

For all the purposes for which a liniment is used, the Allerton is superior to any preparation that the skill of man has yet discovered. As an internal remedy it has never been excelled, owing to its healing balsamic properties in irritations of the mucous membrane of the alimentary canal, air passages and urinary organs, and at the same time exercising a powerful seductive influence upon the nervous centre, thereby subduing pain, allaying morbid excitement and irritability, and imparting a feeling of comfort, ease and tranquility to the whole system. It is conceded to be the greatest pain relieving agent that has ever been offered to the public for the cure of Sprains, Bruises, Pains in the Head, Chest, Side or Back, Pain and Soreness in the bones and Muscles, Rheumatism, Pains and Stiffness in the Joints, Paralysis, Neuralgia, Colic, Cramps, and Pains in the Bowels, Cholera Morbus, Asiatic Cholera, Diarrhoea, Dysentery, and Flux, Tumors, Swelling, Bites and Stings, Corns, Bunions, Ingrowing Nails, Sores, Scanty on the Teeth, Ring Worm, Tetter, Scald Head and Scabby Eruptions of the Skin, Toothache, Quinsey Sore Throat, Diptheria, Burns or Scalds, Frost Bites and Chilblains, Sweated Feet, Gout, Cuts and Wounds, Canker or Sore Mouth, Pleurisy, Coughs, Colds, Inflammations, &c. For sale by E. Harvey & Co., Guelph, and by druggists generally. C. H. Wright & Co., Hamilton, Ont., general agents for British Possessions.

BRIGGS' MODERN CURATIVE FOR CORNS, BUNIONS, INGROWING NAILS, TENDER FEET, &c.—It is the safest and most efficacious remedy ever discovered for the cure and prevention of ailments of the feet. It is not potent or acid, but a soothing, softening and healing ointment warranted not to injure the most delicate foot, but will soon effect a radical cure of these vexatious troubles of the human family. There is no remedy equal to an operation by a skillful chiropodist. When this is not convenient, BRIGGS' MODERN CURATIVE comes as an angel of mercy. Sold by E. Harvey & Co. and druggists generally. C. H. Wright & Co., Hamilton, agents for British Possessions.

THE SILVER NUISANCE.—The New York Tribune of Monday says that if the Canadians will hold on to American silver a little longer, a market will be found for it in the States, and the expense of shipping it to Europe saved. Very doubtful, Mr. Greeley.

THE WATCH FACTORY AT WALTHAM, MASS.

Every sixth minute in the working day a finished watch movement is the average production of the above Factory. Yet, at this enormous rate of manufacture, the Company can but barely supply the demand. They have already produced almost

HALF A MILLION OF WATCHES,

most of which are now in the pockets of the people, testifying to their superior merits as time-keepers. They are now almost exclusively used on

ALL THE LEADING RAILWAYS.

Where they are found to run with perfect accuracy, in spite of the constant jar, which so much affects ordinary watches.

SHIP CAPTAINS and other officers, who are frequently absent on long voyages, prefer THE AMERICANS WATCH to any other, as they are fully proof against being regulated by climate, and do not require frequent re-gearing. The story of the twenty-five dollar "Elroy" watch that was carried five years by a soldier in the Army of the Potomac, and that varied one minute and a half in that time, WITHOUT CARE OR CLEANING, could hardly be told of any other watch of the price that ever was made.

TO LUMBERMEN these watches are of great value, not being liable to stop or get out of repair during their months of absence from home. They are admirably

ADAPTED FOR PRESENTATION.

as the movements are not only reliable, but the cases in gold are rich and handsome and of guaranteed fitness. Thousands of these watches are now worn in Canada—every day they are becoming more popular. Very soon they will be the only watches sold in any quantity in the Dominion. Buyers should always require the guarantee of the Company with each watch, to avoid being imposed upon by spurious Swiss imitations. These watches may be ordered through any Jeweller in the Dominion in gold or silver cases, for ladies or gentlemen; or in districts where there are no watchmakers, we supply them to general merchants by the dozen. To the wearer they are the cheapest watches in the world.
