There is Danger in Delay

THIS is true of many affairs of life but especially is it so regarding life insurance. The baneful habit of procrastination has been responsible in depriving many a family of the benefits of the protection to which it was naturally entitled. Life and health being very uncertain, delay in the matter of insuring is fraught with much danger.

Now, while in health and strength, and before it is "too late," is the time for you to procure a policy from the

A Physician's Testimony for Labatt's Ale

"We find that the ale uniformly and well agreed with the patients, that it stimulated the appetite, and thereby increased nutrition. The taste, likewise, is always highly spoken of. In nervous women, we found that a glass at bedtime acted as a very effective and harmless hypnotic."—SUPERINTENDENT OF LARGE U. S. HOSPITAL.
