

Colds Common Sense

You have a cold, or your child has a cold; a cough; a tight feeling across the chest; a soreness in the breathing tubes.

In the past how have you treated such? You have bought some cough mixture, and swallowed this down into your stomach. Now, why? Your stomach was not all that; and there is no direct connection between your chest (where the trouble is) and your stomach! Then why swallow into your stomach any mixture when the trouble is in your lungs and bronchial tubes?

It's a mistake; and Peps is the remedy provided to correct this un-commonsense treatment. Peps are little tablets, which contain highly beneficial Peps essences, combined with other medicinal extracts. These healing extracts are so prepared that as soon as you put a Peps into your mouth they are liberated in the form of healing vapors. You breathe these vapors down to the throat and lungs, and thus treat the organs that are inflamed, direct. In a way, it is like breathing from a vaporizer or bronchitis kettle, except that there is no apparatus needed, the little Peps providing everything needful for the treatment! The very small portion of Peps which you swallow has a slightly tonic effect upon the stomach and does you good, but the use of Peps is not for stomach troubles, but for lung, throat and bronchial troubles. Peps relieve these as so ordinary treatment can.

Children like Peps and they are best for the little ones, because Peps contain no morphine, laudanum or other poison found in so many of the old cough mixtures.

Druggists and stores everywhere sell Peps 50¢ box, of from Peps Co., Toronto, for price. Remember the name—four letters only:—

C.N.R. Employees' Back Pay Matter

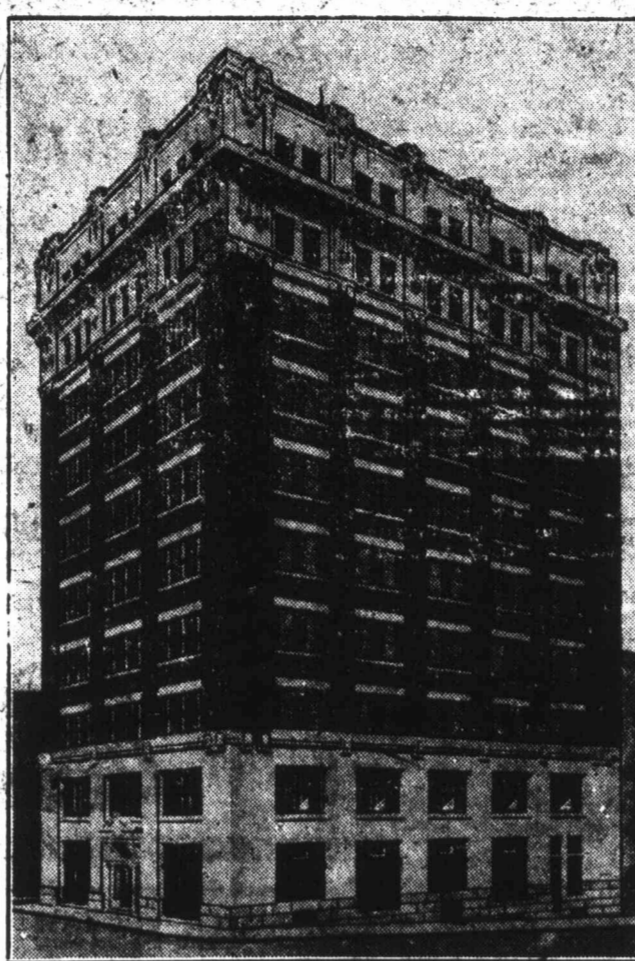

Ottawa, Nov. 7.—While railwaymen in Ottawa expected that in the October end pay they would obtain their back pay which the recent award gave them from May 1 the money did, except in a few cases, come to hand. The preparing of excess back pay for some months involves an enormous amount of work covering as the records do all Canada and for many thousands of men.

A. R. Mosher, head of the Canadian Brotherhood of Railway Employees, stated that the increased pay would probably start at once, and that possibly the back pay would come on the 15 of November. The G. T. Railwaymen having obtained their award somewhat sooner than the C. N. R. men may get their pay matters adjusted a bit sooner, was Mr. Mosher's opinion.

The Monthly Bank Bulletin

As a means of keeping the farmers and others interested in the live stock industry informed of the activities of the Live Stock Branch, a monthly bulletin designated the Monthly Bank Bulletin is distributed. Bulletin number eleven, of this series of examples announced the sale of pure bred stock fixed to be held at Saskatoon, by the Saskatchewan Cattle Breeders' Association. This bulletin is distributed throughout the province, in much the same fashion as other bulletins, except that postage is paid on it, whereas purely educative bulletins do not require to be sent to banks, secretary-treasurers of municipalities, secretaries of agricultural societies, postmasters, members of the various live stock associations and others who desire to receive it.

There is always room to suspect the man who fears that somebody is going to keep him from violating the law.

