IRON HOUSES.

We attended recently an informal meeting of business men, at the Auction Rooms of M. N. Croft, Court street, Brooklyn, New York, at which Mr. Sexton, the inventor of a new plan of iron buildings, explained his system. He constructs the frame work of his buildings entirely of cast iron, in sections, which are made to interlock by very close fitting and ingenious joints, secured by keys. This method of building avoids the labour of drilling and bolting, which has been a great inconvenience in iron buildings. It also allows the house to be taken down in sections, and removed at very little expense. He covers the frame work on the outside with plates of iron, by a similar system of interlocking, without any bolts or other fastenings, the joints being packed with gutta-percha, so as to exclude water under hydraulic pressure. To finish the dove-tailings of the joints, he has invented a machine that can perform the work of forty men. The walls are made hollow, and the enclosed space is filled in with a non-conducting composition of beach sand and other substances, so that, as Mr. Sexton observed, his house becomes, when finished, a perfect fire-proof safe.

The roofs and floors are made of cast iron frames, resembling heavy window sashes, the interstices being occupied, as in the case of windows, with *plates of glass*, of any required thickness and transparency. The glass used is not our common glass, but is in itself a new and valuable invention, being called *malleable* glass, from its wonderful property of toughness allowing it to bend freely without breaking. It can be drawn out into threads of any fineness, and so strong and flexible that they are said to be commencing the manufacture of piano and violin strings from this material. Mr. Sexton handed round a piece of this glass string for inspection. It was as small as the E. string of a violin, and could be bent around the finger, or tied in a knot apparently like a catgut.

Plates of this glass being let into the frame work of the floors, the whole is then covered over with a peculiar transparent cement of Mr. Sexton's invention, which makes the whole floor look like one solid plate of glass. The cost of roofing with this material is seventy-five cents per square foot. The walls inside can be covered with plaster, or finished with iron or glass, at the option of the builder. All the interior ornamentation, such as mantel-pieces, panels, &c., may be of malleable glass.

The advantages claimed for this style of building are, first, its great cheapness, and the rapidity with which it allows of construction. It effects a saving of one-third the cost, and three-fourths in labour, over every other method. Mr. Sexton stated that he could complete an ordinary dwelling house in forty days. Second, the variety of style and finish that can be obtained at small cost, by different combinations of the same pattern. The inventor remarked that in the construction of the whole Crystal Palace, but six different patterns were required. Third, the facility with which such a building can be taken down and removed. Fourth, its security from damage by fire or lightning—thus saving all the expenses of insurance. Other incidental advantages are its durability, freedom from vermin, &c.—*New York Leader.*

SEASONABLE ADVICE.—Use the chloride of lime freely if the premises or vicinity of your house is impure. If bed-bugs annoy you destroy them with corrosive sublimate, beaten up in the white of an egg, and paste it on the wood-work infested. If rats or mice be the pests, use good traps. In poisoning them you may poison greater folks, and if you do destroy them in this way, you create bad odors in the house.

A FAITHFUL CLERGYMAN.—An eminent minister at Norwich made a sudden pause in his sermon: the congregation were panic struck. Having riveted their attention, he adressed himself to a man in the gallery: "Has that poor man who is standing behind your pew a gold ring on his finger?" The gentleman turned around and replied I believe not, sir!" "Oh, then, I suppose that is the reason he mus'n't have a seat!" The gentleman had three gold rings on his hand, and his pew nearly empty.

INFALLIBLE RECIPE.—If ever you wish to carry home a shirt full of sore bones, just undertake to part an Irishman and his wife when they are exchanging irons.

HEAR, HEAR.—A foreigner, speaking of the House of Commons, says: So difficult is it for any thing to be heard within its walls, that the impatient members obliged to be calling out, "Hear! Hear! Hear!"

An old gentleman always on the alert for the latest news from the Baltic fleet, made the usual inquiry of a wag. "The latest news from the Baltic," replied the wag, "is, that the fleet is in statu quo."—"Ah! how far is that from Cronstadt?" asked the innocent old soul.

