### Churches Should Be Live Advertisers

This is the advertising age, and advertising is spreading in directions undreamed of a decade ago. One of the most notable examples is that of church advertising. Up until a few years ago many churches did no advertising, and those that did usually confined their appeals to a half dozen lines. Nowadays in the cities the church page is a regular feature of the Saturday edition and the display advertisements of the churches are prepared as carefully as the merchandising advertisements. In the city of Brantford, for instance, the church announcements have grown from a few inches to a whole page, and all the churches in that city use from two to six inches each week in the local paper. And why not? There are hundreds of people in every town and city who belong to no particular church, and who seldom enter the sanctuary. If the church has a message for these people it should invite them to come to hear it. In this day of countless distractions the church has got to make the invitation general and hearty, and its services attractive, if it is going to fill the pews.

### COMPLETELY GRIPPLED

Terrible Experiences of Mr. J. Harrop

It is seldom that anyone who has been continually exposed to every weather condition does not contract some form of Kidney or Rheumatic trouble. In many cases, cold, settling in the kidneys, so weakens those important organs that they are unable to filter the waste and poison out of the blood. The latter is carried throughout the body, causing uric acid to accumulate in the joints, with consequent rheumatism, stiff joints, swollen ankles, lumbago, sciatica, neuralgia, constipation, torturing pains in back and side and head. These ills can all be made right. GIN PILLS give quick, certain and sure relief. Read what Mr. J. Harrop writes to us:

"I have been crippled up so completely that I could not stand. Work was out of the question. A few boxes of GIN PILLS put me right. I cannot praise GIN PILLS too much, and every home should have a box."

GIN PILLS can help you. If you suffer from backache, or have that dreadful feeling of lassitude, with floating specks before the eyes, highly-colored urine, stone in the bladder and general debility, get GIN PILLS at once. At all druggists or dealers, 50c. Money refunded if you are not relieved. A sample large enough to demonstrate its value, free on request.

### A Whole Town Moves

Once it was considered quite a feat to move a good-sized building from one part of a city to another. However, the little town of Ochiltree, down in Texas, has beaten the record on moving.

Ochiltree had built itself into a community of three hundred inhabitants. Located in the "Panhandle" and on the prairie, its location was selected in the expectation that fortunes would be made in real estate when a projected railroad was built. The railroad went around, not through, Ochiltree. Real estate booms went glimmering.

Yet Ochiltree, like the gentleman from Texas who made that section famous in the halls of Congress, did not halt or even hesitate in working out its career. Gathering all the tractors within reach, the people of Ochiltree hitched their town to them—barns, stores, residences, grist mill, corner groceries and everything movable—and laying a course due south soon arrived at the railroad and the rival town favored by the railroad.

Thus does the Texas mountain go to Mohammed.

### His Temperature

One of the many good stories told by Sir Archibald Geikie concerns a country doctor who was attending a Scotch laird. As they had been unable to get a nurse, the doctor had instructed the butler in the art of taking and recording his master's temperature with a thermometer. On the doctor's arrival at the house one day he was met by the butler, "Well John," said the doctor, "I hope the laird's temperature is not any higher today." The butler looked very thoughtful for a moment, and then replied, "Weel, sir, I was just wondering that myself. Ye see, sir, he deed at twa' o'clock."
