DROWNED IN THE DON. Toronto, May 3.—Kenneth Clark Casselman, 13-year-old son of A. C. Casselman, drawing master at Normal school, was drowned in the Don this afternoon. He was playing ball with the boys, and in strying to get the ball from the water fell below his depth, the current carrying him away at once. Efforts by other boys to rescue him failed.

SLIGHT SPRAINS GROW WORSE

Unless promptly treated. The great strength of Nerviline enables it to quickly cure all manner of sprains and strains. "I sprained my wrist," writes Leonard E. Milford, of Rockland, "while working in the mill, but had to lay off, it became so painful and swole len. I rubbed my wrist thoroughly with Nerviline twice a day and put on a bandage. The pain soon went away and frequent rubbing with Nerviline soon cured. Nerviline is undoubtedly an excellent liniment and the best reliever I ever used." Nerviline certainly is extra good. Of all the diseases the human body has to combat in its struggle for health, the one that is steadily growing in strength and terror is Kidney Disease. Quietly, steathily as a serpent, it creeps on its victim (till the datter is enveloped in its folds, and the greatest physician the world has ever known stand helpless before It. As the last fold goes around the struggling victim and the doctor shakes his head and whispers "Bright's Disease," hope fades to nothing, and the sorrowing friends feel that death has marked their loved one for its own.

The alarming increase this terrible disease is making is evidenced by the columns of almost every newspaper. For not among the lowly of the earth alone does it look fror its victims. Statesmen, judges, eminent

the earth alone does it look for its victims. Statesmen, judges, eminent lawyers, and honored divines are numbered among those who in recent months have gone down to their graves with the fell marks of (this dread disease upon their bodies. In fact, so prevalent has the disease become that a celebrated New York specialist stated recently that not one person in a hundred was free from some taint of Kidney Disease.

WORKS IN SECRET. WORKS IN SECRET.

from some taint of Kidney Disease.

WORKS IN SECRIST.

It is the secrecy of Kidney Disease that makes it the more dreaded. You can fight an enemy in the open with some chance of success, but if he is lying in wait to the you at an unwary moment your chances of successfully fighting him are terribly diminished. So it is with Kidney Disease. Its first warnings are so faint as to be hardly noticeable, a slight pain in the back that is charged up to over exertion, a slight discoloration of the urine or a burning sensation while urinating that hardly attracts attention. That is all. But that means that Kidney Disease is at work gradually eating its way into your system. The pain in the back grows more severe, the urinary trouble more complicated, swellings under the eyes and of the limbs denote the coming of Dropsy, sharp shooting pains in the joints and inuscles tell that Rheumatism has you in its grasp, or perhaps a day or two's illness leads to the calling of the doctor, and suddenly the terrible truth is forced upon you—Bright's Disease has you in its grasp.

The concert, given under the auspices of the Darrell football club, at Chatham Centre, on April 20, notwithstanding the dreadful condition of the roads, was an entire success. The program was rendered very effectually by all concerned and a large crowd was in attendance to witness the rare treat. Dr. Russell, under great hezard fulfilled the promise to be with us and occupied the chair during the program. This duty he performed to the utmost satisfaction of every one present, filling in the intervals with his many a joke. The reciters, Miss Ritchie, of Raleigh, and Miss Forsythe, of Darrell, received the very highest appreciation of the audience in the way of hearty applause. Highland dancing by Miss Fern Cameron, accompanied by the bag-pipes, played by her brother, was well done and appreciated. Instrumental trios given by Messrs. Morrison, Side and Wrigley showed great musical skill. The dialogues, tableaux and the dust by Elmer French and James Pratt created considerable mirth and a laughter throughout the audience. After offering a hearty vote of thanks to Chatham and other talent and to Chairman Russell, the program closed with the singing tof the National Anthem. Proceeds, \$27.
