EDMONTON BULLETIN MONDAY, JANUARY 13, 1967. be given towards clearing out the

eive your earnest attention at the proper time. The prospects of this city at the beginning of a year have never appeared so bright as now. In addition to an immense amount of private building, for which preparations are being made, government buildings and railway construction work within the city will call for all available It is our duty, therefore, to be live to the needs of the city at a points, and wherever a need can b inticipated and attended to, the value nhanced. Personally, I believe that before the year is out vevery citizen will have a greater pride than he even ow possesses in his being a citize

of the University City. "Twin Cities Club." I note with the utmost satisfaction e movement towards establishing ne right direction, and in additi uch an organization, it will have the ffect of increasing the cordfal relation hip now existing between the citie

Strathcona and Edmonton. By virtue of the ward system the itizens of all parts now have local presentation in this council. ill no doubt result beneficially what now constitutes wards and 2 did not, to my mind, received ouncil which their requirements ate have demanded. rue is this of ward 1. But while the equirements of the various wards are nany, yet we must be exceedingly areful to see that all moneys are exsended wisely. Retrenchment by way f most careful consideration of moneyered into must be the watchword of his council, I believe this policy

aust be adhered to for the present.

et wise expenditures, commensurate

vith the growth and needs of the city are the highest kind of economy. Amendments to City Charter. One of the first subjects to which we re certain necessary amendments to le city charter, notice for which have een given in the Gazette. Th most mportant of these relate to the secetary-treasurer and the assessor. The city assessor for the ensuing ear should be appointed as soon as possible, in order that he may have night be some information to you for ias about 11,000 lot assessments on he roll, while the city of Edmonton

on is a continuing one, and the ussessor in Edmonton is at work from anuary 1st to December 31st. I believe that you will find it most mportant that immediate steps be aken to secure sufficient gravel for treets and other necessary purposes or the year now when the gravel can be secured and while a large number f teams are idle it can be got cheap.

ias about 13,000 lot assessments on the

The office in the city of Edmon-

of the building of a traffic bridge in conjunction with the projected C.P.R. ridge being found impracticable, I believe the provincial government ould be induced to consider the mater of constructing a bridge at a mo e entral point between the two cities as provincial undertaking.

Automatic Telephone System.

Early last year this city entered in an agreement with the city of Ednonton regarding the extension of the sw automatic system of telephones in At that time it was beeved by both parties to the agreenent that the joint system would be n operation in both cities months ago. nforeseen delays have occurred with ne result that it will still be some me before Edmonton has her own itizens supplied. In the meantime he number of prospective patron ave greatly increased in both cities rith the result, I unders and, that dmonton will at once require greatly necessed plant to meet the require ments of her own citizens. I do no hink that our sister city will regard i is any breach of faith on our part ask to be released from this agree ent. The provincial government has timated its willingness to at once nstall a telephone system here, if trathcona so desires. The governnent rates to users, I have reasons to believt, will be considerably lower han a municipality can afford to give. would respectfully suggest that a pecial committee of this council be at nce appointed to look into this mater and report at next meeting.

Electric Light and Power Administration.

Another question which demands atention is the proper adjusting and for the appointment of two members ystematizing of the electric lighting of the council on the hospital board. nd power administration. Many omplaints from citizns about being ion, I firmly believe that light can be Monday evening. produced much more cheaply than it it was decided that the regular meetings it.
