles, loss of energy and ambition, feelings of discouragement and despondency are among the symptoms which cause distress.

It doesn't do to neglect these warning notes. Your system needs help, and you cannot do better than call to your aid Dr. Chase's Nerve Food.

If you have been reading the cases reported in the newspapers from day to day in which this great medicine has been instrumental in restoring health and strength to weak and suffering people you are no doubt already convinced as to its extraordinary medicinal properties.

Then why not make a test in your own case? You cannot possibly use a preparation which is so certain to prove of lasting benefit.

Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for \$2.50, at all dealers, or Edmanson, Bates & Company, Toronto. To protect you against imitations, the portrait and signature of Dr. A. W. Chase, the famous recipe-book author, are on every box.

GOSSIP.

Messrs. R. Reid & Co., Hintonburgh, Ont., ordering a change of advertisement, write: "Our Tamworth sows have never had as fine litters as this year; large litters of strong pigs, sired by Whitacre Bruce (imp.) and Darfield Grandee (imp.), which enables us to supply pairs not akin. We have one imported sow, in pig, to Darfield Grandee for sale, and two sows, imported in dam, about seven months old, also two young boars, seven months old, good ones, imported in dam, of the bacon type."

Sir William Van Horne, President of the Canadian Pacific Railway, was interviewed in New York not long ago, by a young reporter, who insisted on treating him like a foreigner. The Montreal capitalist took it as a matter of course until the interviewer asked innocently: "Did you ever have anything to do with our American railroads, Sir William?"

The good knight's eyes sparkled as he answered: "Oh, yes. I served on both Alton and Illinois Central."

"In what offices?" asked the scribe, with a pencil ready.

"I sold books on Alton and oranges on the Illinois Central," said the president of the Canadian Pacific quietly; "but that was some little time ago."

Messrs. F. Martindale & Son, York, Ont., make a change in their advertisement of Shorthorns and Berkshires, and write: "We are now offering some grand cows and heifers with exceptionally good breeding, some having calves at foot and are bred again, others are in calf. Our calves by Bandoleer =40106= are coming grandly. He has turned out to be a bull of the right type, full of quality, with plenty of size. We are also offering one boar seven months and sows seven and nine months old, some bred to our stock boar, Benjafield's Royal Carlisle, whose sire and dam are imported, and were first-prize winners at the English Royal. Following are some of our recent sales: A grand red bull, twelve months old, to John Bird, Canfield; one red bull, nine months old, to William Lang, Oneida; one two-year-old bull to John Beer, Binbrook; a roan bull, ten months old, a choice one, to Hanson Bros., Blackheath; a good roan bull, twelve months old, we sold, by order, to H. & G. Bennett, Sandringham. He is of good quality and size, and gave good satisfaction. Also an extra good roan, ten months old bull, of our Waterloo Daisy family, we sold to the Messrs. Simmons, Garnet. This one is closely connected to the cow, Bella of York, which we have recently sent to take part in the dairy test at St. Louis Exposition. A grand eight months bull and a Berkshire sow nine months old went to Alfred Wismer, Dalhousie."
