Nature is appealing to you every moment to save yourself. The slight pains that you feel; the momentary spells of weakness; the periodical loss of memory, dullness of brain, drowsiness—all point to the necessity of curing yourself now. I have a positive cure for you in my

QUESTIONS AND ANSWERS. Miscellaneous.

ONTARIO AUTOMOBILE LAW.

Where should the number appear on an automobile? How large should figures be? What fine is there for a conviction of too fast running, or neglecting to stop when signalled? In what way can drivers protect themselves from automobilists? FARMER.

Ans.—These questions were all answered in an article on the "Editorial" page of the "Farmer's Advocate" for July 6th.

ALSKE POISONING.

Colt pasturing on alsike has swollen legs, and they have broken out in the fetlocks? E. McK.

Ans.—This is not an uncommon result in horses pastured on alsike. Remove to other pasture; purge with 2 to 6 drams aloes and 2 drams ginger, according to size; give 2 to 4 drams hyposulphite of soda twice daily, and dress the sores three times daily with a lotion composed of 1 ounce each sulphate of zinc, acetate of lead and carbolic acid, mixed with a quart of water. V.

STATUTE LABOR.

1. Can a pathmaster clean out ditches with the road work to drain his and another man's land, the dirt being piled against the side of the road and outside of the ditch (no benefit to the road whatever), taking men and teams into his own field, opening a hitch ten chains long?

2. Has not a ratepayer a right to see his list and instructions when asked for? Ont. RATEPAYER.

Ans.—1. No. 2. Under such circumstances we should say that he has.

DAMAGES FOR MISREPRESENTATION.

I bought two cows last December, and the man told me that one was to calve in January and the other in March, and neither one has calved yet. The way he told me: he said, the one was not to be later than January, and the other not later than March. What can I do, or can I do anything to get damages? It is now six months since I got them. Ont. E. J. R.

Ans.—It is possible that you have a good claim in law to damages for misrepresentation, but sufficient facts to bear same up are not disclosed by your statement, and if your case be no stronger that the statement would indicate, we would not advise you to sue.

A BOX SOCIAL.

A box social is given in a country school one evening. The teacher and the pupils get it up, and engage outside help. The teacher pays all expenses out of the proceeds and buys books, etc., for the children. The trustees agree to all the teacher's actions. Some claim that the money should go into the treasury and pay teacher's salary and the other necessary expenses of the section. To whom do the proceeds of a box social, held in a country school at night, belong? Ont. TEACHER.

Ans.—As may be arranged. Under the circumstances of the case stated, we would say that the proceeds were quite properly applied in being disbursed, as they were, in payment of the expenses and the cost of the books, etc., by the teacher direct.

POOR HATCHES AND WEAK CHICKS.

I have had great trouble this year with chickens, both in incubator and with hatching with the hen. Chickens seemed to live till 19th or 21st day, then died; others pipped, but were unable to get out of shells; others lived only a few days and never seemed at all lively. Would like to know cause and cure, if any. A. G.

Ans.—We surmise that from some cause or other, quite probably inbreeding, the germs of the eggs have been weak. The first essential to a good hatch is vigorous parentage, not incestuously bred or mated. The fact that the trouble occurred both with eggs under hens and in the machine, points to the fact that the fault was not in the incubation. Examine your stock, cull out the weaklings, and mate them next spring to vigorous males unrelated to them. Pay attention to the quarters and general needs of your flock, and we think you will avoid the trouble next year.
