LOCAL INTELLIGENCE.

Friday, Oct. 20.

METROCHOSIN ELECTION.—The nomination of candidates for the representation of Esquimalt and Metochosin Districts will take place this forenoon at 11 o'clock at Craigflower.

THE QUEEN CHARLOTTE COAL TESTED.—Yesterday a most successful testing of cylinders, hawes pipes, wheels, furnace front, &c., was made at the Wait foundry on Store street, recently opened by Messrs. Lamont and Morton, Machinists.

"BRITISH COLUMBIAN."—We omitted to mention in our last issue that Mr. J. R. McMillan, formerly one of the proprietors and editor of the Chronicle, has purchased a half interest in the British Columbian newspaper published semi-weekly at New Westminster, and the business of the establishment will be carried on under the style of Robson & McMillan.

FROM NANAIMO.—The steamer Emily Harris, Captain Chambers, arrived last evening with seven passengers and fifteen tons of hay. The Devastation was to leave yesterday for Esquimalt. The steamer Thames having the ship Bergeia in tow put into Nanaimo at Wednesday for coal having run short; the steamer Sir James Douglas left for New Westminster at 6 a.m. yesterday; the bark Riviere had taken on board 750 tons coal.

THE RIFLE TOURNAMENT.—A subscription list is now in circulation for the purchase of the Victoria Shield and the other prizes to be competed for at the coming rifle tournament. It has been decided not to fix the day or conclude the arrangements until the return of Admiral Denman from his cruise.

Saturday, Oct. 21. H.M.S. BEAVER, Captain Pender, returned yesterday afternoon from her surveying expedition to the north. She left Burrard Inlet in the morning, at which time the Sutlej and Olio were getting up steam to proceed to Nanaimo to coal. The Sutlej will return to Esquimalt on Wednesday or Thursday next, but the Olio will remain cruising for two or three weeks. Owing to the number of ships waiting their turn for coal at Nanaimo it is doubtful whether the ships of war can be supplied, unless the demand is made imperative. The Beaver, we learn, has a part of the remains of the murderer Antoine on board, and also his boat.

REPORTED DISCOVERIES OF COAL AND GOLD.—From Mr. L. S. O'Brien, from Shawinigan, we learn that two officers belonging to the British camp at San Juan Island went to Kekaslah river to hunt, and finding the country very rough, returned and went up the Cowichan river to Somenos village, thence to Drinkwater's and Mount Prevost. They sent back two Indians to Somenos for provisions, and these Indians report that the officers have found coal on the north side of Mount Prevost, and a gold quartz ledge in a slate formation, thought to be rich.

FROM SAN FRANCISCO.—The bark Emily Banning, Captain Wells, was towed into the harbor yesterday afternoon from Albert Head 17 days from San Francisco. She brings four passengers and a cargo of flour, grain, provisions, groceries and sundry merchandise, valued at \$18,700. She experienced calm, and in the Straits thick weather. She is now discharging at the Company's wharf.

FLOUR AND GRAIN.—A considerable augmentation to stocks of the above articles of produce was received yesterday by the bark Emily Banning from San Francisco, consisting of 6195 quarter-sacks and 1080 half-sacks flour, 338 sacks barley, besides wheat and oats.

THE COAL SUPPLY.—In order to meet the increased demand for Nanaimo coal, we understand that the Vancouver Coal Company are boring with a view to sinking another shaft in the vicinity of the Douglas pit.

FOR NEW WESTMINSTER.—The steamer Olio left yesterday morning for New Westminster with a few passengers and about 50 tons of freight.

H.M.S. Devastation arrived yesterday forenoon at Esquimalt from Nanaimo.

Monday, Oct. 23.

