Early yesterday morning, about half-past three o'clock, our town was visited by a most destructive fire, and became at once a scene of ruin and desolation, by which, seventeen houses, mostly brick, were entirseventeen houses, mostly brick, were entirely consumed, many of whose occupants were sufferers in the last fire, three years since. The flames were first seen to issue from an unoccupied building, between the store of L Lawrason, Esq., and the bowling alley, adjoining the Great Western Hotel. It immediately communicated to Mr. Lawrason's store, and burned down all the houses on Rights Street up to North Street. alley, adjoining the Great Western Hotel. It immediately communicated to Mr. Lawrason's store, and burned down all the houses on Ridout Street up to North Street, including all Mr. Lawrason's premisees, and the houses occupied by Messrs. Leitch, tailor; Oliver, shoemaker; Leitch, tailor; Oliver, shoemaker; Thompson, shoemaker; and Gunn, shoemaker; and Gunn, shoemaker; and Gunn, shoemaker; and Gunn, shoemaker. The Montreal Bank, on the other side of North Street, was, with difficulty saved. The wind shifting round, the bowling alley and the Great Western brick tavern were in a short time in ashes; the flames still raged, and from the intense heat, and the burning shingles, which were blowen in all directions, the other side of Ridout Street caught fire, and two houses on Dundas Street 'the whole of that side up to North Street was also barnt down, including Mr. Colovin's store, dry goeds-merchant, Western Globs office, Mr. Beddome's book store, the whole of Mr. Bailey's brick block, occupied by Mr. Franklin, commisson merchant, Mr. Begg, shoemaker, the Free press office, Mrs. Henderson, dressmaker, King & Ryan, painters, and Mr. Talbot, auctioneer; all of these occupants in the short space of two hours, were rendered houseless. these occupants in the short space of two hours, were rendered houseless. If the Robinson Hall hotel had caught, there is no knowing were the fire would have stopped, but every precaution was used to prevent it, and the flames were staid after the destruction of all this property. We believe that most of the sufferers were insured—we are not able to state at present to what amount.

lieve that most of the sufferers were insured—we are not able to state at present to what amount.

As soon as practicable, the military arrived with their usual promptitude, on such occasions, and rendered assistance by bringing with them two barrack engines; but it was too late to be of any great use, as the flames had made too much headway previous to their arrival. Some of the goods were saved by the different persons, but we are certain the loss must be great.

We must say that there are very bad arrangements in this town in case of fire; our property may be burnt before our eyes without any means to save it—no engine—no supply of water—nothing that can be depended upon, but the exertions of the inhabitants; and without something to work on, their assistance is of very little use to combat with the raging element. We saw plainly from our own window, if an engine shad been on the spot in time, the fire might have been got under. We regret to say that this is the second time the proprietor of the Great Western, Mr. Robertson, has been burned out in the space of six months. A report is current that it was the work of an incendiary. We may glean further particulars relative to it against our next issue.

LIST OF 1 Events

The Harvest. — wheat harvest in the neighbourhood of Chatham may be said to be ended, and a most abundant, full, and complete harvest it is. In the adjoining Townships it is said the general yield will be from thirty to forty bushels to an, acre. Rust, which has been so prevalent during the last ten years, and which was so much dreaded by the farmers this year, has done al most no damage even to the latest sown fields. From every part, from the banks of the River and from the remote settlements and small clearings in the woods, we hear the same glad acknowledgements of the goodness of the donor and the largeness of the gift. The scarcity of hands, in this part of the country, has been much felt this season owing to the fact that almost every man has wheat of his own and plenty of it. The weather during the last week has also been the cause of some delay, but we believe not of any material injury to the cross. Kera delay. but we believe not of any material injury to the crops.—Kenj Advertiser.

The desire of power is excess, caused the angels to fall; the desire of knowledge is excess, caused man to fall; but in charity there is no excess.