"In short ladies and gentlemen," said an overpowered orator, "I can only say—I beg leave to add—and I desire to assure you—that I wish I had a window in my bosom, that you might see the emotions of my heart."—Vulgar boy in the gallery: Would'nt a pane in your stomach do?

Society like shaded silk, must be viewed in all situations, or its colours will deceive us.

New National Motto.—"England expects every man to pay his duty."

Notice to Travellers.

IT has become an established fact that accidents will happen notwithstanding the care and attention which may be paid to the safety and convenience of travellers. Explosions will take place, bridges will be left open, and cars run off the track as usual.

It is well enough for the public and legislators to caution companies to "beware," and "take head," yet these casualties will occur, which result in severe contusions, broken limbs, burns, bruises, &c.

The Mexican Mustang Liniment.

Upon such occasions, is invaluable! The wonderful effects of its soothing and healing properties have induced many, who have tried it, to always carry a bottle of it with them when they are travelling.

Frequent tests have proven it to be efficacious in curing Rheumatism, Piles, Scrofulous diseases, Cancers, Ulcers, Old Sores, Neuralgia, Toothache, Earache, &c. Also Spavin, Ring-bone, Scratches, Cracked Heels, Chafes, Galls, &c., on *Horses and other animals.* It is external in its application, and we GUARANTEE it to cure PERMANENTLY in every case for which we recommend it.

Many Physicians use it because they can depend upon it—so can their patients.

Farmers and Livery-stable Keepers.

Say they WILL have it, and will not be satisfied without it, after giving it a fair trial. Therefore we say to travellers upon highways and by-ways *use the Mustang Liniment!* It has become so thoroughly introduced throughout the United States, British Possessions, and West Indies, that it is almost impossible to step off the cars at any Station without beholding the gay banner of the "Mustangs."

The prices are as follows:—25 cents, 50 cents, and $1 per bottle; the 50 cent being three times as large as the 25 cent size, and the $1 size nearly three times as large as the 50 cent size, so that the large bottles are cheapest.

R. R. R.
Highly Important to the Public.

The Sick cured on the R. R. R. Theory.

THREE GREAT REMEDIES.

The attention of the public is particularly directed to the three quick and powerful remedies discovered by Radway & Co. So quick, so powerful, so effectual, so safe, so pleasant, are these remedies in stopping pain, checking disease, expelling from the human body all foul and corrupt humours, all diseased and poisonous deposits, and restoring the weak, feeble, and fragile frame, worn out by disease and long suffering, to sound health and long life, that whoever uses these remedies, and becomes familiar with the R. R. R. Theory, will never need a physician, unless it is in some critical surgical case. The R. R. R. Remedies will never fail—they prove themselves in the worst cases in less than *twenty-four hours.*

They invigorate, they renovate, they regulate, they relieve the suffering, pain-stricken invalid from the most torturing pains *in a few minutes.*

They restore the sick and diseased body *to health and longevity.*

To the low spirited and nervous they impart joyfulness, vigour, and a happy flow of spirits.

To the aged and infirm, whose constitutions are worn out by decrepitude and limbs palsied and enfeebled, they impart the elasticity and buoyancy of manhood in its prime.

To the young, who, between the period of youth and manhood, outgrow their natural strength, who are afflicted with languor, lassitude, loss of appetite, gloomy feelings, &c., they impart to the recuperative organs a healthy regularity of action.

To the thoughtless seeker and victim of animal passions, who has *wasted* away his strength in folly and revelry, they check the *waste of manhood*, and restore every organ to a sound and natural condition.

To all who suffer pain, to all afflicted with disease, the R. R. R. REMEDIES will quickly and effectually free the sufferer from misery, and render the most wretched capable of enjoying sound health and long life.

R. R. R.
REMEDIES.

The R. R. R. Theory requires only three remedies for the cure of the sick, and the protection of the human system against sudden attacks of violent diseases.

