

REPORTS FROM INDIA.

Miss Hebron's letter, published in this number, enclosed four very satisfactory reports of girls supported by Canadian Schools at Calcutta. The names are as follows:

Esther Munno and Hannah Tooney supported by St. Andrew's Church Sabbath School of Kingston; Ruth Iona supported by the Portsmouth Branch of the same school; and Mary Hamilton supported by the School of St. Andrew's Church at Hamilton.

The reports are full of encouragement, and show a marked improvement during the past six months, which must be very gratifying to the supporters of the orphans.

For the information of our readers we copy one of the documents:

FRANCES HEBRON,
Orphanage, Calcutta.

We trust those schools, who have not yet heard of the appropriation of orphans, will wait patiently until the effects of the present mutiny have so far subsided, as to allow the numbers in the orphanages to be increased. Mr. Paton has pressed the matter strongly upon the attention of the Committee in Edinburgh, as well as upon those in charge of the Institutions at Calcutta, Madras, and Bombay, and hopes soon to learn that the appropriations have been made.
