DRAG SIR.—Words cannot express the deep graittude I feel for all you have been the means in God's hands of doing for me. I have not been as well as I am at present for nearly seven years. During that time I have been carried to Boston twoe, in order to preceive medical treatment, and two, in order to preceive medical treatment, and I could get. I would rally for a short time and then find myself as bad as ever again. After my return from Boston the last time, I should have given up in despair and said it was no use. I shall never get well, had it not been for my faith in God. But I feit that it was in one cordance with our Heavenly Father's will that I should yet quired in order to restore me to health, than had already been done. So I prayed that God would bring about the right means for my restoration to bealth. As it was in the days when our Saviour was on earth, so it is now, according to our faith it shall be done unto us. God heard and answered my prayers by sending you to me. Yours respectfully, MRS, LOIS B. KILLAM.
