

The Fourteen Points

**Internationally
Accepted by Mines
and Mining Men the World Over!**

The Best Mines everywhere are equipped with Model 8 Waugh Drill Sharpener. They know "the 14 points." They know the Waugh Sharpener *Sharpens*. And they know installing it means:

1. Lower air pressure performance;
2. Lower air consumption;
3. Sharper, instantaneous action;
4. Wider range of blows;
5. Easier control;
6. Easier pin-pulling;
7. No dolly springs or spring troubles;
8. Speedier work;
9. Safety for workmen;
10. More uniform bits;
11. Sharper and more durable bits;
12. Longer life;
13. Greater satisfaction to owner and workman;
14. Greater variety of other mine blacksmithing.

Write to-day for our Sharpener Bulletin! You'll like it.