No. 1.—RADWAY'S READY RELIEF.—*For the instant Relief of Pain, and quick cure of Acute Maladies.*

No. 2.—RADWAY'S RENOVATING RESOLVENT.—*For the effectual cure of all Chronic and Scrofulous Diseases that have been lingering in the System, corrupting the Human Body, for Five, Ten, Twenty, or Forty Years.*

No. 3.—RADWAY'S REGULATORS.—*For restoring and regulating to a healthy and harmonious action all the Organs in the System. A mild and effectual cathartic.*

R. R. R.—No. 1—RADWAY'S READY RELIEF is for the instant relief of the sufferer from pain, and to check and arrest the progress of diseases; to disinfect animal, malarious, and infectious poisons, thus protecting whoever uses it against all poisonous infection, from Contagion, and from sudden attacks of Cholera, Pneumonia, Ship Fever, Fever and Ague, &c. Likewise for the effectual and radical removal of all pains and diseases of the Joints, Limbs, Nerves, &c., in from five to fifteen minutes.

RADWAY'S READY RELIEF will stop the most distressing and violent pains, either internal or external—Nervous, Neuralgic, Bilious, or Rheumatic.

A FIXTURE IN THE FAMILY.—Every family should keep a supply of RADWAY'S READY RELIEF in their houses—it is useful in so many ailments—it is always beneficial; he guarantees it is a sure cure for Cholera, if taken in its first symptoms. If used when violent epidemics prevail, it will save life.

R. R. R.—No. 2—RADWAY'S RENOVATING RESOLVENT.—We have said that for all chronic complaints, we recommend our RESOLVENT. The RESOLVENT resolves away all diseased deposits that have been lingering in the system for TEN, TWENTY, or FORTY YEARS.

Every person who has been troubled with any complaint for years, will require the RESOLVENT to ensure a perfect cure. The action of the RESOLVENT is directed first to the absorbents, stimulating them into action; and, second to the blood, which it depurates by its alterative action over the glands the liver, pancreas, kidneys, &c., (which are the sewers that nature has established for purifying the blood). You will, after this description, we hope, appreciate the name we have given to the second of the R. R. R. REMEDIES OF RENOVATING RESOLVENT. It resolves away diseased deposits; it purifies the blood, and renovates the system. Tumors are removed and diseased by its operation; Chronic Swellings are dissipated; Nodes are softened and melted away. The most loathsome Skin diseases disappear under its action; Scrofulous constitutions are soon amended, and the disease checked wherever it has attacked the system. Syphilis, with all its horrible train of concomitants, here find a certain and infallible cure; and Consumption, too, often finds its master. For Chronic Dyspepsia, RADWAY'S RENOVATING RESOLVENT is not only an effectual, but quick cure.

BRONCHITIS.—We know of no remedy, nor of any treatment that will so quickly and effectually cure Bronchitis as the RESOLVENT. It is in all old Chronic cases where RADWAY'S RENOVATING RESOLVENT will be most appreciated.

Its Procreative Power.—Married persons, who are not blessed with offspring, if the difficulty arises from imperfect organs and incompetency, will find the R. R. Resolvent of great benefit.

DYSPEPSIA, WATER BRASH.—This distressing disorder is generally the result of a low grade of Chronic inflammation of the Stomach. The patient, who generally feels well enough when the stomach is empty, is afflicted with the most distressing symptoms on taking food. Water Brash eructations, with burning sensation, heart burn, pain at pit of stomach, &c. This disease is generally accompanied with costive bowels.

TREATMENT.—Resolvent three times per day after meals, dessert spoonful. One Regulator on going to bed at night, to keep the bowels open and regular. When the Heart Burn is very distressing, a dose of the Relief taken in water will promptly relieve it.