AN OUTRAGEOUS PROCEEDING.—On Friday afternoon the entire community was startled by a most malicious canard circulated by some wicked and designing persons affecting the credit of the Bank of British Columbia, and so swiftly did the report gain currency that small traders, Chinamen and others holding notes of that bank were rushing round endeavoring to pass them away at a discount. Although it was well known in commercial circles that the rumor was wholly without foundation, the opportunity could not be missed by our unscrupulous morning contemporary, the Chronicle, for fanning the flame by adding to the ill-begotten excitement. As a natural consequence a rush was made upon the bank during the next forenoon, but the prompt manner in which the demands were met and the sight of some \$100,000 in coin upon the counters restored confidence before the bank had been called upon to redeem more than \$12,000 or \$14,000. Efforts are being made to discover the source of the scandalous rumor, and we hope they may be successful; for had the infamous attempt succeeded in obstructing the operations of the bank, it would have paralysed the commerce of this city to an extent beyond calculation. The design happily had the opposite effect of creating increased confidence in this institution, which we have reason for stating was never in a more flourishing condition than at present, and is doubly able to withstand the most formidable rush that could be made on its exchequer.

CONFIRMATION SERVICE.—Yesterday afternoon, at three o'clock, eighteen ladies, two of whom were married and the rest young girls, and about twenty young gentlemen, mostly officers and seamen belonging to H.M.S. Sutlej, were confirmed at St. John's Church by the Right Rev. Bishop Hills, assisted by the Ven. Archdeacon Gilson, the Rev. E. Oridge, Rev. T. C. Woods, and Rev. Mr. Reeds. At the appointed hour the spacious church was densely crowded, service commencing with a hymn by the united choirs of Christ and St. John's churches. The Rev. E. Oridge having read the prayers proper to the occasion, the Bishop delivered an exhortation from 2d St. Peter, 3d chap., ver. 18: "But grow in grace and in the knowledge of our Lord and Saviour Jesus Christ," in which he defined the meaning and traced the divine origin of the service, impressing upon his youthful hearers the solemn obligations which it involved. The "laying on of hands" was then performed, his lordship both before and after this service offering a few words of counsel to those who appeared before him on the christian duties and responsibilities that they were assuming.

FEMALE INFIRMARY CONCERT.—A number of musical persons met by invitation on Saturday, at Government House, to arrange preliminaries for the concert in aid of the funds of the Female Infirmary. A committee was named to whom was entrusted the selection of pieces, vocal and instrumental, as well as the choice of performers. A most attractive programme has been framed, and the concert, which it was decided should take place on Saturday afternoon, November 4th, in the fine ball room at the Government House, will no doubt be the most successful entertainment of the kind ever given in this city, as the goodness of the object will be the means of calling forth much latent talent that the general public would not otherwise have the advantage of hearing. His Excellency and his aimable family received the company with the greatest cordiality and hospitality, and the use of the room was offered to all who desired to practice in it. A full rehearsal of the pieces will take place at the Government House, on Tuesday week.

THE STEAMER ACTIVE arrived on Saturday morning, having met with detention at the Columbia river through thick weather. She brought twenty-seven passengers, seventy-four United States soldiers, and about sixty tons of freight, being still prohibited from re-shipping the English express goods that are accumulating below. The Active left yesterday morning to land the troops at Stellacoomb, W. T., and will probably leave Victoria for the Columbia river on Wednesday. The express will close on Tuesday evening.

THE REV. T. SUMMERSVILLE, who was injured on Friday by being thrown while in the act of dismounting from his horse at Belmont, is still confined to his bed, his foot being badly sprained. He will probably be unable to leave his room for some days. The Rev. Mr. Browning yesterday occupied the pulpit of the Presbyterian church.

NAVAL.—H. M. S. Devastation, after the arrival of the Active on Saturday morning, proceeded to Nanaimo with despatches for Admiral Denman, but met the Sutlej half way, and both ships returned to Esquimalt in the evening.

NEUTRALITY IN MEXICAN AFFAIRS.—It is stated that the United States Government has taken no recent action, nor is it believed any is contemplated inconsistent with the policy heretofore declared—the maintenance of absolute neutrality between the belligerents in Mexico.

A JEWEL. Sozonopt Purifies, Sozonopt Beautifies, Sozonopt Gratifies. All who use it.

