

SIXTH YEAR

CHOLERA IN G.T. BRITAIN

A SEVERE CASE OCCURS ON THE MERSEY

Seven Deaths at Gibraltar—A Threat to Stop the Supplies of the Garrison and People—The Number of Cases Increases

LONDON, Aug. 21.—A girl 7 years of age at Wigan, on the Mersey, to-day, died of cholera.

TORONTO, Aug. 21.—Two new cases of cholera and one death from disease were reported here yesterday.

Quarantine on vessels arriving from Portugal has been abolished. The troops are in excellent health, and no cases of cholera have been reported for several days.

The seven deaths from cholera at Gibraltar up to date are all within the Spanish lines. The government of Gibraltar is about to impose two days' quarantine against arrivals from the country. It is reported that if this is done, the Spaniards in spite of the opposition of their government will continue to bring Gibraltar off from all supplies from the town.

MADRID, Aug. 21.—Throughout Spain yesterday there were 510 new cases of cholera and 1644 deaths.

The excitement among the people of the Canary islands caused by a few deaths of cholera has become a panic. The new refuse to permit any persons from Spain to land.

They made an exception in favor of the new governor and allowed him to come ashore but received him with riotous demonstrations and threw stones at him.

The local authorities have resigned, and many people have fled to other parts of the island in fear of the approach of the scourge. To-day soldiers occupy the streets and all the public buildings.

ROTTERDAM, Aug. 21.—There were 25 deaths here from cholera during last night.

SPAIN VERY WEAK

Over Germany's Annexation of the Car. lines.

MADRID, Aug. 21.—The reply of Germany to Spain's protest in reference to the former's annexation of the Caroline islands has been received by the government here.

It is concluded in this regard and is the German government offers to submit the claims of Spain to the Caroline to a fair examination. It is reported here that no Spanish warships have occupied Yap, the chief island of the Caroline group.

The feeling in Madrid against Germany because of her assumption of the possession of the islands is no bitter as to cause alarm. At a meeting of the geographical society last night various members made speeches in denunciation of the action of Germany. Their remarks were received with applause. Fears are entertained that a hostile demonstration will be made against the German warships and in consequence a body of policemen has been detailed to guard that building.

A patriotic address has been given by the Caroline islands will, it is expected, be made here next Sunday.

The irritation of the people increases hourly. The official press is more indignant over the seizure of the Caroline islands than the opposition press. Count Von Solms-Sonnenwalde, the German ambassador to Spain, now abstains from visiting the theatres and avoiding the German clubs and places of amusement. It is semi-officially stated that the government intends to repeat the German ultimatum to Spain unless Germany abandons her claim to the Caroline.

Spain's protest in reference to the Spanish African society to-day denounced Germany for trespassing upon Spanish rights. The society has demanded that Spain take energetic action against German occupation of the Caroline islands.

Bismarck's reply to the German protest is considered evasive and unsatisfactory, although he professes to be willing to submit Spain's claims to the examination of arbitrators.

ALMOST AN ENGAGEMENT

Narrow Avoidance of a Conflict Between Russian and Afghan.

LONDON, Aug. 21.—A dispatch from Meledai, says that a collision between Russian and Afghan posts nearly occurred on the 19th inst. at Karatepe, eighteen miles from Chamanai Bad. Some Russian troops, the dispatch says, approached Karatepe and the Afghan troops there stood to their arms. The Russian officer when he saw this ordered the troops to remain where they were and he was shot and severely wounded by the accidental discharge of one of his weapons. Before the nature of the case was known, the Russian commander considered extreme and confusion, which, however, subsided as soon as the truth was known. The Afghan commander then received an order from Herat to let them go. During the detention the Afghans treated the wounded Russian officer with great kindness. The Tariff on Telegrams.

BERLIN, Aug. 21.—The international telegraph conference has approved of a proposal embodying a modification of the German proposal to which was rejected yesterday. The latter called for a uniform rate of four or five cents per word for telegrams sent to and from places within Europe. The proposition now approved is for a uniform tariff on telegrams between terminal points which in Europe and from points outside, but at rates considerably higher than those advocated by the German chancellor. Germany's efforts, however, to have cable tariffs to other countries beyond Europe, especially to India, China and Australia, materially retarded the progress of the conference.

A MILLIONAIRE MURDERER

The Marquis Demore Kills a Cowboy on His Return to Little Missouri.

BISMARCK, Dak., Aug. 21.—The Marquis Demore, a millionaire cattle man, has been indicted on a charge of murder by the grand jury. The charge has been hanging over him for more than two years. When the marquis first settled in the bad lands he fenced in a large tract. The cowboys objected and bad blood was engendered. While in Bismarck one day the marquis received a despatch warning him against the cowboys, who had threatened to kill him on his return to Little Missouri. He returned, but stepped from the north side of the train, while the cowboys awaited his arrival in the south side. He succeeded in getting home but the cowboys surrounded his premises. The marquis and two friends crept through the woods to safe shelter and awaited their opportunity, when the three fired. One of the shots killed one of the cowboys. It is known who shot him but the marquis was arrested, given a hearing and discharged. The Marquis De More is a son-in-law of Baron Von Hoffman of Wall street.

AN EXTRAORDINARY OCCURRENCE

The Figure of a Cross and a Child on a Child's Bustal Cloth.

ALBANY, N.Y., Aug. 21.—Considerable excitement was caused in Albany by a strange sight at the residence of Mrs. Thos. Wood, whose infant child died Wednesday. When the undertaker was preparing the body one of the party suddenly exclaimed that the figure of a cross and a child could be seen on the white cloth that covered the child's face. The others looked and saw. Wood went out and people began to flock to the house to see the wonder. The undertaker refused to keep back the throng. The cloth was frequently wet with water, but the witness figures would not out. The spots where the cross and child were outlined bare a glistening white shade than the remainder of the cloth when it was wet. About noon yesterday the shadow disappeared.

Comfort for Whisky-Drinkers.

Beer is more dangerous than whisky. That is the verdict of the Scientific American, which sets forth that the use of beer is found to produce a species of degeneration of all the organs; profuse and disordered secretions, diminished circulation, conditions of congestion and perversion of functional activities, local inflammations of both the liver and kidneys, are constantly present. A slight injury, a severe cold, or a shock to the body or mind, will commonly provoke acute disease ending fatally in a beer-drinker.

"You just be it. He is as much as said so yesterday."

"What did he say?"

"He said that he was a scholar, was like me. He would shut up school and go home. He meant that I know all there is to be learned, and that he can't teach me anything more."