The public may rely upon an effectual cure of the following diseases by using the Renovating Resolvent:—

Chronic Rheumatism,	*Tumors, Ulcers,*
Scrofula,	*Skin Diseases,*
Glandular Swellings,	*Hip Diseases,*
Hacking dry Cough,	*Female Complaints,*
Cancerous Affections,	*Gout,*
Syphilitic Complaints,	*Rickets,*
Bleeding of the Lungs,	*Salt Rheum,*
Dyspepsia, Water Brash.	*Bronchitis,*
Tic doloreux,	*Consumption,*
White Swellings,	*Liver Complaint*

R. R. R.—No. 3.—RADWAY'S REGULATORS.—THE THIRD GREAT MEDICAL DISCOVERY OF RADWAY & CO.—One Regulator is sufficient to regulate the Bowels, Liver, and Pancreas to a healthy and harmonious discharge of their functions.

Two will insure a pleasant discharge from the bowels at a regular period of time every day.

Four to six will purge thoroughly all corrupt and acrimonious humors from the alimentary canal.

IMPORTANT TO PILL TAKERS.—Every one who is in the habit of taking pills will find RADWAY'S REGULATORS the most pleasant, safe, effectual regulator of the Bowels, Liver, Pancreas, and the most CERTAIN PURIFIER OF THE BLOOD in use.

One of RADWAY'S REGULATORS is superior, in point of medical strength and efficacy, to six of the most popular and best approved Cathartic Pills.

All Purgative or Cathartic Pills are made from the crude materials of their composition: the inert and active principles are combined together, and the pills are made up of this common mass, so that out of six pills the patient has to swallow, all the really and truly medical virtues of the same would not make more than two pills. Every chemist well knows that out of the crude materials of drugs, roots, herbs, barks, plants, &c., there is only a yield of one tenth of medical virtue. We seriously believe that more deaths are caused by overloading the system with useless physic than from disease. No more medicine should be given to a patient than what is necessary to produce the desired effect, and to overload the system with useless drugs is not only checking the action of active virtues, but is inflicting serious labour upon the already shattered constitution.

R. R. R. Remedies are based upon this principle—there is as much difference, in point of strength and efficacy, between *Radway's Regulators* and all other Cathartic Pills, as there is between quinine and common bark, or morphine and opium.

RADWAY'S REGULATORS, therefore, are the best pills for the sick to take, one being sufficient in all ordinary difficulties, and two possessing a greater and better power than any six of the most approved pills known.

RADWAY'S REGULATORS are a certain cure for Costiveness, Indigestion, Liver Complaint, Kidney Complaint, Jaundice, Head Aches, Nervousness, Melancholy, Diseases of the Bladder. FEMALE DIFFICULTIES.—Leucorrhœa, Fleur Albus, Whites, and Irregularities of all kinds. BILIOUS DISEASES.—Bile on the Stomach, Bilious Colic, Enlargement of the Spleen, and all Chronic Affections of the Liver and Kidneys.

RADWAY'S REGULATORS are most carefully prepared from extracts and gums of trees, plants, roots, and herbs. There are no pills in use that will act upon the Liver, Pancreas, Bowels, the Salivary Glands and Nerves, so pleasantly and so effectually as the R. R. REGULATORS. No pills can be taken for any length of time with the same safety to the constitution; for, instead of debilitating the system by powerful and drastic purging, they act pleasantly upon the bowels, and impart strength to every nerve and tissue of the body.

One of the REGULATORS, taken on going to bed, will insure a regular and healthy discharge from the bowels in the morning. In cases where eight or ten of the common pills are used for free evacuations, two or three of the REGULATORS are sufficient.

NO CALOMEL

or other poisonous drug enters their composition—they are entirely vegetable. They are pleasant to take, elegantly coated with a medicinal gum, are perfectly tasteless, and free from smell. No person will feel any disagreeable symptoms from taking a dose of REGULATORS.

CAUTION.

There is a counterfeit Ready Relief in the market; the labels are very similiar to the labels on the genuine. Purchase only of authorized agents, and inquire of the person you purchase from if they know it to be genuine. If you do not find relief from pain in fifteen minutes, send us the label of the bottle you purchase, and inform us from whom you purchased.