WONDERFUL NEW TEA WAREHOUSE

The magnificent building shown above, and situated at the corner of St. Lawrence Boulevard and La Rayer Streets, Montreal, will be occupied by the SALADA TEA COMPANY about February 1st, next. The building at present occupied by SALADA, at the corner of St. Paul and St. Sulpice Streets, Montreal, was erected by them eleven years ago, but for some time has proved inadequate for their business.

Other SALADA warehouses are situated at TORONTO and EOSTON.

Bathurst Paper Owners Incorporated

Fredericton, Nov. 3.—Ethebert McLean, Claude Mersereau and Clovis T. Richard, Bathurst, have been granted letters patent incorporating them as The Northern Light Limited with a capitalization of \$24,000, and the head office at Bathurst. The objects of the company are to print, publish, circulate and sell newspapers, journals, periodicals, etc.

Young Magoon Says St. Pierre Offered Money

According to advices from Edmonton, the evidence against St. Pierre, a returned soldier, suspected and being tried for the murder of Miss Minnie Stevens, telegraph operator at Edmonton, has been furnished by the statement of Charles Magoon, a boy about thirteen years of age who declared he met the accused on Emerson Avenue the night of the murder, near the spot where the heinous act was committed.

St. Pierre produced a roll of bills and offered some money to the lad, telling him to say nothing of having seen him there. Magoon promptly refused and thereupon the accused offered him liquor which was like wise not taken.

St. Pierre a few minutes later disappeared over the river bank and young Magoon went home and until the next day forgot about the occurrence.

However, when St. Pierre was arrested the boy told his parents who, fearing kidnapping of the child by friends of St. Pierre kept their knowledge to themselves.

The evidence has now been disclosed and seems to have shattered the plans that the counsel for the defence have built up for St. Pierre.

Nova Scotia Man Says Taking Tanlac was the Wisest Thing He Ever Did

"Since I began taking Tanlac I have found relief from troubles that made life a burden to me for three years," said John R. Gray, of Richmond, N. S.

"I suffered from indigestion so bad that even the lightest food soured on my stomach. Gas bloated me up and I had pains in the pit of my stomach that nearly drew me double. Sometimes after these attacks I was so weak it was all I could do to stand up and I had to be nearly carried to bed. I was so nervous and restless I hardly ever got to sleep. Hours after I went to bed and I would wake up in the morning feeling as if I had just finished a hard day's work. I lost weight rapidly and was so weak and short of energy it was an effort for me to get any work done.

"After taking a few bottles of Tanlac I am today as well as I ever was in my life. I can now eat three square meals a day and never have a particle of trouble afterwards. My nerves are steady and I sleep soundly every night and get up in the morning feeling good. I have gained ten pounds in weight and am in the pink of condition and feel like I can do as big a day's work as anybody."

Tanlac is sold in Newcastle by E. J. Morris, in Redbank by Wm. M. Sullivan and in Doaktown by O. Hildebrand.

Robbery At Devon

Devon, N. B. Nov. 1.—A stout man of medium build, hailing, he said, from Chatham, obtained a room at the boarding house of Mrs. Jas. Love South Devon on Thursday night and left after breakfast Friday morning taking with him, it is believed, a scarf pin and twenty-two dollars in cash, the property of some other boarder. The apparent theft was not discovered until that evening.

No action was taken the police not being notified so the affair did not come to light until yesterday and it is now believed useless to undertake the apprehension of the light-fingered traveller.

Rod and Gun

Readers of Canada's national sportsman's monthly ROD AND GUN IN CANADA will look forward with interest to the November issue which contains among other interesting stories and articles, "Where the Amber River Flows," a story of the North country written by that premier sportsman, Robert G. Hodgson. "Lobstering in Nova Scotia" is the title of Bonbrastie Dale's instructive contribution to this issue. The annual tournament of the Nova Scotia Guides' Association is fully reported and illustrated in two articles. The sportsman's department, fishing, guns, conservation and kennel are up to their usual high standard. In addition to these interesting stories and departments, A. Bryan Williams, the noted big game hunter of British Columbia gives an interesting account of a big game hunt in the mountains of the Pacific province. ROD AND GUN IN CANADA is published monthly by W. J. Taylor, Limited, Woodstock, Ont.

GUARD AGAINST CHILLS

Simple Protection Against Dangers of Cold and Damp.

Cultivate the habit of taking a cup of hot Oxo—a cube to a cup—before going out in the cold or damp. Each cube is a treat upon the system, and the strengthening and warming powers of the concentrated best goodness fortify you against the evil consequent upon exposure.

If the cubes of Oxo are new to you, try a tin of four cubes. Oxo greatly improves gravy, soups, or stews, and is a delightful, strengthening and appetizing beverage. It is especially for children.

Be sure you get Oxo under the larger tin of 10 and 20 cubes, using them in many different ways in place of meat.
