In addition to the usual resume for the year prepared by Mr. St. Dennis, the blue book will this year contain a monograph on crime in Canada prepared by George Johnson. Increasinger winker is plear winkes, the greatest wilkes site, and is the sire of seventy-three with records from 2.114 to 2.30.
SIR WILLIAMS' dam, Sadie L, is a full sister to Nelson, 2.10. Her sire, Young Rolf, sired Nelson, 2.10; Aubine, 2.194, and others with records better than 2.30.
GRETC'HEN, by Gideon, produced Nelson, 2.10; Edna, 2.24; Sadie L, and other fast ones. It is needless to tabulate the list of producing sires and dams with which this fine young horse stands connected, as they are too well known to require further tracing back. SIR WILLIAM is a dark hay, foaled 1887, bred at Maple Grove Farm, Auburn, Maine. He is very symmetrical and highly finished, with plenty of substance; this, with his very speedy conformation, gives assurance that he will not only be fast, but that he possesses the power of his ancestors to transmit their good qualities to their offspring, as his colts are beginning to prove. It will be observed that he carries the same per cent of the producing blood that produced Nelson as if he were a son of that noted horse. That, combined with the blood of Messenger Wilkes, 2.23, makes him a very desirable young horse to breadto. In 1891, as neight-gear-old, at the medicing of the New England Trotting Neeting at Mystic Park, Messenger Wilkes obtained his second of 2.23.