Per steam ACTIVE, from Astoria.—Rev. G. Willard, E. Tracy, Rev. J. Harris, D.D. Moses and wife, Miss V. Birnie, Miss C. Birnie, Mrs. Hernandez and 3 children, W. Kohl, Mitchell, M. Beene, Newlove, Kenney, H. Buckle, Conner, Harper, P. Erickson, A. Erickson, J. Champion, Mr. Allen, Deane, C. Cleal; also Col. Ross and wife, Lieut. Kistler and 74 U.S. soldiers for Fort Stellaecoom, Washington Territory.

WEEKLY BRITISH COLOST.

CANADIAN SUMMARY.

[DATES TO THE 15TH SEPTEMBER.]

The Government hope to be able to close up the business of the session and prorogue this week.

The steam ship Himalaya had arrived, with detachments for different regiments stationed in this Province. A draft of about 300 men landed for the 1st Battalion P. C. O. Rifles, also, a small draft for the 7th Fusiliers.

Gen. John C. Breckenridge, one of the leaders of the Southern rebellion, was a passenger out by the Hibernian. He proceeded to Montreal on the 11th by railway.

One thousand graduates of the Military Schools have replied to the circular from the Adjutant General's office, that they would go into camp at Montreal on the 16th, for instruction. It is expected that fully 1200 will be present. It will be a decided success.

Hon. Mr. Shea, a member of the Newfoundland Cabinet, arrived on the 12th, per steamer St. Lawrence, of the London line, from St. John via Halifax. He comes to represent Newfoundland in the Confederate Council, at the meeting called for the 14th instant. He sat in the convention here last fall.

A Quebec journal publishes a rumor that the Hon. W. McDougall, Provincial Secretary, is to retire from the Cabinet, and become collector of Montreal. It is needless to say that the rumor is utterly without foundation.

The railway contest being over, Mr. Irving, Solicitor of the Great Western west went to-night, and Mr. Brydges proceeded to Montreal.

Colorado Jewett arrived to-day en route for Europe per steamer Peruvian, having as valet a mulatto lately in the service of ex-President Davis. Mr. Jewett says there is no peace in the American Republic yet, and that a great patriotic party is required to compose the difficulties between North and South. Mr. Beverly Tucker and Mr. George N. Saunders, two well known Confederates, arrived to-day.

General Breckenridge, after proceeding to Toronto, will, it is said, take up his residence at Montreal.

Business in Canada is greatly improving. Clerks in wholesale houses in Montreal after midnight. Orders for more goods are being sent by every English mail.

The Provincial exhibition in Montreal promises to far surpass any yet held.

Owing to the river St. Lawrence being so low, Upper Canada boats do not run the rapids. They frequently touch ground.

A man named Samuel McDowell, a resident of West Nisouri, near London, recently murdered his brother John, in a drunken fight.

A DISTINGUISHED HONOUR.—M. Bosaige, well known in French Canadian literary circles, has been created a knight of the Legion of Honour by the Emperor Napoleon III.

COMMERCIAL.

The schooner Discovery brought 60 tons of granite from Thetis Island to Mr. Bell, contractor.

The schooners Maltida and Anna from Cowichan with 65 M. feet lumber to W. P. Sayward.

FROM SAN JUAN.—The sloop Thorndyke arrived last evening from San Juan with 10 tons of oats and peas.

HOLLOWAY'S OINTMENT AND PILLS are an infallible remedy for bad legs, and all kinds of wounds. The surprising sale of these invaluable medicines, in every part of the civilized world, is the most convincing proof of their efficacy. They speedily cure bad legs, old wounds, scrofula, and diseases of the skin. Thousands of persons suffering from these dreadful maladies have been cured by these medicines, after every other means had failed; and it is a fact, beyond all doubt, that here is no case, however obstinate, or however long standing, but may be quickly relieved, and ultimately cured, by these wonderful medicines. Their united action is irresistible. More need not be said in their praise. Let those who doubt their excellence give them a trial.
