ELECTION CHAFF

AND THUS HE MUSED.

To be or not to be; that is the question. Yesterday I wanted to be a Senator, to-day I want to be an M. P. But in the immortalized words of a great "General" I have a dim recollection that some other person promised me a vote. I can't think who it was, but I believe it was Arthur LeBlanc.

FOR SALE AT A BARGAIN.—A house and lot in the city of Campbellton would have been a good buy for me, in fact Restigouche owes its place on the map to me, and why shouldn't I have my choice of these positions. But the question of the votes. My there's the rub, but I've got the votes. I'll get my own and belittle for a "pound" in aid of Hotel Allies, but how about Davies? And Dieu Hospital on "Pound Day", Fri-then whose next—LaB. ought to vote day, Nov. 18th.

TRAPPERS ARE TO BE LOOKED AFTER

To Prevent Illegal Sending of Furs Out of This Province.

Fredericton, Nov. 15.—In view of the number of reports reaching the chief game warden regarding the custom of resident trappers of the province smuggling furs across the line for sale in the State of Maine, it has been decided by the game authorities of Maine and New Brunswick to co-operate in suppressing this practice. The game laws of New Brunswick provide a penalty of \$100 or thirty days' jail for convictions under this section when resident trappers smuggle furs which have had no royalty paid on them and for which no license has been taken on.

DEATH OF W. D. DUNCAN

Prominent Citizen Passes Away Monday Evening After Short Illness.

Tuesday morning citizens generally were grieved to learn of the death of W. D. Duncan, Esq., which took place about 9 o'clock Monday evening. Although Mr. Duncan had been ill since last March it was not until a few days ago that a serious turn for the worse was noticed.

The deceased who was in his 63rd year, was one of Campbellton's most honored citizens, always having the interests of our town at heart, and devoted much of his time to its advancement.

He was born at Glencoe, Restigouche Co., and spent his boyhood days there. Some twenty years ago he purchased what is known as Long Island, which he has successfully farmed since taking it over. While at Flatlands Mr. Duncan was a member of the Board of School Trustees for that district. For years he held the office of Justice of the Peace, and shortly after the death of the late W. A. Trueman was appointed Stipendiary Magistrate for the County of Restigouche, which position he held up until a year ago. In both these offices he gave good satisfaction. He was a consistent member of St. Andrew's Presbyterian Church holding the responsible position of elder. Several years ago he represented Ward III at the Town Council Board, and at the time of his death represented the Parish of Addington at the County Council Board, having been returned by acclamation in September last, this being his second term at that Board.

He was also an active member of the Campbellton Board of Trade and as a member of that organization was generally appointed a delegate to interview the governments upon all important matters in which this district was interested.

He was pre-deceased by his wife some six years ago, and leaves to mourn the loss of a kind and devoted father, one daughter, Margaret, and two sons Melville and Balfour. He is also survived by two sisters one in the West, and Miss Nellie Duncan of Campbellton, to whom the heartfelt sympathy of the community is extended in the great loss they have been called upon to bear.

The funeral will be held this afternoon from his late residence.

OBITUARY.

Mrs. Catherine E. Betts. Mrs. Catherine E. Betts, wife of Mr. Mason E. Betts, Manager for The Lounsbury Company here, died at an early hour on Monday morning, 14th inst., of heart disease, in the 38th year of her age, leaving a husband and three children—Doris, Lillian and Eric—to mourn the loss of an amiable and affectionate wife and mother.

Although a patient sufferer for many years, Mrs. Betts was untiring in her devotion to her family and her household duties up to within a few hours of her death and the news of her sudden passing comes as a severe shock to the whole community. Of her it can be said truly that she was "A Mother in Israel." Her practical Christian character is firmly reflected in her many acts of charity, so ungrudgingly bestowed on every occasion where necessity demanded. She always manifested a deep interest in every good and noble work that tended towards the elevation of mankind. Her children will keenly miss her motherly affection and Christian example and the community in which she lived will be the poorer through her early demise.

The funeral was held Wednesday afternoon and was very largely attended. Besides a large concourse of friends, there were representatives of

HOW IT WORKS UNDER MEIGHEN

A Fine Example of How Canadian Business Is Being Depressed.

(St. John Telegraph).

