T affords us much pleasure to announce to the people that we are about to give them a great benefit. We have always been known as one of the most enterprising firms in this section, and we have sold the best goods in nearly every case lower than others. We believe it is right to do the best we can by our patrons, thereby securing not only the largest amount of trade but also the greatest number of friends. Our stock of Dry Goods for the fall trade has been well bought and includes the newest and best of

Please call and receive card, and as purchases are made at our store the card will be punched, and when goods to the amount called for by the card have been bought we will give you a magnificent book entitled, Webster's Encyclopædia of Useful Information and World's Atlas, or your choice of three pieces of Silverware. You are not required to trade the whole amount at once, but can take six months, one year or two years.

This volume is worth \$6.00 to any person or any family and is really a household necessity. Notwithstanding the fact that we have the reputation of selling goods cheaper than anyone else, our prices will still be as low if not lower than before. We will be amply repaid for the great expense we have incurred by selling to our regular customers and by enjoying the lake shore and by the roadside. It is beyond taking advice.

Ath bright red light from the top of the flag pole. When the last lamp had been ignited and added to the gallaxy, the proprietor of Idle While stepped to an elevation and from thence sent up rockets and burned Roman candles and other fire-works which, reflected in the dark waters of the gallake, made a scene of gorgeous brilliancy. Within the circle of light shed by the many lights there glided hither and thither a score of boats filled with merry pleasureseekers. In common with many others we landed and paid our respects to Mr. and Mrs. Phillips, and found the island and cottage not less beautiful within than its resplendent exterior indicated. At 9 o'clock strains of sweetest music were borne to the island from the direction of Cedar Park and shortly after a last vertical water.
