NOT CHARITY BUT JUSTICE WANTED

Ernest Robinson, M.P. for Kings Makes Plea for Equable Freight Rates, Wider Markets and Tourist Development

Rates, Wider Markets and Tourist Development

OTTAWA, April 20.—After giving to the House some figures showing the matural wealth of Nova Scotia and the wealth of her products and stating that all was not dark there, Ernest W. Robinson, (King's, N.S.) in the budget debate tonight said that the Maritime Provinces had, however, some needs that should be given prompt and careful consideration. "The first and great need of the Maritime Provinces," said Mr. Robinson, "is an improvement in freight rates. We want to be put on an equality with the rest of Canada in this respect, We are suffering from unjust freight rates. It has been proposed that we in the Maritime Provinces should be given a rate that is below cost and that the rest of Canada be taxed to make up the difference. But we in the Maritimes do not want charity; all we want is justice. "There are two commodities, though, that might be given a freight rate below cost and the result would be beneficial to the rest of Canada. One of those is coal and the other is fish. Both of these commodities are urgently needed in central Canada, but on other commodities it would not be advisable. For instance, central Canada farmers do not want any competition in their products and they want the tariff against United States farm products raised so that they can supply the great cities of Canada. They would not be willing to have the freight rates lowered so that Maritime farm products could compete with theirs in Central Canada. That objection seems reasonable.

"On the other hand, we in the Maritime Provinces, need wider markets,

time farm products could compete with theirs in Central Canada. That objection seems reasonable.

"On the other hand, we in the Maritime Provinces, need wider markets. The markets of Great Britain and Europe we have now, but we also would like to see an expansion of our market in the West Indies. Reciprocity would have been a great panacea for our troubles in the Maritimes. In addition we need improved shipping and docking facilities. A supply of the needs I have enumerated would go far toward removing the depression which we are now experiencing."

Turning to the tourist trade, Mr. Robinson said that the importance of this had been greatly overlooked an Canada. As a matter of fact, he pointed out, it was the third item of importance on the list of revenue-producers in the Dominion. It was an infant industry and should receive every encouragement.

"It is an attempt," he said, "to cap-

ment. "It is an attempt," he said, "to cap-italize our scenery and points of historic interest, and its encouragement would not injure our industries or harm our natural wealth. We should do more to capitalize our scenery and points of Nistoric increet." He relegated to the Rocky Mountains of British Countbia, the Great Lates, the historic places of Quebec and the great wealth both of scenery and historic interest in Nova Scotia. Mr. Robinson reviewed the good work done by the various Provincial Governments, the Boards of Trade and local tourist associations of the Maritime Provinces, and then advecated the establishment of a Federal Bureau to be operated for the benefit of the whole of Canada.

A NOVEL PLAN INDEED

Here's a Silverware "Buying Club" that's entirely new.

that's entirely new.

G. R. Palmeter, Kentville, Jeweler, who has just announced the organization of his "Community Plate Club" has a novel idea which we believe will create wide spread interest.

There is definite need of such a "club", says Mr. Palmeter. Not every woman can afford at one time to purchase as much silverware as she would like and the quality she may feel the need of The "Community Plate Club" makes it possible for the housewife to come into our store, make a small initial payment, and choose whatever she needs to complete her table equipment. She is actually paying no more than she would pay if she bought the silverware in the regular way and she is certain of getting the finest silverware on the market.

This is the first time that it has been possible to obtain such high grade silverware in so convenient a way. Mr. Palmeter extends an invitation to every woman in Kings County to visit his store during the week of May 2nd to 9th.

FRANCE'S NEW PREMIER

Aristide Briand, eight times Premier of France, having been unseccessful in his latest attempt to form a government, Paul Painleve, also a former Premier, has been called upon to organize a government by President Doumergue.

OLD METHODIST CHURCH BEING

The work of demolishing the old Methodist church building on Gaspereau avenue was begun on Tuesday morning. Mr. Gates, the new owner, intended beginning operations on Monday, but was prevented by the storm. This building was erected, so far as we are able to learn, about the year 1860 and has been an interesting land-mark that wil be much missed by residents of the town. Its erection was a big undertaking for the few who represented the denomination here in those early days, and s chemen as the late William and James Woodman, James and John Woodworth, Johnson and Elijah Elderkin, William J. Johnson and John Rounsfell and their families sacrificed much in order to provide for themselves a place of worship. The influence for good which in the intervening years has resulted from their endeavors is beyond the ability of those of the present day to estimate. The church has served its day and generation, and while no longer necessary since the union, many among our old time residents regret that it no longer will remain a familiar object in our town. For many years the church here was included in the Horton circuit, the minister residing in Grand Pre. Afterwards it became a separate charge, since which time it has been ministered to by such men as the Rev. D. W. Johnson, F. H. Wright, R. M. Meilish, Benjamin Hills, India, R. M. Meilish, Benjamin Hills, India, R. M. Meilish, Benjamin Hills, India, R. M. Meilish, Benjamin Joseph Joseph Hais, George F. Johnson, Joseph Joseph Hais, George F. Johnson, Joseph Joseph Lenkin, E. B. Moore, J. W. Prestwood, Jonney J. W. Prestwood, Jonney R. W. Prestwood

Donkin, E. B. Moore, J. W. Prestwood, W. H. Rackham, W. H. Watts, P. J. Armitage, Douglas B. Hemmeon.

