

speech was made by Mr. McTavish. I finished taking an inventory of the new imported goods, and arranging the garret. Men all at work, excepting the sick; five Islanders are also laid up. The remainder of the coal was taken out of the shallop, which has finished unloading the ship, and we are anxious to see her over here, but the captain is backward in coming. He found $2\frac{1}{2}$ fathoms yesterday by the lower channel, at almost low water, and the Isaac Todd draws only two fathoms.

May 21st. Coniah and other Clatsops brought back some of our stolen things. We clothed the chief, and gave him a writing in lieu of the American one, which I threw in the fire before him. Finished examining the goods, arranging the garret, etc. Now all is in readiness and order, and a bedstead put up. The longboat came over under sail with a letter from Captain Smith, saying he could not bring the ship, there being only 13 to 18 feet of water at half-tide for $2\frac{1}{2}$ miles, and the ship drawing 13 feet aft and $12\frac{1}{2}$ feet forward. There had been a misunderstanding on board the ship with Mr. McKay, regarding the bread given out

gingham shirt, B. C. trousers, 2 heads of leaf tobacco, an iron blade, $\frac{1}{2}$ pint of powder, and 20 balls. Coalpo also rejoiced in a cloth jacket, cap and feather, B. C. trousers, blanket of $2\frac{1}{2}$ feet, 3-lb. bar of iron, $\frac{1}{4}$ lb. of vermilion, 1 scalper, 1 folder, P. C. glass, 2 loaves of bread, 1 bottle of molasses, but only 1 bottle of rum.

Folio 1635 also has some memoranda of time lost through sickness by several men—William Canning, Louis Le Barte (or La Barthe), Étienne Lussier, La Plante, and Masson.

Folios 1636 and 1637 are the bill of lading of the brigade of 10 canoes which left Fort George Apr. 4th, and have been used at that date, which see.

Folios 1638-42, ending the Henry MSS., are dated Montreal, Feb. 20th, 1824, and consist of George Coventry's "Remarks on Mr. Henry's Travels by a Friend thinking it ought to be printed for the information of the whole human race"—an opinion in which the publisher and editor concur—*IMPRIMATUR*.

The authenticity of the manuscript used is attested as follows:

Certified a true and faithful copy of the copy of Henry's Journal, in the Library of Parliament, Ottawa, Canada.
