

THE NEW BRANTFORD FANNING MILL, WITH BAGGING ATTACHMENT.

Something
New.

With this attachment on our mills the grain is cleaned and put in bags at the same time.

It saves grain, because it is not allowed to get on the floor.

It saves labor, because it takes less hands to do the work.

It is a splendid thing when one has no help.

It does not take up much more room than without it, and can be taken through the same sized doorway without removing it.

It can be taken off in one minute or put on in the same time.

It will clean and bag up from 60 to 120 bushel per hour. For price and further information write to