PERRY'S HUNGARIAN BALM.

For Restoring Preserving and Beautifying the Hair.

THIS elegant preparation is an effectual remedy for Baldness, or falling off of the Hair. It prevents and completely eradicates Scurf and Dandruff, strengthens the Roots of the hair; causes it to grow luxuriantly; gives it a rich, dark, soft and glossy appearance, and prevents it turning gray. The Hungarian Balm is a purely Vegetable compound, scientifically and chemically combined, and is warranted to contain none of those deleterious ingredients which prove so injurious to the hair. It acts directly upon the skin, cleansing and purifying it from all unhealthy secretions, thereby removing and preventing the accumulation of scurf, dandruff and other impurities, which so frequently cause premature decay and loss of the hair.

The Hungarian Balm is especially adapted to ladies' use; and those who have tried the various oleaginous mixtures, with no benefit, will at once discover the agreeable and beneficial effects produced by this pure and delicate preparation. Instead of matting and tangling the hair, (which is more or less pulled out in the process of combing,) it leaves it free and clean; promotes a natural moisture, and imparts a beautiful dark and glossy appearance. Try it at once and you will be convinced of its superiority over all other compounds for the hair.

Much more might be said in favor of this inestimable compound, but it is deemed unnecessary. The proprietor feels confident that ONE TRIAL will convince the most incredulous of its rare and manifold virtues. Therefore,

If you have lost your hair and wish to restore it,
If you are losing your hair and wish to preserve it,
If you are troubled with Dandruff and wish to remove it,
If you have any humour of the Scalp and wish to cure it,
If you are troubled with Nervous Headache and wish to cure it,
If you have hair esters at the roots of the hair and wish to destroy them,
If you have harsh dry and wiry hair, and wish it to become soft, pliable and beautiful as silk; and if you wish to preserve rich, graceful and luxuriant tresses to the latest period of life, use PERRY'S HUNGARIAN BALM.

DR. HOOFLAND'S CELEBRATED GERMAN BITTERS,

Prepared by DR. C. M. JACKSON, *No. 120 Arch street, Philadelphia.*

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

"*Scott's Weekly,*" *said, Aug. 25—*

"Dr. Hoofland's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much efficacy in cases of female weakness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effect they have upon a weak system."

MORE EVIDENCE.

J. G. Moore, Esq., of the Daily News said, October 31st:—

"DR. HOOFLAND'S GERMAN BITTERS.—We are trying this renowned medicine for a stubborn disease of the bowels, and can with truth testify to its efficacy. We have taken the contents of two bottles, and we have derived more benefit from the experiment than we derived previously from years of allopathic treatment at the hands of our first physicians."

Hon. C. D. Hineline, Mayor of the City of Camden, N. J., says:

"HOOFLAND'S GERMAN BITTERS.—We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organ, and the powerful influence it exerts upon nervous prostration, is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver and nervous system, the great majority of real and imaginary diseases emanate. Have them in a healthy condition and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce evidences of the same merit."

In this mammon-worshipping Age, it is rare to find a man place his usefulness to the public, before his interest. During a late visit to the 'City of Spindles,' we were presented by a professional friend, to the celebrated Chemist, DR. J. C. AYER, whose name is now perhaps, more familiar than any other, at the bedside of sickness, in this country. Knowing the unprecedent popularity of his medicines, and the immense sale of them, we had expected to find him a millionaire, and rolling in wealth. But no, we found him in his laboratory, busy with his laborers, among his crucibles, alembics, and retorts—giving his then personal care to the compounds, on the virtues of which, thousands hang for health. We learned, that notwithstanding his vast business, and its prompt returns in cash, the Doctor is not rich. The reason assigned is, that the material is costly, and he persists in making his preparations so expensively, that the nett profit is small.—*American Farmer, Phil.*

ELIJAH PURDIE.

Charlottetown, August 1st, 1854.

AYER'S PILLS.

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical *pill*, but not easy to make the best of all *pills*—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These *pills* produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine.