DEATH OF JUDGE RITCHIE

Scotia. Mr. Robinson reviewed the good work done by the various Provincial Governments, the Boards of Trade and local tourist associations of the Maritime Provinces, and then advocated the establishment of a Federal Bureau to be operated for the benefit of the whole of Canada.

LARGE AMOUNT OF GOODS DONATED BY KINGS COUNTY PEOPLE

A full car was the result of the canvass made throughout Kings county for supplies of the destitute families of the Cape Breton miners. Leaving Kingston Tuesday, the 14th inst., on the regular freight, it arrived in Kentville with contributions from all the stations along the line, also supplies that were collected on the C. P. Ry. were transferred to this car at Kentville, with the result that when the car left Kentville Wednesday morning it was nearly three quarters full. From Kentville to Avonport every station contributed something. At Port Williams they received 30 bags vegetables, 5 bosts vegetables, 3 cases groceries, 1 bag flour, 1 bags potatoes, 3 bbls. potatoes, 2 bags turnips were collected at Greenwich as reported in The Acadan last week, also some from Gaspereau.

Armitage, Douglas B. Hemmeon.

The news of the death of one of Wolf-In most distinguished and highly steemed citizens, Hon. James J. Ritchie most distinguished and highly steemed citizens, Hon. James J. Ritchie was the supreme Court of Nova Scotia, was heard with sincere sorrow by numerous friends whom he made here since becoming a resident of this town. While it was known by those intimate in the didney of the Supreme Court of Nova Scotia, was proved to recuperate from a severe attack of la grippe, came as a great shock to the province generally. The late Judge of the Late Function of the C.P. Ry. were transferred to this car at Kentville, with the result that when the car left Kentville Wednesday morning it was nearly three quarters full. From Kentville to Avonport every station contributed something. At Port Williams they received 30 bags vegetables, 5 bots vegetables

Mrs. Fred H. Crane spent the week end in Avonport, guest of her sister, Miss Alice Fuller.

Mr. and Mrs. John W. McClelland arrived last week from Ottawa, where they have been spending the winter. Their many friends are glad to have them back again.

Miss Mary Eaton left last week for Halifax, where she is visiting friends. The Mission Circle held their monthly meeting at the home of Mrs. Rose on Friday evening, April 17th.

Misses Stuart and Magee were welcomed home on Friday by a host of fiends. They have spent the winter at Daytona, Florida, and Marblehead, Mass.

Mrs. Sanford, of Summerville, is visiting here, guest of her mother, Mrs. James MacRae.

Miss Doris Eaton is the guest of Miss McGregor, Upper Dyke Village.

SIR SYDNEY LEE

The subjoined paragraph, which we copy from a late issue of the Marble-head (Mass.) Messenger, will be of g interest to many of the readers of THE ACADIAN. Miss Borden, who was at one of time a resident of Wolfville, was born at Town Plot, and owns the old home-stead there. She is a daughter of the alate Daniel Borden, and a sister of Mrs. t C. M. Vaughn, of this town. Before t going to Boston she was one of our most successful school teachers, and since going there has by atilful work and keen business ability reached the high position which she now holds and richly merits. THE ACADIAN begs to extend hearty congratulations:

"Miss Susan M. Borden, executive head of Thompson's Spa, Boston, evidently believes in Marblehead real estate she has just purchased the house at 6 Gregory street and will remodel it into apartments.

"Miss Borden, is a woman of keen

Windsor has adopted a new code of by-laws which require that any person who is not a resident rate-payer of the town must take out a license before engaging in any work as a contractor, master builder or mechanic employing workmen, or engaging in the trade or calling of a journeyman mechanic, teamster, truckman or laborer. The Junior Town Council, which recently had its third meeting, is proving to be a real live organization and its young members are undertaking work along various lines for the town's benefit. They are going to do all in their power to eradicate the evil of the sale of tobacco to minors.

NOVA SCOTIA TO TAX GASOLINE

The most important magazine in its field the world over devotes a page to Moirs Bridge Box, praising its "attractive and colorful cover" and the idea of enclosing playing cards and score sheets with a pound of chocolates.

Presidents of large American corporations, managers, and other officials have written to Moirs ordering the Bridge Box as a gift for bridge friends and a prize at cames.

So occasionally a Maritime industry can pioneer not merely for Canada, but the continent. Of course Moirs Chocolates themselves proved that long ago.