To the Editor of the Telegraph: Sir—So far, I have been indifferent to the political situation, but I had an experience to-day, which I consider an injustice and I propose to lay it before the public for consideration. Thus I decided to buy a little plant for domestic comfort, and wanted to find out what it would cost me. I asked the agent for the same if I could not buy a Canadian plant and save exchange and duty. He told me he could sell me a Canadian or an American plant. He being a friend of mine, said buy the American, you will get better satisfaction. I said I will have to pay exchange and duty. He said there is nothing in that. The Canadian is up to the same price with duty added as the American. I next called on the man re fixtures. He advised me to buy American. "They are cheaper than Canadian, although the duty of seventy per cent is added," he said. I went to the customs house and asked them what it would cost me to bring into St. John this plant. This is the answer:

Cost of plant in U. S. \$500. They add exchange at nine per cent, \$45, a total of \$545. Then they add duty on plant 27 1/2%, also on exchange, \$149.87 or \$694.87 in all. Then the Government adds on sales tax and duty a four per cent exchange tax or \$27.79, a total of \$722.66. In all the plant cost \$500. The Government takes from me \$222.66 making a total of \$722.66. The freight is not here.

We don't want free trade. We have to have a revenue and also to foster our industries, but this I think is prohibitive, not protection.

This is said with no bias, and I ask any fair minded voter "do we want the taxes revised?" Before this I was doubtful how I would cast my vote, I have no doubt now.

Thanking you for space.

Mrs. Alexander Love. Mrs. Love, wife of Mr. Alexander Love died on Monday night, the 14th inst., from an attack of paralysis which commenced on the Wednesday previously.

JAMES MURDOCK MAKES CHAIR

Declared Board of Commerce Was Interfered With in Duties.

Port Credit, Ont., Nov. 12.—Answering the challenge that he make public officials who he had said had used their influence to prevent the Board of Commerce from "hacking alleged Canadian profiteers," James Murdock, former member of the board, at the public meeting here last night in the interests of W. J. Lowe, Liberal candidate for Peel county, named Right Hon. George E. Foster, Hon. C. J. Doherty, Hon. C. C. Ballantyne and Hon. James Calder.

He also asserted that Premier Meighen, while a member of the Unionist cabinet in 1918, 1919 and 1920, was "somewhat connected with the tragedy" of the Board of Commerce being prevented from properly functioning.

On Dec. 19, 1919, Mr. Murdock declared, a cabinet minister gave him a fatherly sort of talk for about an hour and a half to the effect that as a member of the Board of Commerce he must be careful not to hurt the big interests. This was the Minister of Justice. Mr. Murdock said he was given this advice in a "nice way, indeed."

"There is one gentleman who has done more than any other in preventing the people of Canada getting a square deal, as I saw it, and that is Right Hon. George E. Foster," said Mr. Murdock.

Although a kindly gentleman, who would not harm anyone in Canada individually, he declared, Mr. Foster "had the greatest disregard for the interests of the public of any member of the present or any other government."

SAYS EVERYBODY WAS FOOLED

Except the Cabinet—Mr. Murdock Making it Interesting.

Toronto, Nov. 16.—"Everybody was fooled into the belief that there was going to be something doing, but the Cabinet of Canada knew otherwise. Why the advice of a Minister of the Crown was that the Board of Commerce was intended to increase prices instead of decreasing them. The interests knew that with that dose of chloroform handed to the people they were free to go as far as they liked and get all that they could and they proceeded to do it," declared James Murdock at Kenwood Hall last night, in returning to the charge against the Meighen Government for appointing the Board of Commerce and then preventing the Board from functioning.

Sir George Foster, Hon. C. J. Doherty, Hon. C. C. Ballantyne, Sir Henry Drayton and Hon. Arthur Meighen were singled out as some of those who placed their influence between the people of Canada and lower prices and gave power to their monied friends to dep the Board and to proceed with their plundering of the purses of the public.

ROCK SLIDE.

A large rock slide, with the rumble of an earthquake disturbed residents of Campbellton about 8.30 last evening. A large section of overhanging rock on the north side of Sugarloaf near the top, fell, carrying down much loose rock. Those who saw it said the friction of falling stone was so great that fire shot out on all sides. Some citizens thought it was an earthquake.
