"Dodd's Kidney Pills Are the Very Best Medicine I ever Used for Kidney Troubie

Mr. Robert Sheppard, ex-Mayor Gananoque, Ont., Testifies to the Merits of Dodd's Kidney Pills.

Gananoque, Ont., April 23.—(Special.)—"I suffered off and on for over four years from kidney trouble," writes Mr. Sheppard, of this place, "and though I tried many remedies and was under a doctor a long while I got no better. I had Bright's Disease slightly, Lumbago, pains in my loins and at times all over my body. Mr. akir wes dry, hard and burning, loins and at times all over my body. My skin was dry, hard and burning, I could not sleep, the least exertion made me perspire fearfully and my blood was so bad I broke out in boils all over the neek and back. I was in this state when I started taking Dodd's Kidney Pills and in an incredibly short space of time the boils disappeared, I recovered my health and now I am quite cured."

Costliest Building In the Country. Which is the costliest building in America? Would you answer offhand the New York state capitol at Albany Hardly. Your thoughts would turn more likely to the national capitol at Washington or to the Congressional library. But the New York state capitol more than the national capitol and the library of congress together. The Empire State capitol cost \$24,-000,000, while the one at Washington, two acres larger, cost only \$12,000,000 and the Congressional library only \$7,-000.000. Our Empire State capitol cost as much as the nation paid for all Florida and the Philippines combined.

When Catarrhozone cures so quickly it's foolish to suffer —it's a shame to keep on sniffling and hawking. It stops the cough, prevents that 'disgusting discharge, clears phlegm out of the throat in five minutes. Very pleasant, and safe, too; get Catarrhozone from your druggist to-day.

First American Negro to Win Real

Paul Laurence Dunbar, who died the other day, was the first American negro to win any real place in the con-temporary literature of his country. Perhaps it is only natural his strong-est work should have been that in which he dealt with the life of his own race, of whose humor and pathos mirth and melancholy he was one of the most sympathetic of interpreters

PAUL LAURENCE DUNBAR. This is particularly manifest in "When Malindy Sings," one of his earliest "Lyrics of Lowly Life," dedicated to his mother, who was the prototype of the heroine of the poem. Here are the verses which incidentally show his deep love of his mother:

Prince Arthur was educated at Eton, whence he went to Sandhurst, for he had chosen the army as his profession. In May, 1901, he was gazetted to a second lieutenancy in the 7th (Queen's Own) Hussars. Soon after this appointment his regiment was ordered to South Africa, but the young prince was left at home. But in January, 1903, he became a full lieutenant, and was forwarded to the front. There he saw active service until stricken down with dysentery and invalided home. As soon as he recovered he was sent back to Aldershot to continue his military studies. These he takes very seriously, working hard and asking no favors. If he fails to distinguish himself in either army or diplomacy observers of Prince Arthur's progress will be sadly disappoints.
