

We supply  
both  
Serum and  
Globulins

THOUSANDS of physicians use no other diphtheria antitoxin than the old "stand-by"—

Parke, Davis & Co.'s  
Antidiphtheric Serum.

Other thousands are using the newer product—

Parke, Davis & Co.'s  
Antidiphtheric Globulins

(the globulins of antidiphtheric serum; more concentrated than the regular serum; smaller package per given number of units).

Both Serum and Globulins are prepared with scrupulous care. Both are rigidly tested, bacteriologically and physiologically. Both are of assured purity, potency and uniformity.

#### PISTON-SYRINGE CONTAINERS.

500, 1000, 2000, 3000, 4000 and 5000 units.

NOTE.—We also supply Antidiphtheric Globulins, Dry—the globulins of antidiphtheric serum precipitated, purified and dried—a highly concentrated antitoxin that remains permanent indefinitely. Bulbs of 3000 units.

Write for Illustrated Brochure on "Serums and Vaccines."
