MANY TREES ARE DOOMED

Government Official Prepares to Thin the Foliage on Tecumseh Park.

Holds Consultation With Col. Rankin Chief Young and Alo. McCoig-Admires the Park

Col. Dawson, of London, represent

ing the Government, arrived in the city at noon to-day, and in company with Lieut. Col. Rankin, chairman Mc-Coig, of the Park and Cemetery committee and Chief Young, he wen over to Tecumseh Park to view the trees and select those that should be cut out and the ones that should not. "A beautiful park," was the way Colonel Dawson gave expression to his opinion of popular rendezvous for recreation and sport. "The trees are altogether too thick, though," con-tinued the London military man. It won't hurt to take out every other tree. Lots of people would think it vandalison if we did, but they would soon find out that we were acting for the best. You see how it is now, the trees in the centre are not thriv-

ing well, while those on the outside are looking splendid.
"Those old poplar trees at the end of the park will have to come down. They are no good, and kill both the trees near them and the land." two military men, the police officer and the aldermen, were busy selecting the trees to be cut down. Col. Rankin was placing large chalk marks on the trees to be taken out, Ald. McCoig was holding the chalk and everything was proceeding with despatch, when W. B. Wells and John Horstead, representing the cricket club, approached.
They asked that the outer row of trees on the far side of the park, so as to give the cricket club more room. Mr. Wells explained that the ground had been a cricket crease before it was a park, having been originally laid out and levelled by Capt. Boyd, of the Royal Canadian Rifles and his men when regularly stationed here, Mr. Wells was a member of the cricket club when the trees were planted and it was always understood that the

outside row would be cut.

Col. Rankin declined to mark the row, however, and said that he would consider the request. The trees to be taken out were all marked. A grim sentry was found posted on the park bridge. He was querying from all who crossed if the trees were to b cut. On closer inspection, the figure was recognized as that of Moses Robinson, the champion tree trimmer of the Maple City.

TO LIMIT TROUT EXPORT.

Ottawa, May 19.-For many sea sons large quantities of trout have been exported from the hinter and of Western Quebec to the American market. This traffic threatened to deplete best trout' fishing district in the Dominion, and representatations to that effect having been made to the Marine and Fisheries Department, an order-in-Cour cil has been passed govern-ing the export from Canada of speckled trout, river trout, sea trout, caught in Ontario, Quebec, or the Maritime Provinces. A sportsman will be allowed to ship trout up to 25 pounds in weight taken by himself, upon production of a certificate :to that effect from the local fishery officer.

K'AISER TOASTS CZAR.

Metz, May 19.—The parade of the army corps Saturday in honor of the birthday of the Czar of Russia was held before the Emperor and Empress of Germany and the members of the Russian Embassy at Berlin. Emperor William, at the "parade dinner" this evening, said it was an

old and cherished tradition of the Prussian army to celebrate the birthday of the Czar. The speaker reminded his guests that it was nearly a year since, with the assent of all the powers, Field Marshal Count von Waldersee had been entrusted with the supreme command of the allied forces in Pe-Chi-Li province.

If it was now the hope of the ma-jority of the allied powers soon to be

able to return home, that was due, not the least of all to the confidence which the Czar placed in Count von Walder-see, and which he himself inspired. After expressing the hope that the brotherhood in arms of all the civilized nations of the world has been sealed in China, Emperor William concluded his speech with a "Hooh" to Emperor Nicholas.

Messrs. D. McKinnon, D. Forsyth and J. A. Jackson were appointed a committee to revise the constitution before the next annual meeting, which is to be called some time early next fall by the President. It was decided to use the "Laws of the Game" as expounded by the W. F. A. for the championship matches this spring, but the Ontario League exultimately to have the revision of the rules entirely within its own power, so as to insure uniformity throughout the whole Province in this respect. It is very probable the Provincial championship in both the senior series and the intermediate series will be decid-

WE ARE NOT TOO PROUD TO IMPROVE A MONEY MAKING CHANCE.

We've Been to Market

Year after year their are market conditions that favor quick buyers. The reason is plain as mid day. Stores buoyed up by the hope of some wind fall of business stock heavily. The big buying on the part of storekeepers raise the hope of manufacturers. The season opens good enough, but nothing phenomenal in the way of business—then feathers fall. Buyers don't go to market as expected. The big lots of merchandise stay in the mills and warehouses. Everybody is scared. Then comes a scramble to sell. Of COURSE AT A LOSS. Even then, the over-full stores cannot buy. And then comes OUROPPORTUNITY.
