Wins Musical Degree.

MISS MARY MEANEY.

Fellow of Trinity College of Music Awarded Miss Meaney.

To the Presentation Convent, Cathedral Square, of this city, goes the honor of being the first to have the Degree of Fellow of Trinity College, London, England, granted to one of its musical students. The successful candidate is Miss Mary Meaney, who won the distinction in this summer's examination, which was conducted by the Trinity College of Music Examiners, Mr. Vincent, who in his report to the Board referred in commendatory terms to the ability displayed by Miss Meaney in her rendition of the difficult music which the Degree of Fellowship demands.
 Miss Meaney began her musical training in 1916 at the age of 10, and each successive year passed examinations with honors in each grade, including A.T.C.L. and L.T.C.L. In 1924 concurrently with Licentiate in Music she obtained honors certificates of Senior Associate in the Council of Higher Education Examinations.
 Miss Meaney may well feel proud of the coveted distinction of being the first musical candidate in Newfoundland to win the Degree of Fellowship of Trinity College of Music.
 The Telegram heartily congratulates the talented young lady, her teacher and her parents, Mr. and Mrs. John T. Meaney, on her success.

How to Raise Money.

The Majestic Theatre recently demonstrated the only real way to raise money when they tied dollar bills in gas-inflated balloons and let them soar upwards from their roof. The Strollers in order to raise money for The Child Welfare Association, on the other hand, puncturing the balloon of precedent by running off an Oriental Dance, the like of which has never been seen in St. John's. It will be a sight calculated to restore colour-blind people to normalcy.—Oct 26, 11.

Inspected the "Caribou".

A large number of people visited the steamer Caribou at the Marine Agencies wharf on Saturday afternoon from 3 to 5, all of whom were highly pleased with her qualities as a sea boat. The Caribou hauled up to the dock premises yesterday and will be put in first class condition before leaving on Thursday next to take up the service in the Cabot Straits.

JAMES BAIRD, LTD.

Messrs. James Baird, Ltd. are showing a very distinctive line of hosiery in plain silk and wool and colored cashmere. The designs are of the very latest from the English and Canadian manufacturers. The silk and wool which are the last word in fashion are shown in the booth in fancy checks and stripes and plain colours. They came from the Alpha Knitting Mills of Scotland. The Fair goes are more than pleased with the showy appearance of this booth, and we learn from the management that there has been a big demand for hosiery at their store on Water Street, since the Fair opened. In the rear of the booth is a screen made of Japanese roofing, in colors of yellow and white, and on the main floor is a doll, holding the ruyong open to let the ballet dancer appear. The dancer is attired in a hoop dress, made from silk hosiery, and is one of the chief attractions of the fair.

In connection with the display the firm is running a lucky number competition each night, which is announced at 10 p.m. by Mr. McKay, and the winner has her choice of any pair of hose in the booth.

GEORGE KEARNEY.

This display is equal to any of this description exhibits in any other part of the world. The Christy display of men's hats and caps is practically the same as featured in various world's exhibits, having been awarded the gold and bronze medals. Messrs. Christy and Company have been in business without a break for the past 150 years and are recognized as London's foremost hat manufacturers. The line shown is a complete range of headwear for spring-in: silk, velvet, felt and tweed, tweed caps and straw hats. The exhibit of Jaeger goods is particularly attractive, featuring Ladies' and Children's wear, all wool, and is being shown for a first time in the exhibition. The feature about Jaeger goods is its state of perfection, and the firm's readiness to replace any garment that shrinks.
